Sinister Wisdom 20 Spring 1982

M Walker

Sinister Wisdom 20 Spring 1982:

Routledge Revivals: Homosexuality: A Research Guide (1987) Wayne R. Dynes, 2017-02-17 First published in 1987 this book encompasses a broad range interdisciplinary research into homosexuality displaying a full spectrum of points of view and given that the major traditions of modern homosexual research began in Europe is not restricted to works in English In general topics that are densely covered in the literature are presented in this guide selectively with some less studied topics such as Economics and Music fleshed out with signposts to more comprehensive research It seeks to not only mirror existing publications but also to stimulate new work by pinpointing neglected themes and methods This book will be of interest to students of sociology

Toward a Feminist Theory of the State Catharine A. MacKinnon, 1991-09-01 This book presents MacKinnon's powerful analysis of politics sexuality and the law from the perspective of women Using the debate over Marxism and feminism as a point of departure MacKinnon develops a theory of gender centered on sexual subordination and applies it to the state

Contemporary Lesbian Writers of the United States Sandra Pollack, Denise Knight, 1993-10-11 The first comprehensive biographical critical and bibliographical source on lesbian writers this reference book features essays on 100 contemporary writers of poetry fiction and drama in the United States Many had written as self identified lesbians at some point during the 1970 1992 period of coverage Each essay comprises a biography with personal history often derived from interviews an analysis of major works and themes an overview of the critical reception and bibliographies of primary works and of critical studies and reviews The volume introduction by Tucker P Farley situates contemporary lesbian literature in its historical and political contexts Appendices list publishers of lesbian writers and periodicals featuring lesbian writing An extensive bibliography provides nonfiction resources focusing on lesbian issues including works in psychology sexuality parenting health history and theory as well as literature A companion to Contemporary Gay American Novelists A Bio Bibliographical Critical Sourcebook edited by Emmanuel S Nelson Greenwood Press 1993 this work will be an important addition to college and university libraries supporting gay and lesbian and women's studies programs and literary curricula incorporating this material It will also be a valuable resource for public and school libraries and collections and specialists in American literature providing information and analysis for understanding the expanding literary canon

Routledge Library Editions: Feminist Theory Various, 2021-08-07 Routledge Library Editions Feminist Theory brings together as one set or individual volumes a series of previously out of print classics from a variety of academic imprints With titles ranging from The Liberation of Women to Feminists and State Welfare from Married to the Job to Julia Kristeva this set provides in one place a wealth of important reference sources from the diverse field of gender studies

Gendered Subjects (RLE Feminist Theory) Catherine Portuges, Margo Culley, 2013-05-20 The phrase feminist pedagogy couples the contemporary and the traditional joining current political movements with a concern for the transmission of knowledge more ancient than the Greek word for teaching Now two decades after the first Women's Studies courses appeared on campuses their place in higher education

happily needs little demonstration *Gendered Subjects* combines a number of classic statements on feminist pedagogy from the 1970s with recent original essays making significant and original contributions to the field As the new scholarship on women has changed the content and structure of knowledge in every field so this collection aims to mirror this impact on feminist pedagogy with articles ranging from broad theoretical perspectives on the realities of the classroom to international explorations on how race gender and class and political orientation inform feminist enquiry

Theorizing Feminism Anne C. Herrmann, Abigail J. Stewart, 2018-05-04 In the past three decades feminist scholars have produced an extraordinary rich body of theoretical writing in humanities and social science disciplines This revised and updated second edition of *Theorizing Feminism* *Parallel Trends in the Humanities and Social Sciences* is a genuinely interdisciplinary anthology of significant contributions to feminist theory This timely reader is creatively edited and contains insightful introductory material It illuminates the historical development of feminist theory as well as the current state of the field Emphasizing common themes and interests in the humanities and social sciences the editors have chosen topics that remain relevant to current debates reflect the interests of a diverse community of thinkers and have been central to feminist theory in many disciplines The contributors include leading figures from the fields of psychology literary criticism sociology philosophy anthropology art history law and economics This is the ideal text for any advanced course on interdisciplinary feminist theory one that fills a long standing gap in feminist pedagogy

Feminist Frontiers II Laurel Richardson, Verta A. Taylor, 1989

Lesbian Sources Linda Garber, 2018-10-24 This is the final volume of nine in a series on Gay and Lesbian studies Originally published in 1993 *Lesbian Sources* is a cross referenced bibliography of articles written by and or about lesbians and published in nationally or internationally distributed periodicals between 1970 and 1990

Documentation Sur la Recherche Féministe, 1991

Neither Man nor Beast Carol J. Adams, 2018-01-25 In this landmark work of animal rights activism Carol J Adams the bestselling author of *The Sexual Politics of Meat* explores the intersections and common causes of feminism and the defense of animals *Neither Man Nor Beast* explores the common link between cultural attitudes to women and animals in modern Western culture that have enabled the systematic exploitation of both A vivid work that takes in environmental ethics theological perspectives and feminist theory the *Bloomsbury Revelations* edition includes a new foreword by the author and new images illustrating the continuing relevance of the book today

