Martinez, Junko Yokota, Charles Temple, 2017-04-18 Much of teachers attention these days is focused on having students read closely to ferret out the author s intended meaning and the devices used to convey that meaning But we cannot forget to guide students to have moving engagements with literature because they need to make strong personal connections to books of merit if they are to become the next generation of readers literate people with awareness of and concern for the diversity of human beings around them and in different times and places Fortunately guiding both students personal engagement with literature and their close reading to appreciate the author s message and craft are not incompatible goals This book enthusiastically and intelligently addresses both imperatives first surveying what

is gained when students are immersed in literature then celebrating and explicating the main features of literature students need to understand to broaden their tastes and deepen their engagement at the same time they meet external standards then presenting a host of active methods for exploring all major genres of children's books and finally presenting suggestions for interdisciplinary teaching units grounded in literature Created by noted leaders in the fields of children's literature and literacy the book is enlivened by recurring features such as suggested reading lists issues for discussion links to technology and annotations of exemplary books English Phonetics and Phonology Paperback with Audio CDs (2) Peter Roach, 2009-03-26 Since the publication of the first edition in 1983 this course has established itself as the most practical comprehensive text in the field and become widely used in many parts of the world in universities and other institutions of higher education This new edition takes into account recent developments in the teaching of phonology It includes updated references fuller coverage of intonation and a new chapter on different varieties of English with illustrative recorded material At the end of each chapter in the book there are notes giving information on further reading discussion of the more challenging issues written exercises and where appropriate suggestions for teachers In addition the audio CDs include recorded exercises for every chapter which are particularly helpful for non native speakers A full answer key is available at the back of the book Additional exercises and other supporting material are available online Imagining Creation Markham (Mark) Geller, Mineke Schipper, 2007-10-01 Imagining Creation is a collection of views on creation by noted authors from different disciplines Topics include creation accounts and iconography from Mesopotamia and Egypt and cosmologies from India and Africa Special attention is devoted to creation in the Scriptures Bible and Koran and related oral traditions on Genesis from Slavonic Europe as well as Kabbalah Some of the creations myths are earlier and some later than the Bible while a number of the discussed texts offer alternative approaches to the beginnings of the universe The contributions provide many new perspectives on the origins of man and his world from diverse cultures The volume is the proceedings of a symposium on creation stories held at University College London White Gloves of the Doorman Branko Gorjup, 2004
