Coca Wine Aymon de Lestrange, 2018-12-18 A lavishly illustrated history of coca wine and the revolutionary advertising methods that made it a world wide success Follows 19th century pharmacist Angelo Mariani's interest in coca from medical uses to the development and healing effects of his world famous coca wine Vin Mariani Explores the botany of coca how it differs from cocaine its traditional uses and early scientific studies on coca from doctors including Sigmund Freud Examines Mariani's highly successful international advertising campaigns the first to use celebrity endorsements including testimonies from Pope Benedict XV Sarah Bernhardt Thomas Edison Jules Verne H G Wells William McKinley Emile Zola and Alphonse Mucha One of the oldest and most potent natural stimulants the leaves of the coca plant are the organic source from which cocaine is synthesized Fresh coca leaves and products made from them have verified medicinal and healing properties and not the same addictive qualities or negative side effects as cocaine In the late 19th century coca products became hugely successful in Europe and the United States The most famous was Vin Mariani a coca based tonic wine developed by Corsican pharmacist Angelo Mariani 1838-1914 Many celebrities sang its praises including Pope Benedict XV Sarah Bernhardt Thomas Edison H G Wells William McKinley Emile Zola and the doctors of Ulysses S Grant who credited Vin Mariani with giving him the strength to finish his memoirs before his death In this full color illustrated history of coca wine the first of its kind author Aymon de Lestrange follows Mariani's interest in coca from its medicinal applications to the creation of the tonic wine The author explores the botany of coca how it differs from cocaine its traditional use in pre-Columbian America and scientific studies on coca from the 17th through 19th centuries including from Sigmund Freud who was a known user He describes the introduction of coca in the U S and France and the many coca preparations then available at drugstores He also studies the introduction of cocaine in these two countries and the prohibition laws that followed Aymon de Lestrange demonstrates how Mariani became in many ways the father of modern

advertising with his highly successful advertising campaigns He includes vivid reproductions of Mariani s advertisements many not seen since their original publication in the late 19th and early 20th centuries and shows how Mariani commissioned the top writers and artists of the day such as Jules Ch ret and Alphonse Mucha to produce works celebrating coca wine The author reveals how Vin Mariani was the forerunner of Coca Cola which clearly plagiarized not only Mariani s product but also his advertising methods Looking to the future of coca the author shows how it has gained renewed interest in the scientific community for its therapeutic and nutritional properties and in the spiritual community which is seeking to rehabilitate the reputation of coca the sacred plant of the Incas

The Critical Reception of Sir Arthur Conan Doyle Laurence W. Mazzeno,2023 Examines both academic and popular assessments of Conan Doyle s work giving pride of place to the Holmes stories and their adaptations and also attending to the wide range of his published work Twenty first century readers television viewers and moviegoers know Arthur Conan Doyle as the creator of Sherlock Holmes the world s most recognizable fictional detective Holmes s enduring popularity has kept Conan Doyle in the public eye However Holmes has taken on a life of his own generating a steady stream of critical commentary while Conan Doyle s other works are slighted or ignored Yet the Holmes stories make up only a small portion of Conan Doyle s published work which includes mainstream and historical fiction history drama medical spiritualist and political tracts and even essays on photography When Doyle published whatever the subject his contemporaries took note Yet outside of the fiction featuring Sherlock Holmes until recently relatively little has been done to analyze the reception Conan Doyle s work received during his lifetime and since his death This book examines both academic and popular assessments of Conan Doyle s work giving pride of place to the Holmes stories and their many adaptations for print visual and online media but attending to his other contributions to turn of the twentieth century culture as well The availability of periodicals and newspapers online makes it possible to develop an assessment of Conan Doyle s and Sherlock Holmes s reputation among a wider readership and viewership thus allowing for development of a broader and more accurate portrait of Doyle s place in literary and cultural history
