Beneficio Ana Blanco Martínez,2016-06-01 La andota es un recurso pedagógico muy útil ya que permite vestir de realidad un concepto rico. Este libro repleto de experiencias contadas a través de andotas te da la oportunidad de adquirir de segunda mano las enseñanzas que te libran de los errores ya cometidos por otros y a la vez te permiten trazar caminos más cortos y seguros para alcanzar mejores resultados en tus procesos comerciales. La experiencia solo la da la práctica. La venta ya no es un acto que corresponde solo a un departamento de la empresa, al departamento comercial, la venta hoy es un proceso que involucra a todas las personas de la organización. Por eso en este se incluyen reflexiones que atañen a situaciones de relación con el cliente independientemente del puesto y cargo que se desempeña ya que a través de todas ellas el cliente valora el servicio facilitado por nuestra empresa. Mientras las empresas estaban departamentadas cada sección tenía unos objetivos y unas tareas concretas no enlazadas con el resto de departamentos. Por decirlo de alguna manera han sido hasta hace pocos años departamentos estancos. En las empresas hay procesos de calidad, procesos de almacenaje, procesos de producción, procesos de evacuación frente a un incendio, realmente existen procesos para todo excepto para fabricar clientes satisfechos. A modo de provocación y para que sirva de inspiración aquí se sugiere un proceso que involucra a toda la organización. Este proceso está compuesto por los hitos en los que el cliente evalúa tanto el producto como el servicio que le presta: una firma NDICE. Introducción. Prólogo. El proceso de la venta. Primera fase: Darse a conocer. Segunda fase: El diagnóstico. Tercera fase: El proyecto de colaboración. Cuarta fase: El precio y el presupuesto. Quinta fase: Relación contractual, la ley y el contrato. Sexta fase: Ejecución, realización del servicio y entrega del producto. Séptima fase: Crecimiento y fidelización. Octava fase: Desarrollo de conciencia de satisfacción y tratamiento de incidencias. Novena fase: Gestión de cobro.

El camino a Ítaca Ben Pastor,2015-10-22 Moscú 31 de mayo de 1941. Hitler está a punto de invadir la Unión Soviética pero aún no está vigente el Pacto Germano Soviético. Se respira ambigüedad y doble juego. En este ambiente viciado el capitán Martin Bora recibe un encargo: un tanto pintoresco, desplazarse a Creta recientemente conquistada por griegos y británicos para hacerse con sesenta botellas de un vino muy apreciado por Laurenti Beria, el todopoderoso y temido jefe de la policía política de Stalin. Nada más llegar a Creta aún sacudida por el baño de sangre que acaba de librarse en la isla, Bora recibe la orden de investigar el misterioso asesinato de un arqueólogo suizo presuntamente a manos de unos paracaidistas alemanes. Se trata de un experto del mundo clásico cuyos estudios sobre el origen de los arios interesan al máximo dirigente de las SS, Heinrich Himmler. Con la ayuda de un impasible comisario griego, el Ulises de Joyce, en el bolsillo y la compañía de una peculiar arqueóloga estadounidense que conoce la isla, Bora emprende su particular odisea en busca de la verdad. Un viaje interno y externo arrastrando sus dudas y contradicciones vitales por el laberinto cretense mientras sorteando el peligro de la resistencia griega y de los no menos amigables paracaidistas alemanes. Lo que no sabe Bora es que este crimen tiene mucho más calado de lo que

le han revelado y que su investigación como una nueva lucha contra el Minotauro dependiendo del frgil hilo salvador de Ariadna va a afectar a toda una trama relacionada con el futuro de la invasión de la Unión Soviética El camino a taca es una novela llena de reminiscencias y evocaciones culturales y mitológicas que Ben Pastor sabe engarzar magistralmente en una trama de intriga traiciones e hipocresías Un nuevo caso para el reflexivo capitán Martín Bora que tendrá que hacer grandes esfuerzos para compaginar su tica con el deber en un periodo tan inhumano como los convulsos años de la Segunda Guerra Mundial *Las aventuras de "Cuatro Remos"* Daniel Barros Grez,1921 **El secreto de Jesús** Francisco Manuel Arevalo Sanchez,2015-09-07 Este libro cuenta la historia de como podría haber sido la vida de Jesús Una historia alternativa de lo que siempre se ha contado No es el mesías tuvo hermanos no resucitó Y también cuenta una pequeña historia de como a lo largo de la historia pasa de mano en mano un pergamino que describe la verdad sobre la historia del nazareno Una novela con dosis de misterio erístico histórico Una novela perfecta para los que le gustaron el cédigo da Vinci Esta novela es todo ficción sin tener que ver con la verdadera historia de Jesús de Nazaret *Nuestra especie* Marvin Harris,1994 La historia de nuestra especie plantea interrogantes que afectan por igual a toda la humanidad Cuando y cómo surgió la vida humana cómo eran las primeras sociedades y lenguajes humanos qué aspectos de la condición humana están inscritos en nuestros genes y cuáles forman parte de la herencia cultural el autor aborda estas cuestiones desde una perspectiva panhumana biosocial y evolutiva que a partir del dato concreto y local le permite presentar un panorama amplio de la evolución material y cultural del hombre
