

SPEAKING: "HEALTHY LIFE"

A. Your school or college is planning to have a Healthy Living week. With a partner say what healthy living ideas are shown in the pictures. Then choose two ideas or suggest your own ones and talk together about their benefits and how you will persuade people to take them up.

e.g.: Doing yoga will make your body fitter and stronger.
It's a good idea to take up YOGA to help you relax.

B. Read the two descriptions and say how healthy these people are. Decide which of the "Ways to good health" they should try. Why?

Clara drives a delivery van. She doesn't eat much during the day, but there is always a can of cola in the van. In the evening, she heats a ready-made meal in the microwave.

John is a journalist. He works at home, sitting at his computer all day. He goes for a quick run in the mornings before he starts work, and eats quite healthy meals.

C. Conversation questions

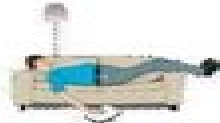

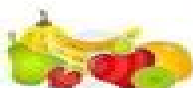

1. What can cause overweighting? What are the consequences of it? What are the ways of solving this problem?
What is the best way of losing the weight and never putting on weight?
2. Why shouldn't we skip meals?
3. Why is it very important to get enough sleep? What are the consequences of staying up late?
4. What are the advantages of taking up the new sport or hobby? Does it help to cope with stress? Why?
5. What are the reasons of being stressed out always? How do you cope with this every day?
6. Do you agree with this statement? "Laughing is good for your health"? Are you environmentally friendly?
7. Sitting around or at a desk all day is one of the reasons of being tired. What other reasons do you know?

D. What are his dreams?

I WISH I HAD/HADN'T

E.g. - I wish I had cycled more to be fitter.

E. What should we do to keep fit?

DAVID: Hi, Steve. You look fantastic! I haven't seen you for a long time and you haven't changed a bit. You really look healthy.

STEVE: I guess I do. I hardly ever get a cold, maybe once in 2 or 3 years and that's all about my illnesses. I never suffer from anything.

D: No headaches, backaches, pains in the stomach?

S: (laughs) No, and my legs don't hurt and my arms don't hurt either.

D: Do you think that's because of your diet or the exercise you take?

S: Oh, I don't know. I mean I like food, and I think I eat healthy food - fruits, veggies, lots of salad. But I also enjoy fried food, meat, fish. And I like dairy products - milk, cream, sour cream, cottage cheese. I eat bread and I am fond of pancakes with caviar though I don't like sweets. In fact I like neither bitter nor sweets things. So, as you see, I can't say I keep a diet.

D: No, definitely not. Do you take regular exercises?

S: Not enough, I think. My work keeps me busy. In summer I play volleyball, swim and ride a bicycle. Last summer I tried to ride a horse but understood that wasn't my cup of tea.

D: Do you go in for any winter sports?

S: Not really. I mean I walk a lot. But no jogging or playing indoor games. So, that is the exercise I do. BY THE WAY I DON'T SMOKE and never drink alcohol, only soft drinks.

WHAT IS STEVE'S ADVICE? WHAT WOULD YOU ADVISE TOO DAVID?

Speaking For A Healthy Life Paperback

RC Schank

Speaking For A Healthy Life Paperback:

Friend to Mankind Marsilio Ficino 1433-1499 Marsilio Ficino, 2012-08-08 Eighteen essays re-examine Ficino's life and work focusing on three essential aspects: his significance in his own times, his spreading influence throughout Europe and over subsequent centuries in many areas of thought and creativity, and his enduring relevance today. Translation of his major works from Latin enables a new generation to rediscover and share Ficino's vision of human potential. *The Journal of Education*, 1917 **Journal of Education and School World**, 1917 **American Health Quackery** James Harvey Young, 2014-07-14 James Harvey Young, the foremost expert on the history of medical frauds, finds quackery in the 1990s to be more extensive and insidious than in earlier and allegedly more naive eras. The modern quack isn't an outrageous-looking hawker of magic remedies operating from the back of a carnival wagon; but he knows how to use antiregulatory sentiment and ingenious promotional approaches to succeed in a trade that is both bizarre and deceitful. In *The Toadstool Millionaires* and *The Medical Messiahs*, Young traces the history of health quackery in America from its colonial roots to the late 1960s. This collection of essays discusses more recent health scams and reconsiders earlier ones. Liberally illustrated with examples of advertising for patent medicines and other alternative therapies, the book links evolving quackery to changing currents in the scientific, cultural, and governmental environment. Young describes varieties of quackery like frauds related to the teeth, nostrums aimed at children, and cure-all gadgets with such names as Electreat, Mechanical Heart. The case of Laetrile illustrates how an alleged vitamin for controlling cancer could be ballyhooed and lobbied into a national mania, half the states passing laws giving the cyanide-containing drug some special status. And AIDS is the most recent example of an illness that tragically has panicked some of its victims and members of the general public into putting their hopes in fake cures and preventives. Young discusses the complex question of vulnerability: why people fall victim to health fraud and considers the difficulties confronting governmental regulators. From the late 1960s to the early 1990s, the annual quackery toll has escalated from two billion to over twenty-five billion dollars. Young helps us discover why. Originally published in 1992, *The Princeton Legacy Library* uses the latest print-on-demand technology to again make available previously out-of-print books from the distinguished backlist of Princeton University Press. These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions. The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905. **The Alchemy of Illness** Kat Duff, 1993 Illness is a universal experience. There is no privilege that can make us immune to its touch. We are taught to assume health, illnesses being just temporary breakdowns in the well-oiled machinery of the body. But illness has its own geography, its own laws and commandments. At a time when the attention of the whole nation is focused on health care, Kat Duff inquires into the nature and function of illness itself. Duff, a counselor in private practice in Taos, New Mexico, wrote this book out of her experience with chronic fatigue syndrome, but what she has

