The Moment Of Truth When Quitters Win:

Yadusky, BS, MD, FACS, 2009-08-21 The basic content of this book is transformation which has taken me a lifetime to learn There is more to life than just joy or sorrow health or sickness consolation or desolation because as I have found there is also

a higher level of thinking and living called transformation What I've learned all my life about love may help you to learn about it sooner rather than later Such early learning is always to your benefit because as an old German expression points out We grow old too soon and smart too late Since love is not love until it is given away my love has compelled me to write this book In reading it as a bare minimum you will be spiritually refreshed but I truly believe that you too will be transformed Each of us has a mind that seeks truth a heart that seeks love and a spirit that seeks goodness and God If you were to categorize this book you would have to say that it is in a category all its own because it's primarily transformational in addition to being inspirational autobiographical motivational instructional philosophical spiritual and explorational It explores the truth that life is not measured in moments of time but in timeless moments And we know that truth exists otherwise we would never be able to ask any questions It also explores love as the loudest sound on the other side of silence Love not violence is at the heart of the universe and we should not let violence determine our future but only let love do that It also explores goodness in that it is unreasonable to think that a person who can be good would be put into a crazy empty world in which there is no such thing as goodness
