The Most Evil Mobsters In History:

The Most Evil Mobsters in History Lauren Carter, 2004 A fascinating study of fifteen of America's most wanted mobsters Page 4 of cover During the 1920s and 1930s U.S. cities such as New York and Chicago were at the mercy of bands of mobsters violent criminals affiliated to organized crime rings who made illegal fortunes from gambling prostitution contract killings abortions labor union kickbacks protection rackets bribery corruption and during the Prohibition era bootlegging While the Italian Mafia was the largest and most powerful other ethnic groups had similar organizations most notably the Jews and the Irish Mobsters belonged to a hierarchical structure organized like a corporation hence the name syndicate The different gangs often clashed violently in vicious territorial turf wars While their business interests and tactics have changed over the years many of the organizations established in the gangsters heyday prior to the Second World War still live on today under other names This book contains profiles of fifteen of the most notorious mobsters From publisher description

The World's Most Evil Gangs Nigel Blundell, 2013-09-02 Crime DOES pay There's no denying it And in pursuit of riches and power those outside the law have always tended to band together spawning today's murky brutal world of organised crime The origins of the archetypical gangster can be traced to 1920s America when Prohibition turned street corner hoodlums into rich and powerful businessmen But today highly organised ferociously protective gangs are prevalent throughout the world Despite their despicable methods we are still fascinated by their labyrinthine networks How did these gangs form How do they wield their power How do they maintain their secretive societies And how do they evade the massive forces of law and order arrayed against them Nigel Blundell who is author of more than a dozen factual crime books reveals the answers in *The World's Most Evil Gangs* This book delves into the darkest depths of the underworld from mobsters in America to Hells Angels in Germany to child armies in Africa not forgetting the monsters on our own doorstep *Reclaiming History* Vincent Bugliosi, 2007-05-17 For fifty years the truth about the assassination of President John F Kennedy has been obscured This book releases us from a crippling distortion of American history At 1 00 p.m. on November 22 1963 President John F Kennedy was pronounced dead the victim of a sniper attack during his motorcade through Dallas That may be the only fact generally agreed upon in the vast literature spawned by the assassination National polls reveal that an overwhelming majority of Americans 75% believe that there was a high level conspiracy behind Lee Harvey Oswald Many even believe that Oswald was entirely innocent In this continuously absorbing powerful ground breaking book Vincent Bugliosi shows how we have come to believe such lies about an event that changed the course of history The brilliant prosecutor of Charles Manson and the man who forged an iron clad case of circumstantial guilt around O.J. Simpson in his best selling *Outrage* Bugliosi is perhaps the only man in America capable of writing the definitive book on the Kennedy assassination This is an achievement that has for years seemed beyond reach No one imagined that such a book would ever be written a single volume that once and for all resolves beyond any reasonable doubt every lingering question as to what happened in Dallas and who was

responsible There have been hundreds of books about the assassination but there has never been a book that covers the entire case including addressing every piece of evidence and each and every conspiracy theory and the facts or alleged facts on which they are based In this monumental work the author has raised scholarship on the assassination to a new and final level one that far surpasses all other books on the subject It adds resonance depth and closure to the admirable work of the Warren Commission Reclaiming History is a narrative compendium of fact forensic evidence reexamination of key witnesses and common sense Every detail and nuance is accounted for every conspiracy theory revealed as a fraud on the American public Bugliosi s irresistible logic command of the evidence and ability to draw startling inferences shed fresh light on this American nightmare At last it all makes sense

Borgata Louis Ferrante,2024-01-02 A riveting history of the Mafia from 1860s Sicily to 1960s America as narrated by a former heist expert and Gambino family mobster The mafia has long held a powerful sway over our collective cultural imagination But how many of us truly understand how a clandestine Sicilian criminal organization came to exert its influence over nearly every level of American society In Borgata Rise of Empire former mobster Louis Ferrante pulls back the curtain on the criminal organization that transformed America From the potent political cauldron of nineteenth century Sicily to New Orleans New York and the gangster paradise of Las Vegas Ferrante traces the social economic and political forces that powered the mafia s unstoppable rise Ferrante s vivid portrayal of early American mobsters Lucky Luciano Vito Genovese Frank Costello and Meyer Lansky fills in crucial gaps of the mafia narrative to deliver the most comprehensive account yet of the world s most famous criminal fraternity Borgata Rise of Empire the first in a three volume epic history is a groundbreaking achievement from a man who has seen it all from the inside In this masterful accomplishment Ferrante takes the reader from the mafia s inauspicious beginnings to the height of their power as the most influential criminal network in the country
