Sub State Nationalism A Comparative Analysis Of Institutional Design:

Sub-State Nationalism Helen Catt, Michael Murphy, 2003-09-02 This book provides a much needed categorization and genuinely comparative analysis of the political voice gained by sub state national groups in multinational democratic communities

The Rise of Regionalism Rune Dahl Fitjar, 2009-09-10 This book examines why regional identities are stronger in some regions than in others and discusses the underlying causes of the mobilization of sub state regions in Western Europe over the past fifty years

The Politics of Charity Kerry O'Halloran, 2011-04-06 The Politics of Charity examines the contemporary political role played by charity as legally defined in the developed democratic nations It considers how this has come about why it is now significant what it is that is integral to the content and role of charity that allows it to hold such a pivotal political position and why this would seem to be non transferable to undemocratic nations It also identifies and assesses the political relevance of different types of charitable activity

Deficits and Debt in Industrialized Democracies Eisaku Ide, Gene Park, 2015-03-24 Since the global financial crisis government debt has soared globally by 40 percent and now exceeds an astonishing 100 trillion Not all countries though have fared the same Indeed even prior to the financial crisis the fiscal fates of countries have been diverging despite predictions that pressures from economic globalization push countries toward more convergent fiscally conservative policies Featuring the work of an international interdisciplinary team of scholars this volume explains patterns of fiscal performance persistent patterns of budget deficits and government debt from the 1970s to the present across seven countries France Italy Germany Japan South Korea Sweden and the United States Employing a comparative case study approach seldom employed in studies of fiscal performance contributions illuminate the complex causal factors often overlooked by quantitative studies and advances our theoretical understanding of fiscal performance Among other things the cases highlight the role of taxpayer consent tax structure the welfare state organization of interests and labor and financial markets in shaping fiscal outcomes A necessary resource to understand a broader array of factors that shape fiscal outcomes in specific national contexts this book will reinvigorate the study of fiscal performance

Women in Executive Power Gretchen Bauer, Manon Tremblay, 2011-03-10 A comprehensive regional study of women in the political executive power

The Political Power of Business Patrick Bernhagen, 2007-12-13 Investigates to what extent business can get what it wants politically as firms and trade associations have a better understanding of the likely effects of policy than politicians and because their decisions partly determine these effects

Climate Policy Changes in Germany and Japan Rie Watanabe, 2012-04-27 Climate Policy Changes in Germany and Japan compares two decades of climate policy development in Germany and Japan It examines whether there is any difference between the types and levels of policy change in the two countries and if so what factors account for the difference Using a comparison of climate policy changes in Germany and Japan from 1987 to 2005 as a basis it also discusses the effectiveness and the limits of existing theories of policy change and policy process most notably the Advocacy Coalition

Framework ACF Punctuated Equilibrium Approach and Multiple Stream Approach and explores the theoretical question as to how long term paradigmatic policy change takes place The book lastly presents a hypothetical model of the mechanisms of paradigmatic policy change The two countries form a useful comparative approach to the issue of climate change They represent the range of types and levels of changes in policies to control CO2 emissions in the industrial and energy sectors dependent variables while also demonstrating similarities in a number of independent variables the size and structure of their economies their shares in global GHG emissions their general policy making styles including strong administrative systems and close relationships between ministries and industries and their general environmental policies Climate Policy Changes in Germany and Japan will be of interest to students and scholars of environmental and comparative politics

