Charles Foster

The Mummy Hollywoods Golden Age:

The Mummy's Curse Jasmine Day, 2006-09-27 The most penetrating study of the curse ever conducted The Mummy's Curse uncovers forgotten nineteenth century fiction and poetry revolutionizes the study of mummy horror films and reveals the prejudices embedded in children's toys Examining original surveys and field observations of museum visitors demonstrate that media stereotypes to which museums inadvertently contribute promote vilification of mummies which can invalidate demands for their removal from display Jasmine Day shows that the curse's structure and meaning has changed over time as public attitudes toward archaeology and the Middle East were transformed by events such as the discovery of Tutankhamun's tomb The riddle of the curse of the pharaohs is finally solved via a radical anthropological treatment of the legend as a cultural concept rather than a physical phenomenon A must for anyone interested in this ancient and mystifying legend

The Screen Chills Companion, 1940-1946 Chris Fellner, 2025-09-25 The second in a two volume set this book presents horror fans with a treasure trove of information on every Hollywood horror movie produced during the second wave of screen scares 1940-1946 Entries on 113 films provide detailed production histories derived from trade publication reports contemporary press hype casts scenarios critiques and behind the scenes production tidbits Postscripts detailing noteworthy events that followed a picture's theatrical run such as sequels or award nominations also are featured An appendix presents the first accurate detailed history of the infamous lost chiller from New York Dr Terror's House of Horrors 1945 Profusely illustrated and painstakingly documented this complete history of the second decade of Hollywood horror is essential reading for horror fans and cinema historians alike

The Turn to Gruesomeness in American Horror Films, 1931-1936 Jon Towlson, 2016-09-27 Critics have traditionally characterized classic horror by its use of shadow and suggestion Yet the graphic nature of early 1930s films only came to light in the home video DVD era Along with gangster movies and sex pictures horror films drew audiences during the Great Depression with sensational content Exploiting a loophole in the Hays Code which made no provision for on screen gruesomeness studios produced remarkably explicit films that were recut when the Code was more rigidly enforced from 1934 This led to a modern misperception that classic horror was intended to be safe and reassuring to audiences The author examines the 1931 to 1936 happy ending horror in relation to industry practices and censorship Early works like Murders in the Rue Morgue 1932 and The Raven 1935 may be more akin to The Texas Chain Saw Massacre 1974 and Hostel 2005 than many critics believe

Hollywood Cauldron Gregory William Mank, 2010-06-21 Thirteen of Hollywood's horror classics in detail Dr Jekyll and Mr Hyde 1931 The Old Dark House 1932 The Mask of Fu Manchu 1932 Mark of the Vampire 1935 Mad Love 1935 The Black Room 1935 The Walking Dead 1936 Cat People 1942 Bluebeard 1944 The Lodger 1944 The Picture of Dorian Gray 1945 Hangover Square 1945 and Bedlam 1946 From original interviews and research the styles of the various studios from giant M G M to Poverty Row's PRC along with the performers directors and backstage events are examined