to say is applicable to every illness and every one of us For those who are sick this book offers solace and recognition For those who care for them either physically or emotionally it offers inspiration and compassion Finally this fresh perspective on healing reveals how every illness is a crucible that tries our mettle tests our limits and provides us with an unparalleled opportunity to integrate its lessons into our lives [RISE AND SHINE Anxiety & Depression, & Life Management Tools](#) Ron Williams,2014-06-24 NOTES A 5th Final Touch Editionwritten over 10yrs 4mos For Paperback be sure to order New to assure you re getting the latest Final Touch Edition B Intended Relaxation YouTube Session Id d in 5 3 1 of Book now Unavailable See Details contained in following Blog Post addressing Options [riseandshineanxietydepression net](#) 2020 08 23 As Strong as Complete especially per the 5th Final Touch Edition You think God Created us thinking we Need man made medication to deal with our Mental Health Issues I Certainly Don t Think So Book addresses the Natural Answer Solution to Our Mental Health Issues Mind Body PTSD OCD ADD ADHD Addiction Recovery BPD Bipolar 2 at least exceptions if suffer w Brain Trauma It s All about a Tremendous Education from a X Sufferer as I am now along w Professionals She Knew and Trusted Then lots of Growth A Worse Caser I Do Not Want To See Anyone Go Thru This or Similar 4 times in a psych wards attempted pulling the plug twice This True Self Helper encompasses All We Can Do as humans to Take Care of Ourselves Bottom Line We All have to do the Work Ourselves in Life Unquestionably And without Change there is no change in the way we Think Operate which is Key After So Many Years of Education Growth Experience 40 years now Can t Imagine in a TRUE Self Help Book there Could Be Anything Better This Book s True Power Importance based on Tying these Key Pieces together 1 Optimum Proven Detailed Positivity Tools Skills Process w Full Instruction set teaches us How Best To Change Our negative thoughts and mindset to Positive Thoughts and Mindset This is the Bottom Line Key to Rid Ourselves from negativity which is root cause of most of Our Issues in Life i e those individual neg thoughts sources of Self Personalizing Process Process allows us to Develop Build Up Our Inner Strength Positivity Threshold 2 Spiritual Faith Growth Needs ref sect 4 To Amend or Establish a Strong Foundation the Basis of Our Positivity Helps us through Recovery especially for Serious Levels of Depression when dealing with matters outside our control Helps Dealing with Life s Issues which push past our Positivity Threshold In Sum this Solidifies Everything Our Peace Of Mind YES Need Our 1 DEPENDENCE God 3 Of Course Exercise Eating Well and Power in laughter s also addressed Go to Blog post [riseandshineanxietydepression net](#) 2020 03 10 elaborating on Book s Substance Effectiveness per what Known have witnessed w Book in Hand Read On for You and Your Loved Ones God Bless Author Ron [Mental Health Publishing and Empowerment](#) Jason Pegler,2011-06-01 DescriptionMental Health Publishing and Empowerment is a book that explains how writing and publishing is a cathartic and empowering experience for Jason and Chipmunkapublishing authors This book contains Jason s views on writing and empowerment as well as the views and experiences of over 20 Chipmunkapublishing authors Each authors comments are analysed by Jason to show how they reflect the Mental Health Publishing and Empowerment process that Chipmunka offers
