'Sink the French!' David Wragg,2007-07-01 A history defining moment in World War II when the allied nations of England and France stood on the precipice of betrayal and war with each other After the forces of Nazi Germany launched their Blitzkrieg assault on Holland Belgium and Northern France the tentative relationship between Great Britain and France was strained to the limit For when the Vichy regime surrendered the British had grave fears that the Germans would force the French naval fleet the fourth largest in the world to turn against their former ally while in fact their orders were to scuttle

should the Germans attempt to seize them Sink the French examines the precursors to the fall of France and its consequences most particularly the way the French Navy was dealt with It examines the confused situation that France's defeat created including the rise of a relatively junior French general Charles de Gaulle who was smuggled out of France by the RAF Elsewhere French ships were boarded and seized by the British and at Oran Algeria their fleet was bombarded by the Royal Navy just as there were other incidents including French aircraft bombing Gibraltar This insightful exploration of a world sinking into chaos and the mistrust war can breed between allies is a must read for anyone interested in this pivotal moment in history when opposition to the Nazis was almost broken **The Royal Naval Medical Service** Jack Leonard Sagar Coulter,1954 **Sunk by a U-boat, Attacked by Kamikazes** John Marsden,2025-01-16 Sunk by a U boat Attacked by Kamikazes tells the story of one man's experiences during the years 1939 to 1947 Aged sixteen when the war broke out Joseph Marsden worked casual shiftwork on the Liverpool docks Lucky to survive an air raid on the night of 4 May 1941 he lost two members of his family before the Liverpool blitz came to an end On 9 June 1941 his eighteenth birthday he volunteered for service with the Royal Navy After completing basic training at Malvern he was finally sent to his home town in April 1943 to join HMS Woodpecker a sloop recently assigned to Johnny Walker's famous Second Support Group After seeing action in the Bay of Biscay the Mediterranean and the North Atlantic Woodpecker was sunk during an anti submarine patrol in February 1944 a patrol during which Walker's ships sank six U boats After completing his two weeks of survivors leave he was recalled to Devonport Demoralised by the thought of surviving on half pay for six months he lost his appetite for the fray and sought medical attention for an aural complaint being prescribed a period of rest at a naval base in the Scottish highlands A restless soul Marsden did not take to the isolation on the shores of Loch Ewe and asked to be sent to sea once more He was posted to the Firth of Clyde to join the crew of the escort carrier HMS Empress aboard which he sailed for Ceylon Sri Lanka in December 1944 while in the Far East Marsden saw action during Operation Stacey Operation Bishop Operation Livery and Operation Carson witnessing Kamikaze attacks on allied warships After the surrender of the Japanese HMS Empress was detailed to help repatriate Australian and New Zealand troops before embarking on her homeward journey to the UK Before being demobbed he was transferred to the destroyer HMS Zealous then based at Keil in Germany where he witnessed the destruction inflicted upon Hamburg by the allied bombing campaign *The Times Documentary History of the War: Naval, pt. 1-2* London The Times,1917 [The Convoy](#) Angus Konstam,2023-10-26 The Convoy represents a fresh approach to the story of the Battle of the Atlantic It is also the first to deal with the more spectacular story of HG 76 a major turning point in the naval war HG 76 sailed from Gibraltar to Britain in December 1941 and was specially targeted by the Germans A wolfpack of U boats was sent against it and the Luftwaffe was heavily committed too in a rare example of German inter service cooperation German intelligence agents in Gibraltar and Spain also knew every detail of HG 76 before it had even sailed seemingly stacking the odds in favour of the Kriegsmarine Despite this the convoy fought its way through

