Parliament. House of Commons. Committee of Secrecy,1833 Studies in the Book of Psalms William Swan Plumer,1866 The Psalms are wonderful They have been read repeated chanted sung studied wept over rejoiced in expounded loved and praised by God s people for thousands of years The most ancient of these productions is now 1866 three thousand three hundred and twenty six years old The least ancient of them is two thousand four hundred and fifty three years old The difference in date between the most ancient and the most modern of them is eight hundred and seventy three years They were all written in Asia so that we in this Western world can have no national pride respecting them Yet pious people here and all over the earth have found and can find no compositions more suitable for delineating their devout emotions and for expressing their pious sensibilities than those of inspired Psalmists If to any man these songs are unsavory the reason is found in the blindness and depravity of the human heart Hengstenberg The Psalms are expressions of holy feeling which can be understood by those only who have become alive to such feeling Other things being equal he who has the most heavenly mind will be the most successful student of the Psalms Introduction **Eyeless in Gaza** Aldous Leonard Huxley,2022-08-01 In *Eyeless in Gaza* Aldous Leonard Huxley weaves a tapestry of social critique and human introspection set amidst the turbulent interwar period The novel s narrative structure defies conventional chronology a testament to Huxley s experimental literary style fluidly transitioning between the past and present to draw a portrait of the protagonist s life and development Integral to the social fabric of the time Huxley s work resonates with the thematic explorations of pacifism existential search for meaning and the disillusionment with the hedonistic pursuits that characterized the post World War I era The stark prose and its rich contextual underpinnings offer a lens into the zeitgeist of early 20th century intellectual thought and places it firmly within the wave of modernist literature that sought to redefine traditional narrative forms Aldous Huxley an intellectual giant of his time brought forth *Eyeless in Gaza* from a wellspring of both personal philosophical inquiry and the broader societal shifts of his day His experiences within the cultural revolutions of the 1920s and the emergence of new psychological theories undoubtedly shaped the elaborate character studies within the novel Known for his incisive wit and deep societal observation Huxley captures the essence of an era grappling with the aftermath of one global catastrophe even as it teeters on the cusp of another This work is an invitation to peel back the layers of Huxley s critique informed by his own search for spiritual grounding and his foray into mysticism which would become a hallmark of his later works *Eyeless in Gaza* is highly recommended for readers who appreciate literature that not only tells a compelling story but also prompts profound reflection on human nature and society Huxley s masterful character development coupled with his exploration of philosophical and existential themes makes it a

compelling read for those who seek to understand the interplay between individual consciousness and the collective experience Scholars and enthusiasts of modernist literature as well as those interested in the historical sociopolitical landscape of the 20th century will find *Eyeless in Gaza* a deeply enriching addition to their literary collection
