Research Methodologies in Translation Studies Gabriela Saldanha, Sharon O'Brien, 2014-04-08 As an interdisciplinary area of research translation studies attracts students and scholars with a wide range of backgrounds who then need to face the challenge of accounting for a complex object of enquiry that does not adapt itself well to traditional methods in other fields of investigation This book addresses the needs of such scholars whether they are students doing research at postgraduate level or more experienced researchers who want to familiarize themselves with methods outside their current field of expertise The book promotes a discerning and critical approach to scholarly investigation by providing the reader not only with the know how but also with insights into how new questions can be fruitfully explored through the coherent integration of different methods of research Understanding core principles of reliability validity and ethics is essential for any researcher no matter what methodology they adopt and a whole chapter is therefore devoted to these issues Research Methodologies in Translation Studies is divided into four different chapters according to whether the research focuses on the translation product the process of translation the participants involved or the context in which translation takes place An introductory chapter discusses issues of reliability credibility validity and ethics The impact of our research depends not only on its quality but also on successful dissemination and the final chapter therefore deals with what is also generally the final stage of the research process producing a research report

Contemporary Tools and Techniques for Studying Writing T. Olive, C.M. Levy, 2012-12-06 111 With some pride I hereby introduce the 10 volume in the Studies of Writing book series This volume aims to be a tool book for writing research In my

opinion the editors and authors of this volume succeeded in this endeavor Four guiding questions are answered in all chapters on online techniques How to The key to such a book is providing insight in the decisions researchers make when developing tools and techniques such information is not found in journal articles and in the best case hidden in technical reports This book provides readers with detailed information about the ins and outs of various online techniques When to Another contribution of this tool book is to provide insight into when the tool can be used in other words to relate the tool or technique to the theoretical claims about the writing process or cognitive processes underlying writing processes Theory methodology tools and techniques handling data and interpretation form a coherent unit When not to There is no cow without a spot Dutch er is geen koe zonder vlekje is the literal translation of a Dutch expression Techniques tools have their limitations and their problems in applying them and or handling or interpreting the data they produce In a book like this researchers took the opportunity to provide readers with a look behind the curtains in the process of research Scientific critical reflection is one of the strong features of this book
