Successful Failure:

Successful Failure Kevin Fredericks, 2025-09-23 Being successful is no laughing matter unless the road there is littered with flops, fool's errands, fizzles, and straight up failures from the New York Times bestselling co-author of *Marriage Be Hard*. I'm so happy Kev failed because these stories will set so many free from perfection. Tabitha Brown, bestselling author of *Feeding the Soul*. Kevin Fredericks aka KevOnStage is a viral stand-up star, an NAACP Image Award winning comedian, the founder of KevOnStage Studios, a New York Times bestselling author, and a superstar on social media. But his path to success wasn't always smooth. As a kid, Kevin noticed something useful: If he made people laugh, the grown-ups would let him stay up late. In church plays, his commitment to the role of Goliath led to a busted lip, and the audience couldn't get enough. He dreamed of becoming a performer, of finding that big break that would launch him into the bright lights of pop culture fame. But as he soon found, the road to the life we want is longer, weirder, more embarrassing, and more entertaining than we think it will be. In *Successful Failure*, the comedian recounts hilarious stories and sincere insight from his adventures and misadventures trying to make it in life. From performing under an alias to avoid getting fired from his suit and tie day job to breaking a chair onstage and quitting stand-up for six months from pooping his pants on a bus next to his future wife to starting a clothing line called *Dreams Don't Die*, they sure do if the merch doesn't sell. Kevin reminds readers that while we might not be The Rock, Warren Buffett, or Kevin Hart, we're all out here trying, and that's okay. Laugh out loud in one moment and perceptive in the next. *Successful Failure* is a wild ride from one of America's funniest comics and a send-up of our ideals around hustle culture and success.

Successful Failure Herv Varenne, 2018-03-08 In this controversial work, Herv Varenne and Ray McDermott explore education as cultural phenomena, a construct of artifice and reality we impose upon ourselves. Questioning how the American education system defines and measures success and failure, *Successful Failure* is a must-read for anyone interested in educational reform, the American educational system, and the anthropology of education. In this controversial work, Herv Varenne and Ray McDermott explore education as cultural phenomena, a construct of artifice and reality we impose upon ourselves. The authors discuss in five case studies how the American education system defines and measures success and failure, why there is polarization between suburban schools and urban schools, and what about our system leads us to focus on the negative. Their exploration focuses not on the people or the activities of the system but on the institutions themselves who decided what was a success or failure. How was the identification done, and with what consequences? This important and timely book is a must-read for anyone interested in educational reform, the American educational system, and the anthropology of education.
