Schlessinger shows men and women that they can have a Good Life no matter how Bad their Childhood For each of us there is a connection between our early family dynamics and experiences and our current attitudes and decisions Many of the people Dr Laura has helped did not realize how their histories impacted their adult lives or how their choices in people repetitive situations and decisions even their emotional reactions were connected to those early negative experiences playing a major role in their current unhappiness For these people and millions like them too much time is dedicated to repeating the ugly dynamics of childhood in a vain attempt to repair or cope with deep hurt and longings Too often they use their emotional pain to control others or excuse their own inappropriate and destructive behaviors Some turn to therapy only to find themselves trapped in their self pitying victim mode robbed of optimism confidence and growth Dr Laura will help you realize that no matter what circumstances you came from or currently live in you are ultimately responsible for how you react to them The acceptance of this basic truth is the source of your power to secure the Good Life you long for In her signature straightforward style with real life examples Dr Laura shows you what you will gain by not being satisfied with an identity as a victim or even as a survivor but striving to be a victor In Bad Childhood Good Life Dr Laura will guide you to accept the truth of the assaults on your psyche and soul understand your unique coping style and how it impacts your daily thoughts and actions and help you embrace a life of more peace and happiness Bad Childhood Good Life comes from a compassionate and personal place Dr Laura also reveals some of her own experiences with a difficult childhood and what efforts it took to attain a Good Life She writes My resilience has paid off and I m doing the best I can with what I ve got Now you can too **Stop**

Whining, Start Living Dr. Laura Schlessinger,Laura Schlessinger,2008-03-11 Dr Laura Schlessinger agrees that there are things worth whining about A certain amount of whining allows for some venting of reasonable pain disappointment fear frustration or frank rage However staying stuck in whining mode can become a life long problem This is where Dr Laura steps in with Stop Whining Start Living to help folks conquer the temptation to retreat from living life to the fullest As she reveals in her introduction No matter what you ve suffered or continue to suffer while you are alive you have the opportunity to get something from this life and I m going to do my best to help you with that I know of what I speak as this has been my torturous journey also Building on the principles developed during her long career as a licensed marriage and family therapist and addressing the chronic struggles of so many of her listeners and readers Dr Laura issues an important message in the no nonsense but compassionate voice that is her trademark If you don t like your life quit talking about your

unhappiness and try to fix it no matter how difficult or impossible your situation seems While it is healthy to vent occasionally endless rumination on the negative only keeps you paralyzed in misery reinforces hopelessness and demoralizes those around you who feel helpless to bring any happiness into your life Instead Stop Whining Start Living encourages whiners to reject negative thoughts emotions and attitudes shift perspective open up to gratitude and goodness and embrace obligations to loved ones and the world in general Before long just doing what you re supposed to be doing instead of moaning about why you can t or won t or shouldn t fulfill your responsibilities will have you feeling better about yourself and will uplift your interactions with family friends colleagues and even complete strangers in incredible ways Illustrated by calls and letters from members of Dr Laura s huge international audience Stop Whining Start Living features brave testimonials from real human beings facing real challenges These folks have benefited enormously from Dr Laura s powerful lessons Stop Whining Start Living gives readers stuck in their suffering the jump start they need to break out of reactive mode and get proactive moving in the direction of a joyful meaningful happy fulfilling and purposeful future Everyone can use a kick in the pants sometimes and Dr Laura who preaches teaches and nags to millions every day on her radio program is here to deliver it

Parenthood by Proxy Dr. Laura Schlessinger,2009-10-13 Parenthood by Proxy is a passionate and provocative summation of the perils of parenting and a road map to safety for America s families Never one to shy away from tough truths Dr Laura marshals compelling evidence for the widespread neglect of America s children and condemns the numerous rationalizations to excuse it Parents special interest groups and professionals in education and psychology all contribute to a dangerous trend that places adult fulfillment above obligation to children Parenthood by Proxy addresses the causes and effects of this national crisis among them the high rate of divorce serial marriages single parenting the premature sexualization of children dual career families disdain for religion the redefinition of immoral behavior as lifestyle choices and societal intolerance for the concept of judgment In Parenthood by Proxy Dr Laura exhorts parents to make their own children their top priority and if necessary to change their lives to do so In her straight shooting style Dr Laura entreats parents to involve themselves in their children s hearts minds and souls to cherish and protect them and to commit to the essential task of teaching them right from wrong She acknowledges that parents no longer get much support from neighbors or public and private institutions but she urges mothers and fathers to work even harder to counteract the prevailing culture of selfishness and irresponsibility Parenthood by Proxy covers all aspects of parenting from childbearing to discipline from multiple families to being role models

The A, B, C'S of Parenting Janet Skinner,2014-12-31 If you are a first time parent of a newborn infant you are just finding out that parenting is not just a job its a full time round the clock profession for which there is no pay I find it hard to believe that we actually get more training for the job of birthing the baby than we do for the profession of raising the child Almost all parents attend a course that lasts about eight weeks in order to learn about childbirth which takes an average of eight to fifteen hours from start to completion And you have a team of experts there with you throughout

the entire process Then comes the day you take the little bundle home You are given a gift pack from the hospital and sent on your merry way to spend the next eighteen years guessing what to do next I believe this job is too important to leave up to chance For a child is a gift from God much more important than a gift to be placed on a shelf and forgotten all about Raising a child is an enormous responsibility and parents must take this responsibility seriously or face the consequences of not doing so Therefore I urge you to take the time to read this book I hope as you begin to walk down the path of parenting another human being the most important and incredible journey you will ever experience in life you will not forget the lessons learned from A to Z

Sham Steve Salerno, 2006-09-26 Self help To millions of Americans it seems like a godsend To many others it seems like a joke But as investigative reporter Steve Salerno reveals in this groundbreaking book it's neither in fact it's much worse than a joke Going deep inside the Self Help and Actualization Movement fittingly the words form the acronym SHAM Salerno offers the first serious exposé of this multibillion dollar industry and the real damage it is doing not just to its paying customers but to all of American society Based on the author's extensive reporting and the inside look at the industry he got while working at a leading lifestyle publisher SHAM shows how thinly credentialed experts now dispense advice on everything from mental health to relationships to diet to personal finance to business strategy Americans spend upward of 8 billion every year on self help programs and products And those staggering financial costs are actually the least of our worries SHAM demonstrates how the self help movement's core philosophies have infected virtually every aspect of American life the home the workplace the schools and more And Salerno exposes the downside of being uplifted showing how the empowering message that dominates self help today proves just as damaging as the blame shifting rhetoric of self help's Recovery movement SHAM also reveals How self help gurus conduct extensive market research to reach the same customers over and over without ever helping them The inside story on the most notorious gurus from Dr Phil to Dr Laura from Tony Robbins to John Gray How your company might be wasting money on motivational speakers executive coaches and other quick fixes that often hurt quality productivity and morale How the Recovery movement has eradicated notions of personal responsibility by labeling just about anything from drug abuse to sex addiction to shoplifting a dysfunction or disease How Americans blindly accept that twelve step programs offer the only hope of treating addiction when in fact these programs can do more harm than good How the self help movement inspired the disastrous emphasis on self esteem in our schools How self help rhetoric has pushed people away from proven medical treatments by persuading them that they can cure themselves through sheer application of will As Salerno shows to describe self help as a waste of time and money vastly understates its collateral damage And with SHAM the self help industry has
