

SUBLIMINAL TIME

Laynie Browne's writing is "The function of a knee; for wading into subliminal time." Jena Osman is making a relational proximity of a man beaten on camera and her memory. Lori Lubeski's no world comes from

a strong boyhood dream. There's no uniform subject in Carla Harryman's and Lyn Hejinian's dual memory.

Randall Potts' writing is a double sight where images are absent: "Each body alone in the clearing pierced." Eileen Myles prefigures the deaths of others in her being her name. Jerry Estrin draws crowds to them retrieving them backward. George Albon's "skins inside the image." To John D. Greb retreat is sublimation. Linear thought is incomprehensible. Milton Apache hallucinates in nature. Aaron Shurin hallucinates nature, as if it were blind. A.A. Hedge Coke's delineating history compares to Robert Grenier's 'poems' drawn superimposed on each other so that their meaning and reading are the same in that imposition. Lizbeth Keiley makes the blind self be nature.

Writing a real past is dilated present even minutia in Susan Howe's, Norma Cole's and Laura Moriarty's writing.

after all this time Remember how it felt when you first met your partner the excitement You couldn't wait to see them because anything you did together was magical The subliminal MP3 is the first and the most important step There are 4 other steps that are absolutely simple to do but when combined with the subliminal suggestions of the MP3 become of very powerful system Create the relationship that you want Rekindle the magic that your relationship had when you first met your partner Add excitement back into lives This is an exciting time the time to start something new I'd like to thank you personally for allowing me to be your guide I know that together we can accomplish anything James

lives That's what subliminal messages do they bypass the gatekeeper conscious mind and build new information in the subconscious mind information that could lead to a positive change in our lives Technically since all the messages presented in these coloring pages are visible to your conscious mind if you focus on them they are not subliminal below the level of perception but would be called supraliminal above the absolute level of perception But if you can turn off the conscious mind by coloring the messages can seep into the unconscious mind with positive effects Scientists have found such supraliminal messages can effect a measurable change as long as it is simple and the person has a desire to change
