Insular Southeast Asia: a Bibliographic Survey United States. Department of the Army,1971 The Sea in World

History Stephen K. Stein,2017-04-24 This two volume set documents the essential role of the sea and maritime activity across history from travel and food production to commerce and conquest In all eras water transport has served as the cheapest and most efficient means of moving cargo and people over any significant distance Only relatively recently have railroads and aircraft provided an alternative Most of the world s bulk goods continue to travel primarily by ship over water Even today 95 percent of the cargo that enters and leaves the United States does so by ship Similarly people around the world rely on the sea for food and in recent years the sea has become an important source of oil and other resources with the longterm effects of our continuing efforts to extract resources from the sea further highlighting environmental concerns that range from pollution to the exhaustion of fish stocks This chronologically organized two volume reference addresses the history of the sea beginning with ancient civilizations 4000 to 1000 BCE and ending with the modern era 1945 to the present day Each of the eight chapters is further broken down into sections that focus on specific nations or regions offering detailed descriptions of that area of the world and shorter entries on specific topics individuals and events The book spans maritime history covering major seafaring peoples and nations famous explorers travelers and commanders events battles and wars key technologies including famous ships important processes and ongoing events such as piracy and the slave trade and more Readers will benefit from dozens of primary source documents ranging from ancient Egyptian tales of seafaring to texts by renowned travelers like Marco Polo Zheng He and Ibn Battuta that provide firsthand accounts from the age of discovery as well as accounts of battle from World War I and II and more modern accounts of the sea **Fighting Monsters** Richard Wallace Braithwaite,2016 Only six escapees survived the Sandakan death marches of 1945 in North Borneo the worst atrocity ever inflicted on Australian soldiers 1787 Australian and 641 British POWs perished Previous descriptions of the numerous violent acts have yielded little understanding of a situation where the real struggle was to keep one s humanity when so many were losing theirs whether Allied POWs local residents of Borneo Javanese slave labourers or Japanese soldiers Understanding this extraordinary story is aided by reference to a wide range of sources in different countries and disciplines and by examining the perspectives of all players in this terrible game of survival An unusual and extreme POW story the Sandakan tragedy had four stages active resistance in 1942 3 stubborn endurance in 1943 4 the collapse of civilized existence in 1945 and finally the postwar decades of torment for the six damaged survivors the gradual assimilation of the story the healing of the damage and the commemoration of the tragedy by the families and communities involved Richard Wallace Braithwaite s father was one of the six survivors of the Sandakan death marches of 1945 He died in 1986 still wanting the story to be properly told This led to a project that has lasted for much of the last forty years of the author s life

culminating in this book With a scientific background Richard worked for many years with CSIRO and universities in the biological and social sciences and in historical research His extensive and diverse research history and lifelong personal immersion in the story has given him a unique perspective in exploring the complexities of the Sandakan tragedy **Tragic Orphans** Carl Vadivella Belle,2016-05-13 In 1938 noting that the bulk of the Indian population formed a e landless proletariat and despairing of the ability of the factionalized Indian community to unite in pursuit of common objectives activist K A Neelakanda Ayer forecast that the fate of Indians in Malaya would be to become e Tragic orphanse of whom India has forgotten and Malaya looks down upon with contempte Ayer s words continue to resonate as a minority group in a nation dominated politically by colonially derived narratives of e racee and ethnicity and riven by the imperatives of religion the general trajectory of the economically and politically impotent Indian community has been one of increasing irrelevance This book explores the history of the modern Indian presence in Malaysia and traces the vital role played by the Indian community in the construction of contemporary Malaysia In this comprehensive new study Carl Vadivella Belle offers fresh insights on the Indian experience spanning the period from the colonial recruitment of Indian labour to the post Merdeka political economic and social marginalization of Indians While recent Indian challenges to the political status quo a regime described as that of e benign neglecte promoted Indian hopes of reform change and uplift the author concludes that the dictates of political discourse permeated by the ideologies of communalism offer limited prospects for meaningful change The Men Who Lost Singapore, 1938-1942 Ronald McCrum,2017-02-28 The British military failure against the Japanese invasion of Singapore in 1942 is a well documented and closely examined episode While attention is frequently drawn to the role of the Colonial Governor and his staff during this period the actions of the civil authorities have not been subjected to the same rigorous scrutiny In this book Ronald McCrum undertakes a close examination of the role and the responsibilities of the colonial authorities both in the lead up to the war and during it He contends that the colonial government by pursuing different priorities needlessly created distraction and confusion Additionally the poor even hostile relations that developed between the local government and the British military hierarchy impeded a joint approach to the growing threat and affected the course of this campaign McCrum displays how the inept management of civil defence led to unnecessary loss of civilian life **Outnumbered** Cormac O'Brien,2010-05-01 Fourteen dramatic stories of troops outnumbered but not outmatched from Hannibal s Carthaginians to the English at Agincourt to the Red Army in WWII Even a commander as fearless self assured and battle hardened as Alexander the Great leading 40 000 Macedonian troops must have quailed at the sight that met him as he neared the village of Issus Asia Minor in 333 BCE an unexpectedly and unimaginably vast Persian force of some 100 000 men spanning the Mediterranean coastal plain as far as the eye could see For warfare had already demonstrated and has confirmed ever since that numerical superiority consistently carries the day And yet every once in a while such lopsided engagements have had an unexpected outcome and proved to be a crucible in which great leaders and