Reading Adrienne Rich Jane Roberta Cooper, 1984 Celebrates and interprets the work of this major poet and feminist theorist

Fat Shame Amy Erdman Farrell, 2011-05-02 One of Choice's Significant University Press Titles for Undergraduates 2010 2011 A necessary cultural and historical discussion on the stigma of fatness To be fat hasn't always occasioned the level of hysteria that this condition receives today and indeed was once considered an admirable trait *Fat Shame* *Stigma and the Fat Body in American Culture* explores this arc from veneration to shame examining the historic roots of our contemporary anxiety about fatness Tracing the cultural denigration of fatness to the mid 19th century Amy Farrell argues that the stigma associated with a fat

body preceded any health concerns about a large body size. Firmly in place by the time the diet industry began to flourish in the 1920s, the development of fat stigma was related not only to cultural anxieties that emerged during the modern period related to consumer excess but even more profoundly to prevailing ideas about race, civilization, and evolution. For 19th and early 20th century thinkers, fatness was a key marker of inferiority of an uncivilized, barbaric, and primitive body. This idea that fatness is a sign of a primitive person endures today, fueling both our 60 billion war on fat and our cultural distress over the obesity epidemic. Farrell draws on a wide array of sources including political cartoons, popular literature, postcards, advertisements, and physicians' manuals to explore the link between our historic denigration of fatness and our contemporary concern over obesity. Her work sheds particular light on feminism's fraught relationship to fatness. From the white suffragists of the early 20th century to contemporary public figures like Oprah Winfrey, Monica Lewinsky, and even the Obama family, Farrell explores the ways that those who seek to shed stigmatized identities, whether of gender, race, ethnicity, or class, often take part in weight reduction schemes and fat mockery in order to validate themselves as civilized. In sharp contrast to these narratives of fat shame are the ideas of contemporary fat activists, whose articulation of a new vision of the body Farrell explores in depth. This book is significant for anyone concerned about the contemporary war on fat and the ways that notions of the civilized body continue to legitimize discrimination and cultural oppression.

Frontiers, 1986. A journal of women studies. *Gossip*, 1986. *Feminist Frontiers III*. Laurel Richardson, Verta A. Taylor, 1993. This third edition combines classical and contemporary feminist writings on a range of women's issues. Special attempts have been made to reflect women's diversity as well as similarities in a variety of areas including race, class, ethnicity, sexual orientation, and age. It offers feminist analyses of the sources and consequences of gender inequality and introduces students to feminist theory and methodology. While its primary use is in courses on women's studies, sociology of women, sociology of gender, sex roles, and psychology of women, it should also be suitable for courses on women and feminist issues taught in a wide variety of disciplines at both the undergraduate and graduate level. It is designed both as a main text and as a supplementary reader. This third edition includes new sections on feminist research perspectives and methodology and the state and international politics. Taylor's article on the future of feminism now traces the women's movement up to the present and incorporates lesbian feminism and postfeminism debates. Also, the section on work and families has been split into separate sections.

Women-identified Women. Trudy Darty, Sandee Potter, 1984. *Feminist Ethics*. Claudia Card, 1991. Fifteen essays address subjects ranging from the history of feminist ethics to the logic of pluralist feminism and present feminist perspectives on such topics as terrorism, bitterness, women trusting other women, and survival and ethics. Paper edition, 1495. Annotation copyrighted by Book News Inc., Portland, OR.

Women's Studies, 1993. *Feminist Revolution in Literacy*. Junko Onosaka, 2013-10-14. This book examines the history of women's bookstores in the US from the 1970s to the 1990s. It establishes that women's bookstores played an important role in feminism by enabling the dissemination of women's

voices and thereby helping to sustain and enrich the women's movement. They improved women's literacy, their abilities to read, write, publish, and distribute women's voices and visions, and helped women to instigate a feminist revolution in literacy.

The Lesbian South Jaime Harker, 2018-09-25 In this book Jaime Harker uncovers a largely forgotten literary renaissance in southern letters. Anchored by a constellation of southern women, the Women in Print movement grew from the queer union of women's liberation, civil rights activism, gay liberation, and print culture. Broadly influential from the 1970s through the 1990s, the Women in Print movement created a network of writers, publishers, bookstores, and readers that fostered a remarkable array of literature. With the freedom that the Women in Print movement inspired, southern lesbian feminists remade southernness as a site of intersectional radicalism, transgressive sexuality, and liberatory space. Including in her study well-known authors like Dorothy Allison and Alice Walker, as well as overlooked writers, publishers, and editors, Harker reconfigures the southern literary canon and the feminist canon, challenging histories of feminism and queer studies to include the south in a formative role.
