ABOUT THE BOOK I first discovered Sherlock Holmes at the age of 11 in an illustrated abridged representation of his most famous adventure The Hound of the Baskervilles Captivated I sought out the original and read it as soon as I could While I had to sit with a dictionary to decipher Conan Doyle's exquisite 19th century language the power of the story had me in its thrall Over the course of year I had read all four novels and fifty six short stories featuring the most famous fictional detective of all time As I grew into adulthood I read them again and appreciated them in a new light Finer nuances that had escaped me on my first encounter with Holmes now revealed themselves including the frailties of this mighty personality For a mind this brilliant and he was no slouch in the physical department either as his boxing and other physical exploits will attest it was certainly a frailty that he did not appreciate the degenerative consequences of injecting heroin Thankfully there was the ever loyal Dr John Watson to wean him away from his self destructive habit I have read the stories several times since and I am sure I will read them several times again in future For it is through them that I developed a love for the English language and this love affair will continue as long as I am physically able to read MEET THE AUTHOR Sourya is a former risk analyst and has worked with several financial organizations of international repute besides being a freelance journalist with several articles published online After 6 years of work he decided to pursue his MBA from the University of Notre Dame Sourya has a Bachelors in Engineering from the Indian Institute of Information Technology He is also a member of high IQ organizations Mensa and Triple Nine Society and is negotiating with publishers to get his science fiction work published EXCERPT FROM THE BOOK Since the first time Sherlock Holmes made an appearance in 1887 he has been the defining character of detective fiction There have been famous fictional detectives before Edgar Allen Poes Auguste Dupin and Emile Gaborieus Monsieur come to mind and there have been famous fictional detectives since Agatha Christies Hercule Poirot and GK Chestertons Father Brown are notable examples however none have reached the heights of popularity that the fictional occupant of 221B Baker Street attained As a book The Memoirs of Sherlock Holmes presents an interesting insight into the morality of its age When the collection was first published in London in 1894 it did not include The Adventure of the Cardboard Box although all twelve stories had appeared in the Strand Magazine where they had been serialized Consequently while the US edition did include that story it was soon removed Although it is difficult to be certain the author himself may have been the reason behind this removal considering the involvement of adultery in the story Even though

current UK editions of the Memoirs do include that story American editions dont CHAPTER OUTLINE Quicklet on Sir Arthur Conan Doyle s The Memoirs of Sherlock Holmes Personal Introduction About the Author About the Book Overall Summary and much more **The Sherlock Holmes Journal** ,1988 **The Failed Text** José Luis Martínez-Dueñas Espejo,Rocío G.