history are forged Outnumbered chronicles fourteen momentous occasions on which a smaller ostensibly weaker force prevailed in an epochal confrontation Thus Alexander undaunted devised a brilliant and daring plan that disoriented and destroyed the Persian force and consequently its empire Likewise during the US Civil War Confederate Gen Robert E Lee despite being out positioned and outnumbered more than two to one by Union forces at Chancellorsville Virginia hatched an audacious and surprise strategy that caught his enemy completely unawares Other equally unexpected era defining victories are shown to have derived from the devastating deployment of unusual weaponry sheer good fortune or even the gullibility of an enemy as when Yamashita Tomoyuki commander of 35 000 ill supplied Japanese troops convinced the 85 000 strong British Commonwealth army to surrender Singapore in 1942 Together these accounts constitute an enthralling survey that captures the excitement and terrors of battle while highlighting the unpredictable nature of warfare and the courage and ingenuity of inspired and inspiring military leaders who even when the odds seemed insurmountable found a path to glory There are similar titles about decisive battles and interesting campaigns but none quite like this an appealing choice for many military history enthusiasts Library Journal Includes color illustrations and maps *Forgotten Warrior* Michael Snape, 2023-05-18 Eighty years after his death in a Japanese prison camp this compelling new biography charts the career of a distinguished but hitherto neglected hero of the British army Major General Merton Beckwith Smith DSO MC commanded the British 18th Division during the catastrophic Fall of Singapore in February 1942 A highly respected and much decorated veteran of the First World War he was captured along with tens of thousands of other soldiers British Indian Australian and Malay who were then held prisoner on Singapore Island Amidst hunger disease and widespread despair in Changi over the next six months he rallied the spirits of his soldiers created a make shift university and theatre and helped to inspire a remarkable renewal of collective church life At the same time he improved conditions for hospital patients and encouraged sports and other recreations While the fate of many of the men he led was to toil and often die on the infamous Burma Railway Beckwith Smith was exiled to Karenko Camp Formosa present day Taiwan where mistreated and malnourished he died of diphtheria and heart failure on 11 November 1942 Beckwith Smith was the most senior British officer to end his life as a prisoner of war in the Far East Yet until now he has been a strangely forgotten warrior Based on exclusive access to family archives and drawing on an array of other eye witness accounts Michael Snape s richly detailed biography brings to an end that neglect The result is a story that offers vivid insights into one man s experience of two world wars while also revealing why he was so admired by his fellow officers and by the ordinary soldiers who served under him *The War Against Japan, 1941-1945* John J. Sbrega, 2015-06-12 With over 5 200 entries this volume remains one of the most extensive annotated bibliographies on the USA s fight against Japan in the Second World War Including books articles and declassified documents up to the end of 1987 the book is organized into six categories Part 1 presents reference works including encyclopedias pictorial accounts military histories East Asian histories historiographies Part 2 covers diplomatic political

aspects of the war against Japan Part 3 contains sources on the economic and legal aspects of the war against Japan Part 4 presents sources on the military aspects of the war embracing land air and sea forces Religious aspects of the war are covered in Part 5 and Part 6 deals with the social and cultural aspects including substantial sections on the treatment of Japanese minorities in the USA Hawaii Canada and Peru

Why the Axis Lost John Arquilla, 2020-02-27 The factors leading to the defeat of the Axis Powers in World War II have been debated for decades One prevalent view is that overwhelming Allied superiority in materials and manpower doomed the Axis Another holds that key strategic and tactical blunders lost the war from Hitler halting his panzers outside Dunkirk allowing more than 300 000 trapped Allied soldiers to escape to Admiral Yamamoto falling into the trap set by the U S Navy at Midway Providing a fresh perspective on the war this study challenges both views and offers an alternative explanation the Germans Japanese and Italians made poor design choices in ships planes tanks and information security before and during the war that forced them to fight with weapons and systems that were too soon outmatched by the Allies The unprecedented arms race of World War II posed a fundamental design challenge the Axis powers sometimes met but never mastered

