The Missing Years A Novel:

The Missing Years Doris Schwerin, 1985 *The missing years: a novel* Walter Laqueur, 1980 **Around the World in 80 Books** David Damrosch, 2021-11-16 A transporting and illuminating voyage around the globe through classic and modern literary works that are in conversation with one another and with the world around them Featured in the Chicago Tribune's Great 2021 Fall Book Preview One of Smithsonian Magazine's Ten Best Books About Travel of 2021 Inspired by Jules Verne's hero Phileas Fogg David Damrosch chair of Harvard University's department of comparative literature and founder of Harvard's Institute for World Literature set out to counter a pandemic's restrictions on travel by exploring eighty exceptional books from around the globe Following a literary itinerary from London to Venice Tehran and points beyond and via authors from Woolf and Dante to Nobel Prize winners Orhan Pamuk Wole Soyinka Mo Yan and Olga Tokarczuk he explores how these works have shaped our idea of the world and the ways in which the world bleeds into literature To chart the expansive landscape of world literature today Damrosch explores how writers live in two very different worlds the world of their personal experience and the world of books that have enabled great writers to give shape and meaning to their lives In his literary cartography Damrosch includes compelling contemporary works as well as perennial classics hard bitten crime fiction as well as haunting works of fantasy and the formative tales that introduce us as children to the world we're entering Taken together these eighty titles offer us fresh perspective on enduring problems from the social consequences of epidemics to the rising inequality that Thomas More designed Utopia to combat as well as the patriarchal structures within and against which many of these books' heroines have to struggle from the work of Murasaki Shikibu a millennium ago to Margaret Atwood today **Around the World in 80 Books** is a global invitation to look beyond ourselves and our surroundings and to see our world and its literature in new ways **David Foster Wallace's Toxic Sexuality** Edward Jackson, 2020-06-11 David Foster Wallace's *Toxic Sexuality* Hideousness Neoliberalism Spermatology is the first full length study of perhaps the most controversial aspect of Wallace's work male sexuality Departing from biographical accounts of Wallace's troubled relationship to sex the book offers new and engaging close readings of this vexed topic in both his fiction and non fiction Wallace consistently returns to images of sexual toxicity across his career to argue that when it comes to sex men are immutably hideous He makes this argument by drawing on a variety of neoliberal logics and spermatological metaphors which in their appeal to apparently neutral economic processes and natural bodily facts forestall the possibility that men can change The book therefore provides a revisionist account of Wallace's attitudes towards capitalism as well as a critical dissection of his approach to masculinity and sexuality In doing so David Foster Wallace's *Toxic Sexuality* shows how Wallace can be considered a neoliberal writer whose commitment to furthering male sexual toxicity is a disturbing but undeniable part of his literary project Family Secrets and the Contemporary German Novel Elizabeth Snyder Hook, 2001 Central to the discussions of each novel are questions of guilt cultural identity and atonement and of the relocation of these ultimately

unresolvable issues from the larger national and political arena to the realm of intimate relationships between parents and children **BOOK JACKET** **Crime Fiction as World Literature** David Damrosch, Louise Nilsson, Theo D'haen, 2017-02-23

The first book to treat crime fiction in its full global intercultural and plurilingual dimensions taking the genre seriously as a participant in the international sphere of world literature **A Bibliography of Robertson Davies** Carl Spadoni, Judith Skelton Grant, 2014-08-01 Robertson Davies 1913-1995 one of Canada's most distinguished authors of the twentieth century was known for his work as a novelist playwright critic journalist and professor This descriptive bibliography is dedicated to his writing career covering all publications from his first venture into print at the age of nine to works published posthumously to 2011 Entries include each of Davies signed publications and those pseudonymous or anonymous writings he acknowledged having written Included are his plays novels journalism academic writing translations interviews speeches lectures unsigned articles and editorials films audio recordings and multimedia editions Also listed is a generous sampling of unsigned articles and editorials Using Davies archives and the archives of other authors organizations and publishers Carl Spadoni and Judith Skelton Grant present A Bibliography of Robertson Davies to serve the research demands of Canadian literature and book history scholars **Writing and Rewriting the Holocaust** James Edward Young, 1988-10-22 A carefully prepared

historiographical work interprets the meaning of Holocaust literature as it examines the perpetuation of Holocaust memory and understanding in several forms of media studied Includes an extensive bibliography of works **Do You Feel it Too?** Nicoline Timmer, 2010 Do You Feel It Too explores a new sense of self that is becoming manifest in experimental fiction written by a generation of authors who can be considered the heirs of the postmodern tradition It offers a precise in depth analysis of a new post postmodern direction in fiction writing and highlights which aspects are most acute in the post postmodern novel Most notable is the emphatic expression of feelings and sentiments and a drive toward inter subjective connection and communication The self that is presented in these post postmodern works of fiction can best be characterized as relational To analyze this new sense of self a new interpretational method is introduced that offers a sophisticated approach to fictional selves combining the insights of post classical narratology and what is called narrative psychology Close analyses of three contemporary experimental texts Infinite Jest 1996 by David Foster Wallace A Heartbreaking Work of Staggering Genius 2000 by Dave Eggers and House of Leaves 2000 by Mark Danielewski provide insight into the typical problems that the self experiences in postmodern cultural contexts Three such problems or symptoms are singled out and analyzed in depth an inability to choose because of a lack of decision making tools a difficulty to situate or appropriate feelings and a structural need for a we a desire for connectivity and sociality The critique that can be distilled from these texts especially on the perceived solipsistic quality of postmodern experience worlds runs parallel to developments in recent critical theory These developments in fiction and theory both signal in the wake of poststructural conceptions of subjectivity a perhaps much awaited turn to the human in our culture at large today **David Foster Wallace's Infinite Jest** Stephen

J. Burn, 2012-04-19 Infinite Jest has been hailed as one of the great modern American novels and its author David Foster Wallace who committed suicide in 2008 as one of the most influential and innovative authors of the past 20 years Don DeLillo called Infinite Jest a three stage rocket to the future a work equal to the huge babbling spin out sweep of contemporary life while Time Magazine included Infinite Jest on its list of 100 Greatest Novels published between 1923 2006 David Foster Wallace's Infinite Jest A Reader's Guide was the first book to be published on the novel and is a key reference for those who wish to explore further Infinite Jest has become an exemplar for difficulty in contemporary Fiction its 1 079 pages full of verbal invention oblique narration and a scattered nonlinear chronology In this comprehensively revised second edition Burn maps Wallace's influence on contemporary American fiction outlines Wallace's poetics and provides a full length study of the novel drawing out the most important themes and ideas before surveying Wallace's post Infinite Jest output including The Pale King
