Getting Your Share Lois Brenner, Robert Stein, 2000-12 Each year more than one million marriages end in divorce. Yet despite the passage of the no-fault divorce laws over the past two decades, divorce has become more complex and expensive and can be financially disastrous for wives of every age and economic condition. Today divorce can mean a 73 percent drop in the woman's standard of living while the husband's rises 42 percent. From choosing the right attorney to the final divorce decree and settlement, this book takes you step by step through the legal, tactical, emotional and financial conflicts of divorce. You will learn about the opening legal moves, how to stop thinking of your husband as your partner, how to get an accurate picture of family assets, how to protect your children financially and psychologically, when to negotiate a settlement rather than go to trial and much more.