Winston Churchill and the Art of Leadership William Nester, 2020-09-30 A unique biography that explores how Churchill viewed pursued and used power by the award winning author of Napoleon and the Art of Diplomacy Many indeed are the biographies of Winston Churchill one of the most influential figures of the twentieth century But what was that influence and how did he use it in the furtherance of his and his country's ambitions For the first time Professor William Nestor has delved into the life and actions of Churchill to examine just how skillfully he manipulated events to place him in positions of power His thirst for power stirred political controversy wherever he intruded Those who had to deal directly with him either loved or hated him His enemies condemned him for being an egoist publicity hound double dealer and Machiavellian accusations that his friends and even he himself could not deny He could only serve Britain as a statesman and a reformer because he was a wily politician who won sixteen of twenty one elections that he contested between 1899 and 1955 The House of Commons was Churchill's political temple where he exalted in the speeches and harangues on the floor and the backroom horse trading and camaraderie Most of his life he was a Cassandra warning against the threats of Communism Nazism and nuclear Armageddon With his ability to think beyond mental boxes and connect far flung dots he clearly foretold events to which virtually everyone else was oblivious Yet he was certainly not always right and was at times spectacularly wrong This is the first book that explores how Churchill understood and asserted the art of power mostly through hundreds of his own insights expressed through his speeches and writings

Battle for Malaya Kaushik Roy, 2019-12-02 The historian and author of The Army in British India analyzes the British Indian Army's devastating loss to the Imperial Japanese during WWII The defeat of 90 000 Commonwealth soldiers by 50 000 Japanese soldiers made the World War II Battle for Malaya an important encounter for both political and military reasons British military prestige was shattered fanning the fires of nationalism in Asia especially in India Japan's successful tactics in

Malaya rapid marches wide outflanking movement along difficult terrain nocturnal attacks and roadblocks would be repeated in Burma in 1942-43. Until the Allied command evolved adequate countermeasures Japanese soldiers remained supreme in the field. Looking beyond the failures of command Kaushik Roy focuses on tactics of the ground battle that unfolded in Malaya between December 1941 and February 1942. His analysis includes the organization of the Indian Army, the largest portion of Commonwealth troops, and compares it to the British and Australian armies that fought side by side with Indian soldiers. Utilizing both official war office records and personal memoirs, autobiographies and oral histories, Roy presents a comprehensive narrative of operations interwoven with tactical analysis of the Battle for Malaya. **Continent, Coast,**

Captivity, Slavery and Survival as a Far East POW Peter Fyans, 2012-04-19 Captivity, Slavery and Survival as a Far East POW is the incredibly moving story of Gus Anckorn, a British soldier who was captured by the Japanese and held for over three and a half years. Before the war, Gus was a magician and throughout the war entertained both fellow soldiers and Japanese guards with his tricks. Gus has a brilliant sense of humor and a tell-it-as-it-is attitude which got him into a number of scrapes with both the Japanese and his own side. He has a remarkable humility to his character and is extremely endearing both in the book and face-to-face, guaranteeing massive media attention. Gus experienced terrible ordeals that no one should have to face. He should have been killed on four or five occasions but remarkably survived due to quick thinking and good luck. Gus also reveals the heartache of leaving his fiancée behind and not knowing if he would ever see her again. This is an

incredibly moving book and will surely be considered as one of the classic Far East POW stories Gus is still alive and active today very publicity focused and well connected He still holds the unique claim of being the youngest ever member of the Magic Circle and is now currently their oldest ever member He is also a member of the Masons Gus has appeared on BBC TV when they arranged for him to meet a Japanese POW camp guard on the bridge at Kwai

Children of the Camps Mark Felton, 2011-06-13 The author of *Guarding Hitler* tells the truly heart rending stories of Caucasian and Eurasian children held captive inside Japanese internment camps The Japanese treatment of Allied children was as harsh and murderous as that of their parents and military POWs but this whole episode has been overlooked Children were plucked from comfortable colonial lives and forced to mature hastily in terrible circumstances where survival became a daily game and where their lives were constantly threatened by disease starvation and physical abuse Many of these children were separated from their parents or they saw their families destroyed by the Japanese Most witnessed almost daily episodes of bestial violence that no child should ever see and the entire cumulative experience has had a deep and lasting effect into their adult lives They are among the last victims of Japanese aggression and even over sixty years later many carry the mental and physical scars of that atrocious episode The fate of Japan's military prisoners is now well known but the equally poor treatment handed out to the civilian internees and their children is a less familiar topic Many books on this subject focus on a particular part of the Japanese Empire Felton has taken a different approach and covers most of the Japanese Empire from Singapore and the rest of mainland China through Hong Kong Malaya Burma and on into the Dutch East Indies and the Philippines HistoryOfWar.org

Military Geography for Professionals and the Public John M. Collins, 1998 This book covers many topics that are crucial to military planning but often receive only passing mention in histories or briefings Collins a former Army officer stresses land geography but he does not stint oceans the atmosphere or interplanetary space His discussions of urban areas are too brief given the increasing amount of large scale violence in cities since the end of World War II
