Styles And Structures Alternative Approaches To College Writing:

Styles and Structures Charles Kay Smith,1974 **Paul's Literary Style** Aída Besançon Spencer,2007 Paul's Literary style is a groundbreaking stylistics study of the apostle Paul's varying style of written communications to different audiences. He writes as a warrior to the antagonistic Corinthians, a parent to the receptive Philippians, and a diplomat to the distant Romans. Cover p. 4 Catalog of Copyright Entries. Third Series Library of Congress. Copyright Office,1976 **A Laboratory Approach to Writing** Carol Feiser Laque,Phyllis A. Sherwood,1977 *A Richard Wright Bibliography* Kenneth Kinnamon,Joseph Benson,Michel Fabre,Craig Werner,1988-01-13 Any future biographical work on Richard Wright will find this bibliography a necessity: academic or public libraries supporting a program of black culture will find it invaluable, and it belongs in any library supporting American literature studies. Richard Wright has truly been well served. Choice. The most comprehensive bibliography ever compiled for an American writer, this book contains 13,117 annotated items pertaining to Richard Wright. It includes almost all published mentions of the author or his work in every language in which those mentions appear. Sources listed include books, articles, reviews, notes, news items, publishers' catalogs, promotional materials, book jackets, dissertations, and theses, encyclopedias, biographical dictionaries, handbooks, and study guides, library reports, best-seller charts, the Index Translationum, playbills, and advertisements, editorials, radio transcripts, and published letters and interviews. The bibliography is arranged chronologically by year. Each entry includes bibliographical information, an annotation by the author, and information about all reprintings, partial or full. The index is unusually complete and contains the titles of Wright's works, real and fictional characters in the works, entries relating to significant places and events in the author's life, important literary terminology, and much additional information. Style, 1983 **A Linguistically Inclusive Approach to Grading Writing** Hannah A. Franz,2024 Improve your grading and feedback practices to benefit your students and their writing development. This practical guide models a research-based, linguistically inclusive approach to grading writing so that you can incorporate inclusive assessment and feedback into your everyday practice. A linguistically inclusive grading approach honors Black linguistic justice, facilitates students' use of feedback, and guides students to make rhetorical linguistic choices. Develop skills for responding to organization, word choice, grammar, and mechanics rooted in African American English and other language varieties. Example comments and practices are included throughout the book to assist instructors, including those constrained by mandated grade weighting or rubrics that preclude adopting more extensive changes. *A Linguistically Inclusive Approach to Grading Writing* will benefit writing instructors across contexts, including teaching online, teaching high-achieving students, or using contract grading. **Book Features:** A linguistically inclusive approach to grading and offering feedback on language variation in college-level writing. Explanations with examples for how to use a linguistically inclusive grading approach across contexts and instructor goals. Concrete tools and adaptable models for responding to student writing for both formative and summative assessment, even when your students are using ChatGPT. An approach that

not only prevents grading bias but also effectively guides students to make their own rhetorical choices Summary lists of recommended practices and questions for instructors to self assess their instruction A companion suite of resources Students Right to Their Own Writing is available at srtow.org Performing Prose Chris Holcomb,M.
