Soskice,2009-08-18 Agnes and Margaret Smith were not your typical Victorian scholars or adventurers Female middle aged and without university degrees or formal language training the twin sisters nevertheless made one of the most important scriptural discoveries of their time the earliest known copy of the Gospels in ancient Syriac the language that Jesus spoke In an era when most Westerners male or female feared to tread in the Middle East they slept in tents and endured temperamental camels unscrupulous dragomen and suspicious monks to become unsung heroines in the continuing effort to discover the Bible as originally written **My Double Life; The Memoirs of Sarah Bernhardt, In Two Volumes** Sarah

Sisters Who Shared Her Vision McGuinness, Margaret M.,2023 Although Katharine Drexel has been the subject of several biographies they have tended to treat her as a perfect human being whom the Church later transformed into a saint

Katherine and the Sisters Who Shared Her Vision moves beyond the story of the heiress s individual life devoted to God and shines a light on the work she did assisted by the Sisters of the Blessed Sacrament Drexel could have lived comfortably wealthy and privileged as a Philadelphia philanthropist but chose to found a religious congregation of women dedicated to working within Black and Indigenous communities without receiving the bulk of the money left by Drexel s father The author s careful examination of the work Drexel and her Sisters accomplished in Philadelphia and elsewhere shows impacts on the Church while also revealing racial issues at work in the story This brings a critical perspective to Drexel s ministry to further our understanding of the Black Catholic community and renew our commitment to the difficult ongoing conversation about race in America *Our Young People* ,1912 We Agreed to be Different Annemiek van der Veen,Dolly Verhoeven,2005

Blood Sisters Sarah Gristwood, 2014-03-04 A gem of a book enlivened by incisive analysis exquisite detail and an elegant and witty style Alison Weir The Wars of the Roses which tore apart the ruling Plantagenet family in fifteenth century England was truly a domestic drama as fraught and intimate as any family feud before or since But as acclaimed historian Sarah Gristwood reveals while the events of this turbulent time are usually described in terms of the men who fought and died seeking the throne a handful of powerful women would prove just as decisive as their kinfolks clashing armies A richly drawn absorbing epic Blood Sisters reveals how women helped to end the Wars of the Roses paving the way for the Tudor age and the creation of modern England *Living in God's Providence: History of the Congregation of Divine Providence of San Antonio, Texas, 1943-2000* Mary Christine Morkovsky, CDP, 2009-06-29 In 1943 the bell attached to a rope on both floors of a plain box like convent in Houston Texas rang at 5 a m The nine Sisters of Divine Providence stationed at the grade school arose reciting aloud the traditional prayer that began Live Jesus in my heart My God I give you my heart Mercifully deign to receive it and grant that no creature shall possess it but Thou alone Continuing to pray aloud for five more minutes the Sisters who shared small bedrooms began to dress All had developed in their novitiate a rhythm for this process which launched each day in a uniform way Over 20 items of dress had to be donned in a certain order Before Morning Prayer at 5 25 in the small chapel on the first floor the Sisters also stripped their single beds flipped the thin mattresses and replaced the bed linens trying not to invade a companion s limited space Usually it was still dark outside when they started to recite morning prayers unique to the Congregation This was followed by chanting in Latin on one tone Matins Lauds Prime Tierce Sext and None from the Little Office of the Blessed Virgin Mary Then the superior read aloud some points for reflection and

the Sisters meditated in silence for half an hour This was the first time of the day they had some relatively unstructured time and they sometimes experienced distractions Perhaps they planned how to teach something better or recalled problematic students At 6 30 one of the parish priests offered Mass which was followed by breakfast The Sisters ate in silence while one of them read passages from the Imitation of Christ By 8 a m they were leading their pupils across the playground to the children s daily Mass in the parish church In sharp contrast in 1990 Sister Mary Walter Gutowski CDP one of two Sisters living in a small apartment was the administrator of Our Lady of Guadalupe clinic for low income Latinos and African Americans in Rosenberg Texas Sister Walter who was credited with having delivered more than 3 000 babies under difficult rural circumstances once remarked When someone knocks at my door in the middle of the night I get dressed in two minutes flat because I never know what will be waiting for me outside 1 What explains this dramatic change of style and ritual in the routines of Catholic Sisters living in mission houses How did the Sisters move from cloisters to apartments How did the rigid routines of the nine Sisters of 1943 transmute into the singular and unstructured life of Sister Mary Walter What are the connections between the bell that rang at five in the morning and the one that sounded at any hour This history examines the period of 1943 to 2000 an era during which the Sisters of Divine Providence redefined their perspective and practices within the context of a changing American Catholic church It demonstrates that the Sisters were well situated to embrace the shifting demands of religious mission because their very heritage was grounded in ongoing transformations Those transformations were played out on a highly charged stage of oppression concerning multi racial relationships one that further prepared the Sisters for the intense dynamics of modern church life When the Sisters celebrated in 1966 the centennial of their arrival in Texas they were staffing their own college high schools and numerous grammar schools in several states as well as hospitals clinics and neighborhood centers They had incorporated a group of women from Mexico and encouraged the independence of a new Providence congregation in the U S Responding to Vatican encouragement after the second Vatican Council they began experiments to update structures and customs so as minister more effectively The most visible were in the areas of community living and governance and were accompanied by greater collegiality subsidiarity variety in prayer
