The Misfits:

The Misfits James Howe, 2003-05 Sticks and stones may break our bones but names will break our spirit **The Beginning** Jacob Jones, 2022-03-21 In the year of 2674 Xamir the era of adventurers a great battle took place for the world's fate A group of adventurers stood at the base of a mountain as a devilish fiend threatens to take over their world A goddess shows up and lends the adventurers her power to save the world With the help of the goddess the adventurers are victorious but at a great cost In the wake of the battle these unsung heroes guide the world into the era of legendary heroes and magic The year is 1335 Eglarest after the legendary heroes era and the adventurers gather in the kingdom of Evergreen Five adventurers band together and accept a quest Their travels bring them to a land where they soon realize they are trapped in a magical barrier Danger lurks all around them every step of the way while trying to escape Will the adventurers escape Or will they perish in the attempt **This Music Leaves Stains** James Greene Jr., 2013-02-14 Few bands in the past three decades have proven as affecting or exciting as the Misfits the ferocious horror punk outfit that lurked in the shadows of suburban New Jersey and released a handful of pivotal underground recordings during their brief tumultuous time together Led by Glenn Danzig a singer possessed of vision and blessed with an incredible baritone the Misfits pioneered a death rock sound that would reverberate through the various musical subgenres that sprung up in their wake This Music Leaves Stains now presents the full story behind the Misfits and their ubiquitous haunting skull logo a story of unique talent strange timing clashing personalities and incredible music that helped shape rock as we know it today James Greene Jr maps this narrative from the band's birth at the tail end of the original punk movement through their messy dissolve at the dawn of the 1980s right on through the legal warring and inexplicable reunions that helped carry the band into the 21st century Music junkies of any stripe will surely find themselves engrossed in this saga that finally pieces together the full story of the greatest horror punk band that ever existed though Misfits fans will truly marvel at the thorough and detailed approach James Greene Jr has taken in outlining the rise fall resurrection and influence of New Jersey's most frightening musical assembly

Post-Westerns Neil Campbell, 2020-04-01 During the post World War II period the Western like America s other great film genres appeared to collapse as a result of revisionism and the emergence of new forms Perhaps however as theorists like Gilles Deleuze suggest it remains simply maintaining its empty frame Yet this frame is far from empty as Post Westerns shows us rather than collapse the Western instead found a new form through which to scrutinize and question the very assumptions on which the genre was based Employing the ideas of critics such as Deleuze Jacques Derrida and Jacques Rancière Neil Campbell examines the haunted inheritance of the Western in contemporary U S culture His book reveals how close examination of certain postwar films including *Bad Day at Black Rock* *The Misfits* *Lone Star* *Easy Rider* *Gas Food Lodging* *Down in the Valley* and *No Country for Old Men* reconfigures our notions of region and nation the Western and indeed the West itself Campbell suggests that post Westerns are in fact ghost Westerns haunted by the earlier form s devices and styles in ways that at once acknowledge and call into question the West both as such and in its persistent ideological framing of the national identity and values
