Great Fashion Designs of the Sixties Paper Dolls Tom Tierney,1991-01-01 See through dress miniskirts bold bright colors kooky accessories and more for two dolls Spectacular apparel by Mary Quant Paco Rabanne Oscar de la Renta and others Captions 32 costumes *The Sixties* Lesley Jackson,1998 Lesley Jackson traces the transition from the contemporary design of the 1950s to the pure geometry of the look and the styles that proliferated throughout the momentous events of the 1960s **Sixties Design** Philippe Garner,2003 A richly illustrated survey of the design themes and styles of the 1960s Colour illus *The Sixties* Arthur Marwick,2011-09-28 If the World Wars defined the first half of the twentieth century the sixties defined the second half acting as the pivot on which modern times have turned From popular music to individual liberties the tastes and convictions of the Western world are indelibly stamped with the impact of this tumultuous decade Framing the sixties as a period stretching from 1958 to 1974 Arthur Marwick argues that this long decade ushered in nothing less than a cultural revolution one that raged most clearly in the United States Britain France and Italy Marwick recaptures the events and movements that shaped life as we know it the rise of a youth subculture across the West the sit ins and marches of the civil rights movement Britain s surprising rise to leadership in fashion and music the emerging storm over Vietnam the Paris student uprising of 1968 the growing force of feminism and much more For some it was a golden age of liberation and political progress for others an era in which depravity was celebrated and the secure moral and social framework subverted The sixties was no short term era of ecstasy and excess On the contrary the decade set the cultural and social agenda for the rest of the century and left deep divisions still felt today *Preserving the Sixties* T. Harris,M. O'Brien Castro,Monia O'Brien Castro,2014-04-16 Re examining the long held belief that the Sixties in Britain were dominated mainly by youth and protest the authors in the collection argue that innovation was everywhere shadowed by conservatism A decade fascinated by itself and especially by the future it also was tormented by self doubt and accompanied by a fear of losing the past *Design School Reader* Steven Heller,2020-08-04 An Essential Collection of Essays and Musings on Graphic Design from One of the Field s Leading Educators In this wide ranging compilation art director writer and lecturer Steven Heller shares his passion for graphic design with readers whom he invites to consider that design can be discerned in all things natural and manmade Developed as content for a class devoted to reading this collection is not overtly about conventional design but about a variety of topics viewed through the lens of design Offered as a primer for undergraduate and graduate students Design School Reader presents more than forty essays on subjects such as The role of design in politics Visual culture and the social impact of design Key moments in the history of typography Technological innovations The power of branding and logos Ethical considerations and dilemmas Important figures in the design world Divided into five parts Design Language Design Dialects Politics Ideology Design Business and Commerce and Inspiration and Discoveries each section features a collection of essays culled from Heller s extensive publications from the past several decades At the end of every
