Success And Crisis In National Health Systems A Comparative Approach:

Success and Crisis in National Health Systems Mark George Field, 1989-01-01 The SAGE Handbook of Qualitative Methods in Health Research Ivy Bourgeault, Robert Dingwall, Ray de Vries, 2010-08-19 The Sage Handbook of Qualitative Methods in Health Research is a comprehensive and authoritative source on qualitative research methods The Handbook compiles accessible yet vigorous academic contributions by respected academics from the fast growing field of qualitative methods in health research and consists of A series of case studies in the ways in which qualitative methods have contributed to the development of thinking in fields relevant to policy and practice in health care A section examining the main theoretical sources drawn on by qualitative researchers A section on specific techniques for the collection of data A section exploring issues relevant to the strategic place of qualitative research in health care environments The Sage Handbook of Qualitative Methods in Health Research is an invaluable source of reference for all students researchers and practitioners with a background in the health professions or health sciences *Jonas and Kovner's Health Care Delivery in the United States* Anthony R. Kovner, Steven Jonas, 2002 Thoroughly presents today's health care system its administration and its dissemination **Jonas and Kovner's Health Care Delivery in the United States** Anthony R. Kovner, PhD, James Knickman, 2005-06-22 How is health care understood and assessed in America What are the characteristics of those institutions which provide it Over the short term how are changes in health care provisions affecting the health of the population the cost of care and access to care This eighth edition discusses these and other core issues in the field

China's Urban Health Care Reform Chack-kie Wong, Vai Io Lo, Kwong-Leung Tang, 2006-01-01 One way to describe the importance of social policy is to say it's about what is and what might be This ethos is the driving force behind Chack Kie Wong Vai Io Lo and Kwong leung Tang's China's Urban Health Care Reform Based on a study of a mid level city in China these three scholars provide analysis and offer theory based recommendations on health care development Using a comparative policy framework supported by a legal expert's knowledge of regulatory specifications China's Urban Health Care Reform argues that a strategy with priority in economic growth as in the case of China does not bring forth cost efficiency and equity in health care for the whole nation Ultimately Wong Lo and Tang strive to offer direction for health care reform that will lead to better health care in China's cities As a result this is a work of great significance to anyone involved in public health social work public policy medicine or law Health Care and Cost Containment in the European Union Elias Mossialos, Julian Le Grand, 2019-05-20 First published in 1999 this volume aims to describe and analyse the experience of cost containment in Europe over the last fifteen years in order to understand that experience and to determine as best we can which methods were successful and which were not Part I provides an overview of healthcare in the European Union an overview of recent expenditure trends Part II complements the first examining in detail cost containment policies in each EU Member State The country based chapters refer to developments up to mid 1997 **Social Work in a Globalizing World**

Lena Dominelli,2010-12-28 Written by a leading social work academic whose work is internationally renowned this book confronts contemporary challenges facing social workers in relation to globalization and the rise of international global problems *The Disabled in the Soviet Union* William O. McCagg,Lewis Siegelbaum,2017-03-13 In topics ranging from industrial accident prevention before and during Stalin s industrialization drive to the long and complex history of the Soviet science called defectology the essays in this collection chronicle the responses of the state and society to a variety of disabled groups and disabilities Also included in addition to the editors are Julie Brown Vera Dunham David Joravsky Janet Knox and Alex Kozulin Stephen and Ethel Dunn Bernice Madison Paul Raymond and Mark Field This unusual and provocative collection brings to light a dimension of Soviet history and policy rarely explored **Immigration to Israel** Elazer Leshem,2017-09-04 This eighth volume in the Studies of Israeli Society series presents a broad array of topics related to the sociology of immigration to Israel The focus is on immigration and migration during the 1980s and 1990s The chapters were selected from a list of approximately 450 articles on the subject by Israeli sociologists The book covers such issues as migrants in the occupational structure migration and health formal and informal mechanisms of integration ethnic identities and processes of integration and processes of migration and their implications Immigration to Israel opens with two papers written specifically for this volume The first is a theoretical historical chapter by the editors They discuss the role and contribution of Israeli sociologists to the ongoing literature of migration The second by Sergio DellaPergola provides a historical and comparative perspective of the underlying demographic characteristics of migration to Israel in the context of global Jewish migration processes Other chapters and contributors include New Entrepreneurs and Entrepreneurial Aspirations among Immigrants from the Former USSR in Israel by M Lerner and Y Hendeles New Immigrants as a Special Group in the Israeli Armed Forces by V Azarya and B Kimmerling Iranian Ethnicity in Israel by J L Goldstein Ethiopian Immigrants in Israel by S Kaplan and C Rosen The Attitudes of Israeli Youth Toward Inter ethnic and Intra ethnic Marriage by R Shachar and Jewish Immigrants from Israel in the United States by Z Eisenbach Immigration to Israel Sociological Perspectives concludes with a selected bibliography This volume contains a wealth of information and will be important to sociologists historians scholars of Israeli culture and ethnicity specialists *Governing the Health Care State* Michael Moran,1999 This book represents the first comparative study of how health policy is made in leading industrial nations Using detailed case histories of the UK the US and Germany it shows that health care systems and modern states are indissolubly bound together The author explains how the health care state originated before the rise of democracy and demonstrates that it has had to confront the twin pressures of democratic politics and competitive capitalism It focuses on three important arenas of health care politics the government of consumption the government of doctors and the government of medical technology and illustrates how these three arenas intersect International Development Of Health Psychology John Weinman,Mary A. Jansen,2022-02-22 First Published in 1991 With any new area of research particularly one in which

development has been so rapid and influential it is important to take stock of progress and identify critical issues Health Psychology shows great potential both as a research area and a profession and the careful planning of good quality research and of appropriately structured training programs is imperative if this potential is to be realised this book explores the way in which this discipline has developed internationally and the nature of different types of training programs which have emerged This book is intended for health psychologists who are interested in the latest developments in their field around the world and will be particularly valuable to those responsible for training programs *Health Care Systems in Liberal Democracies* Ann Wall, 2002-11 First published in 2004 Routledge is an imprint of Taylor Francis an informal company

