Schoen, 1972 **Adventures in Synagogue Administration** Jacob David Schwarz, 1936 **Temples for a Modern God** Jay M. Price, 2013-01-10 After World War II Americans constructed an unprecedented number of synagogues churches cathedrals chapels and other structures The book is one of the first major studies of American religious architecture in the postwar period and it reveals the diverse and complicated set of issues that emerged just as one of the nation's biggest building booms unfolded Price argues that the resulting structures as often mocked as loved were physical embodiments of an important time in American religious history *Congregation Mishkan Tefila, 1858-1983*, 1984 *Free Synagogue, Founded 1907* Free Synagogue (New York, N.Y.), 1914 *The Secret of a Successful Christian Ministry* Ferkah Ahenkorah, 2014-01-30 The Secret of a Successful Christian Ministry is a short work inspired by a burning passion to ensure that contemporary Christian ministries thrive under a leadership that is solidly anchored in the Lord Jesus Christ and in biblical principles for leading the congregations of Christ Drawing strength from the idea that the shepherd is the single most important factor that makes the difference between success and failure in Christian ministries the book discusses a series of factors that could ensure a successful ministry for the Christian leader from the time he first receives his calling from God to the time he finishes his life's course The presentation is illustrated with a wealth of biblical examples contemporary real ministry cases and historical anecdotes which give an insight into why some ministers have failed and why others have succeeded Obviously inspired by the Holy Spirit to improve the leadership of the church in these end times the book is not only an invaluable asset to any Christian minister who is eager for success in his calling but also a fruitful addition to the library of the average reader *The Temple Management Manual* Dale Glasser, Introducing To Learn and To Do The Temple Management Manual a 700 page joint publication of the URJ Ida and Howard Wilkoff Department of Synagogue Management and the National Association of Temple Administrators designed to help demystify the enormously complex task of governing and administering a congregation in the 21st century For ease of use The Temple Management Manual is fully indexed and tabbed in an updatable three ring binder It also includes a CD ROM containing 22 useful forms **Sacred Bonds of Solidarity** Lisa Moses Leff, 2006 Sacred Bonds of Solidarity is a history of the emergence of Jewish international aid and the language of solidarity that accompanied it in nineteenth century France **Conservative Judaism in America** Pamela S. of the most important leaders in Conservatism's first century and to provide a brief history of the movement and its central institutions. It includes essays on the history of the movement and on the evolution of its major institutions: The Jewish Theological Seminary of America, The Rabbinical Assembly, and The United Synagogue of America. *Dictionary of Jesus and the Gospels (2nd edn)* J. B. GREEN, J. BROWN, N. PERRIN, 2020-05-21. The *Dictionary of Jesus and the Gospels* is unique among reference books on the Bible, the first volume of its kind since James Hastings published his *Dictionary of Christ and the Gospels* in 1909. In the more than eight decades since Hastings, our understanding of Jesus, the Evangelists, and their world has grown remarkably. New interpretive methods illumined the text, the ever-changing profile of modern culture has put new questions to the Gospels, and our understanding of the Judaism of Jesus's day has advanced in ways that could not have been predicted in Hastings's day. But for many readers of the Gospels, the new outlook on the Gospels remains hidden within technical journals and academic monographs. The *Dictionary of Jesus and the Gospels* bridges the gap between scholars and those pastors, teachers, students, and lay people desiring in-depth treatment of select topics in an accessible and summary format. The topics range from cross-sectional themes such as faith, law, Sabbath, to methods of interpretation such as form criticism, redaction criticism, sociological approaches, from key events such as the birth, temptation, and death of Jesus to each of the four Gospels as a whole. Some articles, such as the Dead Sea Scrolls, rabbinic traditions, and revolutionary movements at the time of Jesus, provide significant background information to the Gospels. Others reflect recent and less familiar issues in Jesus and Gospel studies, such as divine man, ancient rhetoric, and the chreiai. Contemporary concerns of general interest are discussed in articles covering such topics as healing the demonic and the historical reliability of the Gospels. And for those entrusted with communicating the message of the Gospels, there is an extensive article on preaching from the Gospels. The *Dictionary of Jesus and the Gospels* presents the fruit of evangelical New Testament scholarship at the end of the twentieth century, committed to the authority of Scripture, utilising the best of critical methods, and maintaining dialog with contemporary scholarship and challenges facing the church.
