Living with Multiple Sclerosis Ph. D. John Morris Fenley, 2003-10 My caregiver training started early in life extended through the 44 years after Eileen was diagnosed as having multiple sclerosis and did not end until her death in 2001 At home I provided full care to her planned and thought ahead but always was willing to sacrifice my personal freedom and to suffer frequent heartbreak As a caregiver I received a lifetime of gratitude from Eileen to give me satisfaction of having successfully met her daily MS demands The early training I received in childhood coincided with the years of the Great Depression from the late 1920 s through the 1930 s and the first years of the 1940 s During that time I had the least possible financial assistance from anybody yet I became an unpaid electrician plumber carpenter auto repairer a Mr Fixit for the entire Fenley family The four years I served in the US Army were very pleasant advancing from private to major in an endless procession of challenging but interesting extra duties in addition to my regular ones These I describe as my lucky Army breaks I have bared my soul Happy reading
