Safe and Successful Schools Johnny R. Purvis,2008-12

Who Are You Who Are So Wise in the Science of Teaching? Rex R. Schultze J.D.,2021-02-10 Based upon years of reviewing the work product of building principals s evaluations of their teaching staff it has been evident to me there is a clear need to improve this critical aspect of school administration This book is designed to provide building principals and assistant principals with guidance on 1 the necessary preparation of the principal to be effective at guiding and coaching their staff 2 the laying of the foundation for their teachers to know the standard of performance expected by the school district as whole and the specific building where they serve

guide and teach their students 3 the teaching of their instructional staff what constitutes good lesson planning and instruction as defined by the educational model adopted by the school and art of teaching under that model 4 developing the skills for the writing of effective teacher formative and summative evaluations to assist in the improvement of instruction and 5 the work required in 1 to 4 above to establish and qualify the principal as an expert witness under the Rules of Evidence if he she is called upon to participate in the end game of moving an underperforming teacher along The book is designed as a step by step process with reading assignments and self instruction tasks at the end of each chapter applying the concepts teaching supporting and assisting teachers in the science of teaching needed to develop maintain and excel at their craft It is shown scientifically that where teachers know the district s standards of performance student learning improves and students learn how to learn essential in today s ever changing society Being an effective building principal thus requires you to be an expert in your field i e that person who is rhetorically asked Who are you who are so wise in the science of teaching About the Author As you will surmise quickly in reading this book Rex Schultze has had the fortunate circumstance of being immersed in public education for his entire life from 1951 to the present as a teacher s and administrator s kid as a high school teacher for four years as the brother of an elementary school teacher and administrator and as a lawyer with a 40 year practice focused on public education both K 12 and community college levels As such he brings to you in Who are you who are so wise in the science of teaching a lifetime of perspective on the value of an education and particularly public education the most important equalizer of the citizens of our country and the need to grow support and nurture the best teachers possible Rex is a Boomer as in Baby Boomer OK Boomer an early version of that generation that grew up in the 50 s and 60 s so you will find references to the movies and music of those days throughout the book to add perspective and some fun Apologies in advance for the succeeding generations you can google the references a contribution by Rex to your personal history journey *Catalog of Copyright Entries. Third Series* Library of Congress. Copyright Office, 1956 Includes Part 1 Number 1 Books and Pamphlets Including Serials and Contributions to Periodicals January June **Building Effective Physical Education Programs** Deborah Tannehill, Dr Hans Van Der Mars, Ann MacPhail, 2013-10-21 Building Effective Physical Education Programs is a unique text focused on designing and delivering school physical education programs The text succeeds in helping pre service novice and more experienced teachers to understand the essential components necessary to create and deliver impactful physical education programs within their school or organization Through its use of engaging learning experiences found in each chapter this text is ideal for use across various physical education teacher courses and teacher professional development programs Written for an international audience Building Effective Physical Education Programs acknowledges both the similarities and differences of physical education programs from country to country International case studies are included to further illustrate worldwide practices This text is appropriate for the student who is interested in the field of physical education as well as the seasoned professional with years of experience Key Features

Learning Experience boxes help readers apply knowledge gained from the text to real world practice by utilizing activities and critical thinking questions to drive comprehension An international perspective on physical education provides a global viewpoint and gives students a broad context for different program types A focus on current trends and issues makes this text relevant and timely Ancillaries provide instructors with the tools to implement a successful physical education teacher education course Instructor resources include Instructor s Manual Test Bank and PowerPoint presentations Student resources include Companion website and Student Study Guide

The New Teacher's Complete Sourcebook Bonnie P. Murray,2002 A seasoned elementary teacher shares her strategies in this amazing super practical guide You ll find everything you need to set up your classroom for maximum learning prepare dynamite lessons create an effective classroom management plan and so much more From getting ready for the first day to staying on target through June this must have book will be your companion for years to come For use with Grades K 4

The Win-Win Classroom Jane Bluestein,2008 The reader comes away with strategies for implementation and the confidence to create win win classrooms and support students in self management Jo Ann Freiberg Educational Consultant Includes more examples than any other book of its kind I ve ever read Stephen Haslam Educational Consultant The focus throughout this book is on effective classroom strategies for setting up a win win environment where everyone s needs are met and there are fewer power struggles to disrupt instruction Wendy Marshal Director Educational Technology Training Center Armstrong Atlantic State University At the start of your career or at the end of your rope When it comes to student behavior challenges in the classroom conventional practices and punitive discipline codes often fail to motivate students to change their attitudes or behavior Recognized for defining a nontraditional approach that really works Jane Bluestein offers educators ways to prevent discipline problems build student accountability and end frustrating power struggles with kids of all ages This authoritative research based guidebook discusses the impact of stress brain functioning learning styles and social and emotional issues on student behavior You ll find examples guidelines charts and anecdotes along with practical powerful and effective ideas to help you Avoid falling into the rules and punishment trap Establish win win authority relationships while defusing conflict and opposition Build a positive caring and emotionally safe learning climate Encourage student cooperation motivation self management and on task behavior Engage even the most defiant defeated or resistant learner by using powerful alternative strategies The Win Win Classroom will change the way you interact with students and help you build a positive social culture within your school and classroom