Improved radar and sonar gave the convoy's escorts a slight edge over their opponents while the escort group was led by Commander Walker an anti submarine expert who had developed new aggressive U boat hunting tactics Previous Gibraltar convoys had been mauled by Luftwaffe bombers operating from French airfields This time though HG 76 would be accompanied by HMS Audacity the Royal Navy's first escort carrier a new type of warship purpose built to defend convoys from enemy aircraft and U boats Following seven days and nights of relentless attack the horrors of which are brought home through a series of first hand accounts the convoy finally reached the safety of a British port for the loss of only two merchant ships Its arrival was seen as the first real convoy victory of the war Brought to life by expert naval historian Angus Konstam The Convoy combines the story of the technical and tactical developments that won the Battle of the Atlantic for the Allies along with a narrative that reveals both the terror and the stubborn determination that defined the experiences of those that served on convoy duties

The Times Documentary History of the War ...: Naval, pt. 1-2 ,1917 The Rise of Germany, 1939-1941 James Holland,2015-10-14 An account of the early years of World War II based on extensive new research A genuinely fresh approach exceptional The Wall Street Journal James Holland one of the leading young historians of World War II has spent over a decade conducting new research interviewing survivors and exploring archives that have never before been so accessible to unearth forgotten memoirs letters and official records In The Rise of Germany 1938 1941 Holland draws on this research to reconsider the strategy tactics and economic political and social aspects of the war The Rise of Germany is a masterful book that redefines our understanding of the opening years of World War II Beginning with the lead up to the outbreak of war in 1939 and ending in the middle of 1941 on the eve of Operation Barbarossa the Nazi invasion of Russia this book is a landmark history of the war on land in the air and at sea Magnificent Andrew Roberts New York Times bestselling author of The Storm of War *H. M. S. Cecil King*,1940 The Death Penalty Information Center based in Washington D C presents the full text of an October 1995 article entitled With Justice for Few The Growing Crisis in Death Penalty Representation by Richard C Dieter The article discusses the problems of legal representation for those facing the death penalty in the United States including attorney ineptitude and the politics of judicial decisions

Tribals, Battles & Darings Alexander Clarke,2020-10-30 The conception and evolution through inter war tensions global war and years of Cold War hostility of the Royal Navy's large fleet destroyers The Tribal class destroyers are heroes of the Altmark incident of the battle of Narvik and countless actions across all theatres of operation Yet there has been surprisingly little written about these critical ships still less about their wartime successors the Battle class or their postwar incarnations the Daring class This book seeks to rectify this by describing the three classes each designed under different circumstances along destroyer lines but to general purpose light cruiser form from the interwar period through to the 1950s and the author explains the procurement process for each class in the context of the needs and technology of the times Taken together these classes represent the genesis of the modern general purpose destroyer breaking from the torpedo boat destroyer form into a self

reliant multi purpose combatant capable of stepping up to the cruiser s traditional peacetime patrol missions whilst also fulfilling the picket and fighting duties of the wartime light cruiser or heavy destroyer This is the first work to analyze these three classes side by side to examine their conception their creation and their operational stories many heroic and provide an insight into ship design operation and culture In doing so the book aims to contribute a better understanding of one of the most significant periods in the Royal Navy s history In its clear description of the genesis of the modern destroyer this book will give the reader a clearer picture of its future as well Historians professionals and enthusiasts will all enjoy this wide ranging and detailed study

Countdown to Freedom Willem Ridder,2007-09 Countdown to Freedom is the story of a young Dutch boy from the big port city of Rotterdam Holland who experienced first hand the invasion of his country by the Nazis in 1940 the wanton bombing of the city by the German Luftwaffe numerous bombings by the Allied Air forces persecution of the Jewish population reprisal killings the gradual loss of all freedoms the taking of thousands of slave laborers the terrible hunger winter of 1944 1945 when thousands of people starved to death and the dropping of food by B 17 s and Lancasters to the starving population toward the end of the war Throughout the war the desire to be free became an obsession But not all was gloom and doom There were funny moments and the population never lost its sense of humor The family enjoyed some good times and laughed but those moments were always experienced under the oppressive Nazi cloak Symbols of freedom were the contrails of thousands of bombers that would fly over Rotterdam on their way to targets in Germany and the lone Spitfire that one time swooped down low rocked its wings several times waved at us and then sped away But it is not just Freedom for its own sake rather what in the end the cost of that freedom was That is the story and the message the author would like to get across