Health Insurance Reforms in Asia Sabrina Luk, 2014-03-26 This book empirically examines health care financing reforms and popular responses in three major cities in East Asia Shanghai Singapore and Hong Kong It adopts a new revised version of the theory of historical institutionalism to compare and explain the divergent reform paths in these three places over the past three decades It also examines forces that propel institutional change The book provides three detailed case studies on the development of health care financing reforms and the politics of implementing them It shows that health care systems in Shanghai Singapore and Hong Kong were the products of Western presence in the nineteenth century It illustrates how greater attention is paid to the roles played by ideas actors and environmental triggers without abandoning the core assumptions that political institutions and policy feedback remain central to impact health care financing reforms It shows that health care financing reform is shaped by a complex interplay of forces over time It also provides the most updated material about health care financing reforms in Shanghai Singapore and Hong Kong The central argument of this book is that health care financing reform is both an evolving process responding to changing circumstances and a political process revealing an intricate interplay of power relationships and diverse interests It shows that institutional changes in health care financing system can be incremental but transformative in nature It argues that social policies will continue to develop and welfare states will continue to adapt and evolve in order to cope with new risks and needs This book sheds new lights on understanding the politics of health care financing reform and sources and modes of institutional change **Fads, Fallacies And Foolishness In Medical Care Management And Policy** Theodore R Marmor, 2007-03-28 No one misses the onslaught of claims about reforming modern medical care How doctors should be paid how hospitals should be paid or governed how much patients should pay when sick in co payments how the quality of care could be improved and how governments and other buyers could better control the costs of care all find expression in the explosion of medical care conference proceedings op eds news bulletins journal articles and books This collection of articles takes up a key set of what the author regards as particularly misleading fads and fashions developments that produce a startling degree of foolishness in contemporary discussions of how to organize deliver finance pay for and regulate medical care services in modern industrial democracies The policy fads addressed include the celebration of explicit rationing as a major cost control

instrument the belief in a basic package of health insurance benefits to constrain costs the faith that contemporary cross national research can deliver a large number of transferable models and the notion that broadening the definition of what is meant by health will constitute some sort of useful advance in practice

The Blackwell Companion to Medical Sociology William C. Cockerham, 2008-05-12 The Blackwell Companion to Medical Sociology is a comprehensive collection of twenty six original essays by leading medical sociologists from all over the world The articles are organized both topically and by region to provide thorough coverage of the concerns issues and future directions of the discipline This invaluable resource is the most informed complete and up to date reference on transnational medical sociology available today Covers both substantive areas in medical sociology and regional perspectives located in the Americas Europe the Middle East Asia and Africa First comparative perspective to provide a comprehensive view of the field

Health Care Systems Around the World Marie L. Lassey, William R. Lassey, Martin J. Jinks, 1997 This book provides a multidisciplinary examination of health care systems in a variety of countries Major concepts perspectives and issues are introduced defined and used as the basis for analysis Thirteen countries are described and analyzed in considerable detail along with the demographic social and economic characteristics and health care systems of each The book presents a general model and definition of health care systems including important factors to consider in understanding health promotion prevention of disease and health care It provides detailed descriptions of diverse health care systems ranging from centralized and government operated to largely private enterprises noting the virtues and liabilities of each system A valuable resource for anyone who wishes to understand the changes taking place in health care delivery systems in the United States and in a variety of countries across the world

Critical Medical Anthropology Merrill Singer, Hans Baer, 2018-10-26 The purpose of this book is to provide an introduction and overview to the critical perspective as it has evolved in medical anthropology over the last ten years Standing as an opposition approach to conventional medical anthropology critical medical anthropology has emphasized the importance of political and economy forces including the exercise of power in shaping health disease illness experience and health care

The Political Economy of Health Care Development and Reforms in Hong Kong Victor C.W. Wong, 2019-05-23 First published in 1999 this book constitutes a unique account of the development and reform of health care in Hong Kong Its main focus is on policy developments since 1945 Victor Wong demonstrates the development of a two tier health system in both a capitalist and Chinese context His work is one of both health policy and political economy Wong utilises the latter perspective to show the state s role in the interests of capital the public demand for health care and the power of the medical profession Alongside this Wong brings in the role of Chinese and family medicine and the role of the family in cost containment and minimising the hospitalisation of elderly frail and chronically ill patients The volume is the most comprehensive analysis available for health policy in Hong Kong

Politics, Health, and Health Care Theodore R. Marmor, Rudolf Klein, 2012-07-24 Two towering figures in the field of health care policy analysis Theodore R Marmor and

Rudolf Klein reflect on a lifetime of thought in this wide ranging collection of essays published in the wake of President Obama s health care reform Presented as a kind of dialogue between the two the book offers their recent writings on the future of Medicare universal health insurance conflicts of interest among physicians regulators and patients and many other topics *Medical Humanities Review* ,1990
