Sudby Poetov Serebrianogo Veka:

Comintern Aesthetics Amelia Glaser, Steven S. Lee, 2020-02-24 Founded by Vladimir Lenin in 1919 to instigate a world revolution the Comintern sought to advance not only the proletarian struggle but also a wide variety of radical causes including fighting against imperialism and racism in settings as varied as Ireland India the United States and China Notoriously and from the organization's outset these causes grew ever more subservient to Soviet state interest and Stalinist centralization *Comintern Aesthetics* shows how the cultural and political networks emerging from the Comintern have persisted even after the Comintern's demise in 1943 Tracing these networks through a multiplicity of artistic forms geared towards advancing a common liberated humanity this volume captures both the failure and the enduring allure of a Soviet centred world revolution The sixteen chapters in this edited volume examine cultural and revolutionary circuits that once connected Moscow to China Southeast Asia India the Near East Eastern Europe Germany Spain and the Americas The Soviet Union of the interwar years provided a template for the convergence of party politics and cultural history but the volume traces how this template was adapted and reworked around the world By emphasizing the shared Soviet routes of these far flung circuits *Comintern Aesthetics* recaptures a long lost moment in which cultures could not only transform perception but also highlight alternatives to capitalism namely an anti colonial world imaginary foregrounding race class and gender equality
