as though my world was not already filled with many unusual things in the early 1960 s it happened The change of which the Sages had been speaking started to happen Rev Martin Luther King Jr and the Civil Rights Movement came to our little town of Americus GA This was the very beginning of what turned out to be the biggest event ever My father was a successful independent business leader and he and Rev King as Dr King was known at that time bonded immediately This meant that our entire family was heavily involved in the Movement Dr King was frequently at our home and became a part of the family for many years Everything changed for me and the family when this Movement came but the Sages managed to keep control over our daily lives These were some powerful Black women whom no one dared cross The energy which drove the Movement was constantly pointed out to me by the Sages I became an expert on the human energy phenomenon The world was completely magical and it seemed to have come to our small town The people we met were from all over the globe The power of the black people s energy was working full force Because of what the Sages taught me I was able to travel through my entire life in control of my elements The Sages believed practiced and taught that if you can control your elements you can control your life This book is about these Black powerful women who had taken their gifts and skills underground until now
