The Gnostics The New Versions And The Deity Of Ch:

The Gnostics, the New Versions and the Deity of Christ Jay P. Green, Sr., George Whitefield, 2000-07 If Jesus Christ is not God of the same essence with God the Father and God the Holy Spirit having all the attributes of the Trinity while on earth as well as while He reigned in Heaven then we of all men are most miserable And how do we know that He is and always has been God from eternity It is written in the Holy Scriptures But what if the version of the Bible we read is ambivalent in one place saying He is co equal with God and in another place denying Him one or more of the attributes that are essential to God Read this book and you will see that all but three of the new versions are guilty of denying Christ s goodness sinlessness omnipresence omniscience omnipotence and a dozen more of the attributes of God You will see it written in black and white with exact quotations from eight of the new versions This important challenge to the trend so evident in the new versions the despising of the words God breathed out through the prophets and apostles and the mixing in of the corrupt wisdom of men ought to be supported by every one of you who love God and His Word as HB wrote it

Differences Between Bible Versions: Third Edition Gary F. Zeolla, 2012-04-18 This book answers such questions as Why do Bible versions differ Why does the same verse read differently in different versions Why do some versions contain words phrases and even entire verses that other versions omit Which Bible versions are most reliable This book contains extensive discussions on why the author believes either a literal or a formal equivalence word for word translation principle is the best method to use for translating the Bible These principles of translating are contrasted with the dynamic equivalence phrase for phrase and paraphrase methods seen in many modern Bible versions This book includes detailed discussions on why the author believes the Majority Text is the most accurate of the three Greek texts used in Bible translation This book also contains an extended section critiquing the claims of KJV onlyists In addressing these various issues Differences Between Bible Versions compares forty different versions of the Bible

God And His Coexistent Relations To The Universe: George D. Shollenberger, 2014 The author says that the social contract theory of John Locke the immortal souls of humans and doubts of the divinity of Jesus by Ben Franklin Thomas Jefferson and John Adams caused the separation of the U S colonists from England on July 4 1776 However the author says that the USA has lost its God and has no facts about the universe in which we live He also says that Locke s social contract theory and the immortal souls of humans were never installed by Congress

And he says that the doubts of the divinity of Jesus were never verified In his new book the author opens his widely respected mind to find answers to the above unknowns In his studies of the immortal souls the author concludes that all nations must become equal so that the immortal souls of every Little God can be reborn naturally by God His study provides answers of all doubts about the divinity of Jesus and says that only one active God exists and governs the immortal souls and the universe forever In time only one religion will exist *The New Testament, in an Improved Version, Upon the Basis of Archbishop Newcome's New Translation: with a Corrected Text, and Notes Critical and Explanatory.
