The Handbook Of Political Communication

JG Myers

The Handbook Of Political Communication:

The SAGE Handbook of Political Communication Holli A Semetko, Margaret Scammell, 2012-07-15 This authoritative and comprehensive survey of political communication draws together a team of the world's leading scholars to provide a state of the art review that sets the agenda for future study. It is divided into five sections. Part One explores the macro level influences on political communication such as the media industry, new media technology and political systems. Part Two takes a grassroots perspective of the influences of social networks, real and online, on political communication. Part Three discusses methodological advances in political communication research. Part Four focuses on power and how it is conceptualized in political communication. Part Five provides an international, regional and comparative understanding of political communication in its various contexts. The SAGE Handbook of Political Communication is an essential benchmark publication for advanced students, researchers and practitioners in the fields of politics, media and communication, sociology and research methods.

The Oxford Handbook of Political Communication Kate Kenski, Kathleen Hall Jamieson, 2017-06-23 Since its development shaped by the turmoil of the World Wars and suspicion of new technologies such as film and radio, political communication has become a hybrid field largely devoted to connecting the dots among political rhetoric, politicians and leaders, voters' opinions and media exposure to better understand how any one aspect can affect the others. In The Oxford Handbook of Political Communication, Kate Kenski and Kathleen Hall Jamieson bring together leading scholars including founders of the field of political communication: Elihu Katz, Jay Blumler, Doris Graber, Max McCombs and Thomas Paterson to review the major findings about subjects ranging from the effects of political advertising and debates and understandings and misunderstandings of agenda setting, framing and cultivation to the changing contours of social media use in politics and the functions of the press in a democratic system. The essays in this volume reveal that political communication is a hybrid field with complex ancestry, permeable boundaries and interests that overlap with those of related fields such as political sociology, public opinion, rhetoric, neuroscience and the new hybrid on the quad media psychology. This comprehensive review of the political communication literature is an indispensable reference for scholars and students interested in the study of how, why, when and with what effect humans make sense of symbolic exchanges about sharing and shared power. The sixty-two chapters in The Oxford Handbook of Political Communication contain an overview of past scholarship while providing critical reflection of its relevance in a changing media landscape and offering agendas for future research and innovation.

Handbook of Political Communication Research Lynda Lee Kaid, 2004-07-19 This volume brings together the major thrusts of research and theory in political communication. For scholars, researchers, students in political communication, mass communication and political science and for readers in public opinion, political psychology. *Handbook of Political Communication* Dan D. Nimmo, Keith R. Sanders, 1981-12-01 What role does mass communication play in shaping public opinion? Why is advertising so effective as a means of political persuasion? How have technical advances in communication

altered the processes of policy and decision making The massive 28 chapter Handbook of Political Communication addresses these and other questions in this evolving field It is the first book to comprehensively address the origins future potential and findings of the field This book is without pretense a scholarly work and it uses scholarly approaches to the entire field of political communication As Ed McMahon might say EVERYTHING you would ever want to know about political communication is here in this one volume You are right en *The Oxford Handbook of Political Communication* Kate Kenski, Kathleen Hall Jamieson, 2014 *The SAGE Handbook of Political Advertising* Lynda Lee Kaid, Christina Holtz-Bacha, 2006-06-14 The SAGE Handbook of Political Advertising provides a comprehensive view of the role political advertising plays in democracies around the world Editors Lynda Lee Kaid and Christina Holtz Bacha along with an international group of contributors examine the differences as well as the similarities of political advertising in established and evolving democratic governments Key Features Offers an international perspective This Handbook examines the political television advertising process that has evolved in democracies around the world including countries in Asia Europe Australia Africa Latin America and North America In addition a comparative overview addresses the effects of political advertising on the voters and the systems of which it is a part Provides comprehensive coverage For each country presented an analysis is given of its political advertising history its cultural implications the political and regulatory systems related to political advertising the effects of media system structures and the effects of new technologies Includes examples from recent elections The role specific candidate or party controlled television plays in a specific region s electoral process is examined Original research on recent elections confirms the expanding significance of this form of political communication This is an excellent resource for media professionals and practicing journalists as well as a welcome addition to any academic library It can also be used as a textbook for advanced undergraduate and graduate courses on Political Advertising in the fields of Political Science Communication Broadcasting Journalism and International Relations **Routledge Handbook of Political Management** Dennis W. Johnson, 2010-03-17 A comprehensive overview of the field of applied politics encompassing political consulting campaigns and elections lobbying and advocacy grass roots politics fundraising media and political communications the role of the parties political leadership and the ethical dimensions of public life The Routledge Handbook of Political Communication in Ibero-America Andreu Casero-Ripollés, Paulo Carlos López-López, 2024-10-29 The Routledge Handbook of Political Communication in Ibero America addresses the relationship between communication politics and digital technologies in Latin American and the Iberian Peninsula a geographical space linked by social cultural and linguistic aspects In recent years digital media have been central in the dialogue established by political parties institutions the media and citizens In this hybrid space emerged certain phenomena that are of interest particularly in the Ibero American landscape including disinformation and fake news protests on social media the organization of social movements the relationship between the press and the state political participation populism the role

played by emotions and memes the impact of AI and platformization on politics and topics of debate in the public sphere This Handbook is structured into nine parts beginning with a historical contextualization and then exploring central aspects of the discipline It then goes on to study trends at the regional level increasing knowledge about how political communication and digital technologies are changing multiple aspects of Ibero American societies where political communication plays a fundamental role especially in electoral processes with its consequent effects on democracy This Handbook will be of interest to academics students and professionals in the fields of political science communication journalism advertising marketing and sociology as well as public opinion consulting It will be of particular interest to undergraduate and postgraduate students from Latin America Portugal and Spain

Encyclopedia of Political Communication Lynda Lee Kaid, Christina Holtz-Bacha, 2008 Political communication began with the earliest studies of democratic discourse by Aristotle and Plato However modern political communication relies on an interdisciplinary base which draws on concepts from communication political science journalism sociology psychology history rhetoric and others This two volume resource considers political communication from a broad interdisciplinary perspective encompassing the many different roles that communication plays in political processes in the United States and around the world The Encyclopedia of Political Communication discusses the major theoretical approaches to the field including direct and limited effects theories agenda setting theories sociological theories framing and priming theories and other past and present conceptualizations With nearly 600 entries this resource pays considerable attention to important political messages such as political speeches televised political advertising political posters and print advertising televised political debates and Internet sites The audiences for political communications are also central necessitating concentration on citizen reactions to political messages how the general public and voters in democratic systems respond to political messages and the effects of all types of media and message types

Key Features
Encompasses several channels of political communication including interpersonal and public communication radio television newspapers and the World Wide Web Provides news media coverage and journalistic analysis of politics political issues political figures and political institutions Concentrates on the field of political communication since the middle of the 20th century Emphasizes political communication from the point of view of the United States but there is substantial and important research and scholarship on political communication in international contexts Considers the role of communication in governing incorporating communication activities that influence the operation of executive legislative and judicial bodies political parties interest groups political action committees and other participants in political processes
