Doorway: A Memoir Sophie Strand, 2025-03-04 A LIT HUB MOST ANTICIPATED BOOK OF 2025 In this lyrical radically expansive self portrait celebrated poet author and lecturer Sophie Strand explores with searing insight and honesty the intersecting spaces of her own chronic illness the complex ecology of a changing world and the very nature of the stories we tell ourselves At age sixteen Sophie Strand bright agile fearless is suddenly beset by unexplained debilitating illness while on a family trip abroad Her once vibrant life becomes a tangled miasma of medication specialists anaphylaxis and seemingly never ending attempts to explain what has gone so terribly wrong And for many years thereafter Sophie's life becomes subsumed with ideas not of health but of explanation and the narrative of how and why she became sick But slowly through both profound fatigue with the medical industrial complex and a deeply entwined relationship with the natural world she comes to another more fundamental understanding of what has happened to her body What if sickness is not a separation from the body What if health is not quite so easy to see What if physical pain leaves us no choice but to return to our bodies the pinpricks and lightning of illness stitching us back into a physical presence our society has taught us to ignore In a work both expansively tender and shockingly frank Sophie Strand offers readers a window onto her own winding journey through the maze of chronic illness a web not unlike those created by the mycorrhizal fungi whose networks she begins to see as a metaphor for the profound connections between all species and the earth Grounded deeply in the mountains of the Hudson Valley each moment of this far reaching narrative snakes its way through the multi layered ecology of the land around us from the stunningly powerful pollen of a phlox plant to the unexpected beauty and wisdom of the woodchuck *The Body Is a Doorway* dives into the murky waters of sickness and trauma as well as the resonant challenges and joys of friendship young adulthood first love and fertility Throughout in precise sparkling language it explores questions both personal and universal Is there healing beyond the human Beyond the hope for a cure or a happy ending Is there something wilder and more symbiotic beyond narrow ideas of well being **Shine, Perishing Republic** Rudolph Gilbert, **Fall of Frost** Brian

Hall, 2008-03-27 The life of Robert Frost brilliantly re imagined by the author of the acclaimed *I Should Be Extremely Happy in Your Company* Called a spellbinding prose stylist *Los Angeles Times* Brian Hall drew extraordinary praise for his novel *I Should Be Extremely Happy in Your Company* in which he captured the personal lives of Lewis and Clark Now he turns his talents to Robert Frost arguably America's most famous poet Through the revelatory voice of fiction Hall gives us an artist toughened by tragedy whose intimacy with death gave life to his poetry for him the preeminent symbol of man's form giving

