Subsistence and Economic Development Ronald E. Seavoy, 2000-08-30 Annotation Shows why economic development is primarily a political process **Subsistence agriculture and economic development** Clifton R. Wharton,

Subsistence Agriculture and Economic Development Clifton R. Wharton, **Subsistence Agriculture and Economic Development** Clifton R. Wharton, Wharton, Jr, 2017 One of the more perplexing problems of economic development is helping subsistence farmers break away from production simply for home consumption to become commercial farmers producing more and more for sale in the marketplace Although subsistence farms occupy 40 percent of the worlds cultivated land and support half of mankind facts about them and programs to increase their output are scattered Subsistence Agriculture and Economic Development provides a unique overview of these difficulties and their significance to economic development It is the first book to subject subsistence agriculture to rigorous multi disciplinary examination and to bring to light new theory and empirical evidence directed toward solving the problem This volume contains original chapters by forty leading social scientists and agricultural specialists who summarize contemporary theory fact and policy on the problems of developing agriculture from subsistence to a commercial basis Each contributor speaks from one or more of the relevant standpoints of economics sociology agronomy political science anthropology and social psychology There emerges a clear meaningful picture of the subsistence farmer and the problems involved in changing his attitudes methods of production and economic and social environment Broad in scope documented with pertinent case studies and far reaching in its guidelines for future research and policy this work should be read by all concerned with increasing food production and with economic development This is an area of special concern in the uses of food products as the basis for new energy resources an issue of increasing importance in the advancing use of ethanol as a fuel drawn from corn products Provided by publisher

Subsistence to Exchange and Other Essays Péter Tamás Bauer, 2004-04-25 Peter Bauer a pioneer of development economics is an incisive thinker whose work continues to influence fields from political science to history to anthropology As Nobel Laureate Amartya Sen writes in the introduction to this book the originality force and extensive bearing of his writings have been quite astonishing This collection of Bauer s essays reveals the full power and range of his thought as well as the central concern that underlies so much of his diverse work the impact of people s conduct their cultural institutions and the policies of their governments on economic progress The papers here cover pressing and controversial issues including the

process that transforms a subsistence economy into an exchange economy the reputed correlation between poverty and population density the alleged responsibility of the West for Third World poverty the often counterproductive results of foreign aid and the effects of egalitarian policies on individual freedoms Bauer addresses these and other matters with clarity verve and wit combining his deep understanding of economic theory and methodology with keen insights into human nature The book is a penetrating account of how to develop a prosperous economy alongside a free and fair society and a stimulating introduction to the work of a man who has done so much to shape our modern understanding of developing economies and of the relationship of economics to the other social sciences This selection of essays will give readers a wonderful opportunity to learn about the rich world of cognizance and analysis erected by one of the great architects of political economy I feel privileged to be able to offer this letter of invitation From the introduction by Amartya Sen Nobel Laureate in economics *Subsistence And Change* Garth Massey, 2019-07-11 Focusing on an agropastoral society of southcentral Somalia this book explores the seeming incompatibility of subsistence agriculture and development goals Based upon survey and ethnographic research carried out among the Rahanweyn the study pays particular attention to economic activities linking them with environmental factors as well as with history culture the division of labor and women's roles family structure demography and herding and agriculture How change can best be introduced into such a society is the central question of the book The meaning of subsistence and its relationship to self sufficiency and a survival threshold are examined within the context of an externally imposed market system The implications of rapidly induced market involvement in a traditional society are looked at in light of data on a range of subsistence societies The author argues for a redirection of development practices making a case for the viability of a mixed agropastoral system that diverges little from the traditional subsistence patterns and for peasant centered development compatible with subsistence production balancing national and international interests **Subsistence agriculture and economic development** Francisco José León Tello, 1969

Economics, Growth and Sustainable Environments David Collard, David W. Pearce, David Ulph, 1988-01-26 This volume brings together leading economists in the UK to address the issue of the sustainable use of the natural environment The result is a set of original essays which reappraise the no growth debate investigate the new environmental ethic being built on the concept of sustainable development look at the way in which projects with major environmental consequences should be evaluated and ask how future generations are to be represented in economic evaluation **Subsistence Economy** Alexander Dede Sagay, 1966 Growth and Development A.P. Thirlwall, 1989-03-23 This revised edition includes new material on foreign assistance and debt and has updated statistics and the institutional material The book aims to provide students with an understanding of the theory and practice of economic development *Rethinking Law and Development* Guanghua Yu, 2013 This book examines the relationship between law and China's economic and human development It explores the development of the Chinese legal system both from China's historical perspective considering the specific

political and socioeconomic factors that are shaping Chinese law and from a comparative perspective exploring the interaction between China and the rest of the world It considers the both the linkages between the formal law and China s economic development and issues of law human rights and social justice as they relate to economic and human development

Understanding Human Rights Violations Steven C. Poe,2019-06-04 Originally published in 2004 This excellent volume presents a systematic analysis of various human rights violations around the globe focusing on security and subsistence rights The book collects important contributions to the theoretical development of the human rights phenomenon covering a wide range of human rights issues and research approaches The research presented combines a variety of qualitative and quantitative approaches and brings together both theoretical and empirical work It places particular emphasis on making the advanced statistical methods that are used to test the arguments accessible to a wider readership *Understanding Human Rights Violations* will prove a useful tool for all in the fields of international human rights peace studies political violence and international law and offers a valuable introduction into the literature on human rights violations

A Critical Analysis of the Contributions of Notable Black Economists Kojo A. Quartey,2017-07-05 This book introduces and critically analyzes the achievements of major black economists and their contributions to the realm of economic thought The book begins with a brief overview of the contribution of Africans to philosophy and economic thought and goes on to discuss individuals who have made the most significant contributions to this field There is particular reference to their background and influences including a critical analysis of individual thought Kojo Quartey s book provides an essential supplement to any economic history text

Preparing a Nation? Brad Underhill,2024-08-22 Preparing a Nation based on extensive archival research addresses perennial questions of Australian colonialism in Papua New Guinea To what extent did Australia prepare Papua New Guinea for independence And what were the policies and the ideologies behind colonial development implemented after World War II A key innovation of this book is to take these questions from policy desks in Canberra and Port Moresby to the villages of four administrative areas Chimbu Milne Bay Sepik and New Hanover How successful were Australian colonial planners in designing and implementing programs that could ameliorate the potential harm of market capitalism and develop new socioeconomic structures that would combine a disparate people into an imagined community capable of becoming an independent nation state in the far distant future Colonial intention is contrasted with Indigenous experience Bradley Underhill explores an Australian governmental tendency to prioritise colonial control over Indigenous autonomy in circumstances where subjugated people do not necessarily fit within an expected narrative of compliant or westernised native I expect it will become the standard reference for its subject which covers a