Civil Society and Activism in Europe William A. Maloney, Jan W. Van Deth, 2010-04-05 This book examines the role of civil society organizations in several advanced European democracies Germany the Netherlands Spain Switzerland and the United Kingdom Specifically the book focuses on how voluntary organizations contribute to civic and democratic health and assesses the impact of different organizational types on social capital Building on Citizenship and Involvement in European Democracies and Social Capital and Associations in Europe 2007 this volume seeks to widen and deepen the analysis by introducing new data on activists and combining it with the organizational data and the population data It evaluates the impact of the organizational context on individual activity profiles and attitudes and values of activists and provides a unique assessment on the contribution that voluntary associations make to civil and democratic society Part One deals with the consequences of associational involvement for several attitudinal and behavioural orientations and Part Two expands the scope of the effects of voluntary associations towards European attitudes This book is essential reading for students and scholars of civil society democracy political participation politics and sociology The Globalization of Motherhood Wendy Chavkin, Jane Maree Maher, 2010-09-13 Brings together research from the Global North and the Global South to illuminate how contemporary motherhood is changed by the processes of globalization Young People and Politics Aaron Martin, 2012-06-14 This book examines young people's political engagement in the Anglo American democracies It is often alleged that young people are disengaged from politics on a number of levels The commonly held view is that young people don't vote they do not trust politicians and have low levels of political interest But is this true where is it true and to what extent Examining voter turnout political trust political interest electoral and non electoral forms of participation and Internet use this book provides a comprehensive account of young people's political engagement in the US Britain Canada and Australia In doing so this book challenges the conventional wisdom on a number of fronts by showing young people's political engagement to be much more complicated than many of the stereotypes suggest in both good and bad ways In this way this book provides a report card on young people's political engagement in the twenty first century Young People and Politics will be of interest to students and scholars of political science comparative politics public policy and sociology particularly those

with a focus on young people and politics political participation and public opinion *South African Foreign Policy Review: Volume 1* Chris Landsberg, Jo-Ansie van Wyk, 2012-12-27 The richness of public and academic discourses on the past present and future direction of South Africa's role in Africa and the world suggests that as a sub discipline of politics South African foreign policy is ready for a systematic and regular appraisal in the form of a series of publications that the Institute for Global Dialogue will call South African Foreign Policy Review This is also because constant changes in international and domestic circumstances impinge on the management and analysis of South Africa's foreign policy This the first review provides an important opportunity to build on existing foreign policy works in order to take stock of the road already travelled in the past decade or so This is crucial in laying some basis for anticipating the country's future role and considering the opportunities and challenges which future volumes of the review will consider This volume provides a wide ranging appraisal of the relationship between stated foreign policy goals and actual outputs and outcomes an assessment of how foreign policy has actually been operationalized and implemented To this end common themes in South African foreign policy provide the framework for the first review These include foreign policy decision making soft power dynamics in the foreign policy's strategic calculus diplomatic tools used economic diplomacy peace diplomacy and paradiplomacy South Africa's relations with key states in Africa in the global south and in the global north South Africa's approach to Africa multilateral global multilateralism governance The review hopes to stimulate further discussion and thinking on the challenges confronted and the future shape and direction of South Africa's foreign policy *South African Foreign Policy Review: Volume 1* , 2012 **The Politics of Foundations** Helmut Anheier, Siobhan Daly, 2006-11-24 This book explores the roles and visions foundations have of and for themselves in the new Europe The leading contributors go beyond a quantitative profile of foundations in Europe and probe deeper into their role and contributions in meeting the economic cultural environmental and educational needs of European societies Includes a mapping and appraisal of foundation visions policies and strategies and an overall assessment of the current and future policy environment in which they operate The Politics of Foundations combines the detailed comparative analysis of current challenges facing foundations with individual country studies on Austria Belgium Czech Republic Denmark Estonia France Germany Greece Hungary Ireland Italy the Netherlands Norway Poland Spain Sweden Switzerland and the United Kingdom and also includes a comparative view from the United States This valuable reference will be of interest to researchers and students of foundations policy making comparative politics and international business as well as policy makers and professionals **Social Capital and Associations in European Democracies** William A. Maloney, Sigrid Rossteutscher, 2007-01-24 This unique book offers an empirical assessment of how social and political involvement relates to theories of citizenship and democracy and is a companion volume to *Citizenship and Involvement in European Democracies* *Citizenship and Involvement in European Democracies* Jan W. Van Deth, José Ramón Montero, Anders Westholm, 2007-02-12 This unique study presents the results of a cross national analysis of