power This is the exquisitely rendered portrait of one man's rages guilt generosity and defiant persistence as much a fictional masterwork as it is a meditation on greatness The Socialness of Things Stephen H. Riggins, 2012-10-25 No detailed description available for The Socialness of Things **Roan Stallion, Tamar, and Other Poems** Robinson Jeffers, 1925 Jeffers best known volume includes *The Tower Beyond Tragedy* a modern version of Aeschylus Oresteia *The Oxford Book of American Poetry* David Lehman, John Brehm, 2006-04-03 Here is the eagerly awaited new edition of The Oxford Book of American Poetry brought completely up to date and dramatically expanded by poet David Lehman It is a rich capacious volume featuring the work of more than 200 poets almost three times as many as the 1976 edition With a succinct and often witty head note introducing each author it is certain to become the definitive anthology of American poetry for our time Lehman has gathered together all the works one would expect to find in a landmark collection of American poetry from Whitman's Crossing Brooklyn Ferry to Stevens's The Idea of Order at Key West and from Eliot's The Waste Land to Ashbery's Self Portrait in a Convex Mirror But equally important the editor has significantly expanded the range of the anthology The book includes not only writers born since the previous edition but also many fine poets overlooked in earlier editions or little known in the past but highly deserving of attention The anthology confers legitimacy on the Objectivist poets the so called Proletariat poets of the 1930s famous poets who fell into neglect or were the victims of critical backlash Edna St Vincent Millay poets whose true worth has only become clear with the passing of time Weldon Kees Among poets missing from Richard Ellmann's 1976 volume but published here are W H Auden Charles Bukowski Donald Justice Carolyn Kizer Kenneth Koch Stanley Kunitz Emma Lazarus Mina Loy Howard Moss Lorine Niedecker George Oppen James Schuyler Elinor Wylie and Louis Zukosky Many more women are represented outstanding poets such as Josephine Jacobsen Josephine Miles May Swenson Numerous African American poets receive their due and unexpected figures such as the musicians Bob Dylan Patti Smith and Robert Johnson have a place in this important work This stunning collection redefines the great canon of American poetry from its origins in the 17th century right up to the present It is a must have anthology for anyone interested in American literature and a book that is sure to be consulted debated and treasured for years to come **The Collected Poetry of Robinson Jeffers** Tim Hunt, 1988 Robinson Jeffers 1887-1962 is not only the greatest poet that California and indeed the American West has produced but a major poet of the twentieth century who occupies a prominent place in the tradition of American prophetic poetry Jeffers consciously set himself apart from the poetry of his generation by physical isolation at his home in Carmel by his unusual poetic form and by his stance as an anti modernist Yet his work represents a profound and profoundly original artistic response to problems that shaped modernist poetry and that still perplex poets today how to reconcile scientific and artistic discourses and modes of vision how to connect present day experience to myths perceived as lying at the origins of human culture how to renew the poetic language and how or whether to present art's claim to moral spiritual or epistemological seriousness within representations of modern phenomena For Jeffers as for no

other important modern American poet there has never been a collected poems not even a truly representative selected poems the current Selected Poetry first published in 1938 contains no work from the last three volumes published during Jeffers lifetime or from his posthumous volume Now for the first time all of Jeffers completed poems both published and unpublished are presented in a single comprehensive and textually authoritative edition The first three volumes of this four volume work will present chronologically all of Jeffers published work from 1920 to 1963 The present volume consists of poems published between 1920 and 1928 and includes some of his greatest and best known poems Tamar Roan Stallion The Women at Point Sur and Cawdor as well as a recently discovered long poem Home There is also an Editorial Note and a General Introduction

Borderlands Boy Ken Carpenter, 2019-12-11 This lyrical moving and intensely personal coming of age memoir is also a coming out story of a gay boy from a conservative family growing up in the U S Southwest in an era of political social and cultural transformation It is also an extended reflection on the importance of place time history and geography in shaping who we are and who we become In post World War II America the specter of nuclear destruction and environmental crises challenges to racism and women s inequality the Vietnam War and the sexual revolution threaten to tear the country apart Already struggling with what it means to be different and what kind of man to become the author faces the ultimate moral test of courage and conscience when he graduates from college and is drafted to fight in Vietnam How will he navigate these tumultuous years and what will he learn from his experiences How can he survive find love and a purpose in life And what lessons are there in such a story for future generations in a world without borders

The Great Brain Suck Eugene Halton, 2008-11-15 More and more information is pumped into our media saturated world every day yet Americans seem to know less and less In a society where who you are is defined by what you buy and where we prefer to experience reality by watching it on TV Eugene Halton argues something has clearly gone wrong Luckily Halton with scalpel sharp wit in one hand and the balm of wisdom in the other is here to operate on the declining body politic His initial diagnosis is bleak fast food and

too much time spent sitting whether in our cars or on our couches are ruining our bodies while our minds are weakened by the proliferation of electronic devices TVs computers cell phones iPods video games and their alienating effects If we are losing the battle between autonomy and automation he asks how can our culture regain self sufficiency Halton finds the answer in the inspiring visions deeply rooted in American culture of an organic and more spontaneous life at the heart of the work of master craftsman Wharton Esherick legendary blues singer Muddy Waters urban critic Lewis Mumford and artist Maya Lin among others A scathing and original jeremiad against modern materialism *The Great Brain Suck* is also a series of epiphanies of a simpler but more profound life
