Sudden Turn:

Transient Magnetic Fields Neil R. Sheeley, Jr.,2020-03-23 This book is an original study aimed at understanding how vacuum magnetic fields change with time Specifically it describes the waves that radiate from a sphere when the electric current on its surface is turned on or off either suddenly gradually or periodically Numerical simulations are an invaluable source of information about this and related subjects but they are often more difficult to interpret than exact closed form solutions that can easily be applied to a variety of situations Thus the objective here is to obtain an exact solution of Maxwell s equations in closed form something simple yet rigorous which can be used as a model for understanding transient magnetic fields in more complicated situations The work therefore stands as a self contained solution of Maxwell s equations for an electric current wrapped around the surface of a sphere This study assumes a strong background in electromagnetism or a related research area Online animations are available for each figure to better illustrate the motions of magnetic field lines

Wandering the Wilderness

Ray R. Friesen,2020-03-16 Wandering the Wilderness is a guidebook for individuals who are unsure of their path or are questioning the trails they were taught in the past Author Ray Friesen is a former pastor and at the same time a life long believing skeptic He s an advocate for abundant living and the guideposts that mark it as outlined by Wholehearted Living researcher Dr Bren Brown The Gifts of Imperfection This informs Friesen s thoughtful submission for a renewed approach to finding meaning in a life informed by the Bible in a time when the relevance of those Ancient Writings is often thrown into question In Wandering the Wilderness Friesen has us stop listen and learn at thirteen trail posts along life s pilgrimage In addition to Brown he draws on the Ancient Writings Bible with the help of scholars like Walter Brueggemann Eugene Peterson and Peter Enns All of this is shaped in the context of his personal life experiences including his journey with cancer and chemotherapy The result is a book for all who are looking for a path in their own wilderness He invites the reader to understand that developing a Christian faith and spirituality can help re energize a life at times burdened with difficulty or plagued with aimlessness even maybe especially in this post modern age Here is a thoughtful informed guide for wanderers weary from the journey and skeptics wondering where or if faith still matters Whether you read it alone or with fellow wanderers and or skeptics wishing to believe Wandering the Wilderness has the potential to transform your wandering