citizenship and participation among citizens in twelve European democracies Research on the future and quality of contemporary democracy is usually restricted to focus either on political participation on particular aspects of citizenship or on social activities exclusively This new book offers the first empirical investigation of the relationships both between social and political involvement and between small scale and large scale democracies Citizenship and Involvement in European Democracies offers representative samples of the populations in a selection of European countries between 2000 2002 including Denmark Germany East and West Moldova the Netherlands Norway Portugal Romania Russia Slovenia Spain Sweden and Switzerland The leading contributors provide new theoretical insights and offer a broad conceptualization of citizenship stimulating the ongoing discussions about the problems and challenges of democratic political systems This book has a companion volume entitled Social Capital and Associations in European Democracies edited by William A Maloney and Sigrid Ro teutscher Routledge 2006 Both volumes will be of great interest to students and researchers of European politics comparative politics and sociology

The Politics of Women's Interests Louise Chappell, Lisa Hill, 2006-09-27 This new study reveals how institutional practices and discourses shape the way men and women are conceived of and how through this process gender stereotypes and expectations are created Informed by the latest research and trends these expert authors examine the way in which domestic and global institutions shape and reflect gender interests and the extent to which feminists can challenge gender norms through political institutions They examine regional national and international institutions including the EU ICC and UN and take a broad view of political institutions to include bureaucracy federalism legal structures parliaments voting and electoral institutions and media coverage of women s involvement in such institutions Drawing on experiences in the US UK Australia Canada and New Zealand this book will be of great interest to students and scholars of gender studies political science and comparative politics

Semi-Presidentialism Outside Europe Robert Elgie, Sophia Moestrup, 2007-06-11 This is the first academic study of the impact of semi presidentialism in emerging democracies outside of Europe Semi presidentialism is where there is both a directly elected fixed term president and a prime minister who is responsible to the legislature For the most part semi presidentialism is seen as being a risky choice for new democracies because it can create potentially destabilizing competition between the president and prime minister And yet there are now more than fifty semi presidential countries in the world Moreover many of these countries are in Africa the former Soviet Union and Asia often in places where democracy has yet to establish a firm foundation This study begins with a chapter that discusses the advantages and disadvantages of semi presidentialism and provides the theoretical framework for a wide ranging series of country chapters presented in the second part of the book Written by country area specialists the case studies highlight the political processes at work in young semi presidential democracies Semi Presidentialism Outside Europe will appeal to those researching and studying in the fields of comparative politics development and democracy

Citizenship and Ethnic Conflict Haldun Güalp, 2006 Making a new case for separating citizenship from nationality this

book comparatively examines a key selection of nation states in terms of their definitions of nationality and citizenship and the ways in which the association of some with the European Union has transformed these definitions In a combination of case studies from Europe and the Middle East this book s comparative framework addresses the question of citizenship and ethnic conflict from the foundation of the nation state to the current challenges raised by globalization This edited volume examines six different countries and looks at the way that ethnic or religious identity lies at the core of the national community ultimately determining the state s definition and treatment of its citizens The selected contributors to this new volume investigate this common ambiguity in the construction of nations and look at the contrasting ways in which the issues of citizenship and identity are handled by different nation states This book will be of great interest to students and scholars studying in the areas of citizenship and the nation state ethnic conflict globalization and Middle Eastern and European Politics

Representing Women in Parliament Marian Sawer, Manon Tremblay, Linda Trimble, 2006-09-27 Written by a major international team of authors this new study features twelve chapters on both new and established parliaments including Australia Canada New Zealand and the United Kingdom It tests the latest theories about women s political representation within Westminster style assemblies and is clearly organized into three key sections

Party Policy in Modern Democracies Kenneth Benoit, Michael Laver, 2006-10-16 A new and wide ranging empirical overview of party policy in 47 modern democracies including all of the new democracies of Eastern Europe It updates and radically extends Policy and Party Competition 1992 which established itself as a key mainstream data source for all political scientists exploring the policy positions of political parties This essential text is divided into three clear parts Part I introduces the study themes and methodology Part II deals in depth with the wide range of issues involved in estimating and analyzing the policy positions of key political actors Part III is the key data section that identifies key policy dimensions across the 47 countries detailing their party positions and median legislators and is complemented by graphical representations of each party system This book is an invaluable reference for all political scientists particularly those interested in party policy and comparative politics
