

If We Keep Jumping Off A Cliff

A man in a dark suit stands on the edge of a dark, jagged rock cliff. He is looking out over a vast, turbulent sea with white-capped waves crashing against the shore. The sky is a pale, hazy blue. The overall mood is one of risk and contemplation.

Americans and the Unconscious Robert C. Fuller, 1986-09-04 Beginning with Emerson and the Transcendentalists Americans have tended to view the unconscious as the psychological faculty through which individuals might come to experience a higher spiritual realm On the whole American psychologists see the unconscious as a symbol of harmony restoration and revitalization imbuing it with the capacity to restore peace between the individual and an immanent spiritual power Americans and the Unconscious studies the symbolic dimensions of American psychology tracing the historical development of the concept of the unconscious from its early formulations in nineteenth century theology through its elaboration by the major schools of contemporary academic psychology In the process it provides portraits of William James early American Freudians and the Neo Freudians New Psychology and humanistic psychologies Fuller draws attention

to the ways in which the concept of the unconscious while originating in the world of scientific discourse symbolizes philosophical and religious interpretations of human nature and shows how the American unconscious helps locate the development of psychological ideas within the broader contexts of American religious and intellectual history
