The Ancient Hawaiian State Robert J. Hommon, 2013-04-25 The well known list of cradles of civilization primary states from which all modern nation states ultimately derive has traditionally been limited to Egypt Mesopotamia the Indus Valley China Mesoamerica and Andean South America However by drawing on archaeological and ethnohistorical sources Robert J Hommon demonstrates that Polynesia with primary states in both Hawai i and Tonga should be added to that list The Ancient Hawaiian State offers a history of the ancient Hawaiians transformation of their Polynesian chiefdoms into primary state societies The emergence of primary states is one of the most revolutionary transformations in human history and Hawai i s metamorphosis was so profound that in some ways the contact era Hawaiian states bear a closer resemblance to our world than to that of their closely related Eastern Polynesian contemporaries In contrast to the other six regions in which states emerged in the distant proto or pre literate past the transformation of Hawaiian states is documented in an extensive body of oral traditions preserved in written form a rich literature of early post contact eyewitness accounts by participants and Western visitors as well as an extensive archaeological record Tracing the roots and emergence of the Hawaiian states this innovative study offers a detailed model that will advance the analysis of Polynesian political development and shed light on the nature and dynamics of primary state formation

The Hawaiian Romance of Laieikawai Anonymous,2020-09-28 The Laieikawai is a Hawaiian romance which recounts the wooing of a native chiefess of high rank and her final deification among the gods The story was handed down orally from ancient times in the form of a kaa a narrative rehearsed in prose interspersed with song in which form old tales are still recited by Hawaiian story tellers It was put into writing by a native Hawaiian Haleole by name who hoped thus to awaken in his countrymen an interest in genuine native story telling based upon the folklore of their race and preserving its ancient customs already fast disappearing since Cook s rediscovery of the group in 1778 opened the way to foreign influence and by this means to inspire in them old ideals of racial glory Haleole was born about the time of the death of Kam ham ha I a year or two before the arrival of the first American missionaries and the establishment of the Protestant mission in Hawaii In 1834 he entered the mission school at Lahainaluna Maui where his interest in the ancient history of his people was stimulated and trained under the teaching of Lorrin Andrews compiler of the Hawaiian dictionary published in 1865 and Sheldon Dibble under whose direction David Malo prepared his collection of Hawaiian Antiquities and whose History of the Sandwich Islands 1843 is an authentic source for the early history of the mission Such early Hawaiian writers as Malo Kamakau and John Ii were among Haleole s fellow students After leaving school he became first a teacher then an editor In the early sixties he brought out the Laieikawai first as a serial in the Hawaiian newspaper the Kuokoa then in 1863 in book form Later in 1885 two part Hawaiian editors Bolster and Meheula revised and reprinted the story this time in pamphlet form together with several other romances culled from Hawaiian journals as the initial volumes of a series of Hawaiian reprints a venture which ended in financial failure The romance of Laieikawai therefore remains the sole piece of Hawaiian imaginative writing to reach book form Not only this but it represents the single composition of a Polynesian mind working upon the material of an old legend and eager to create a genuine national literature As such it claims a kind of classic interest
