Maxwell, 2015-12-22 In this fascinating and revealing book first published in 1952 Maxwell shows the development of Eliot's poetry and poetic thought in the light of his political and religious attachments This study traces Eliot's style from the earliest poems to the Quartets and examines the characteristics of Eliot's earlier work adumbrate that of his maturity The Poetry of T S Eliot is essential reading for students of literature **The Technique of T. S. Eliot** Thomas R. Rees, 2019-03-18 No detailed description available for The Technique of T S Eliot **Critical Essays on T.S. Eliot** Kinley E. Roby, 1985 Tennvson And T.S. Eliot: A Comparative Study Rajni Singh, 2005 Alfred Tennyson Tennyson 1809 1892 and Thomas Stearns Eliot 1888 1965 English poets *The Dynamics of Criticism in T.S. Eliot* Mohammad Hanief, 2000 The Book Is The Most Authentic One Ever Written On The Subject Apart From Its Wide Ranging And Usually Inaccessible Materials It Has Been Written In Such A Lively And Fluent Style That It Ravishes Both The Uninitiated And The Expert The Common Reader And The Scholar Besides Having Functional Utility For Examinations Interviews And Competitions And Elite Occasions It Is A Source Of Critical Strength And Ideas For Any Reader Of Taste And Interest Irrespective Of His Particular Language Literature And Department Mohammad Hanif Has Made A Diligent Collection Of Material From And About T S Eliot S Critical Writings And Has Arranged It Straightforwardly In Eight Chapters On The Sources Of Eliot S Ideas On His Views About Poetry Criticism Drama And The Novel And His Style Is Lively Clear And Forceful On The Whole He Roused By Attention By Some First Hand Observation On A Point Of Detail For Instance Eliot And Benda On Eliot S Possible Debt To Pater And On Eliot S Humour The Inclusion Of Chapter 6 On Eliot S Criticism Of The Nover Is Welcome And Mr Hanif Does Show That Eliot Ranged Widely In This Department Of Literature Anti-T.S. Eliot Stance in Recent Criticism Nasreen Ayaz, 2004 Thomas Stearns Eliot 1888 1965 English poet **Routledge Library Editions: T. S. Eliot** Various Authors, 2022-07-30 This set reissues 10 books on T S Eliot originally published between 1952 and 1991 The volumes examine many of Eliot's most respected works including his Four Quartets and The Waste Land As well as exploring Eliot's work this collection also provides a comprehensive analysis of the man behind the poetry particularly in Frederick Tomlin's T S Eliot A Friendship This set will be of particular interest to students of literature **T. S. Eliot's Ascetic Ideal** Joshua Richards, 2020-09-07 In T S Eliot's Ascetic Ideal Joshua Richards charts an intellectual history of T S Eliot's interaction with asceticism This history is drawn from Eliot's own education in the topic with the texts he read integrated into detailed textual analysis Eliot's early encounters with the ascetic ideal began a lifetime of interplay and reflection upon self denial purgation and self surrender In 1909 he began a study of mysticism likely in George Santayana's seminar and thereafter showed the influence of this education Yet his interaction with the ascetic ideal and his background in mysticism was not a simple thing

still his early cynicism was slowly transformed to an embrace The Sixth: An Essay in Education and Democracy William Reid, Jane Filby, 2018-10-03 Developments in educational systems are inextricably linked with the social and political evolution of nations Nowhere is this more clearly to be seen than in the history of the English sixth form Originally published in 1982 this book whose authors had been associated with a number of research projects into 16 19 education traces the tradition of the sixth form from its origins in the public schools of the nineteenth century through to controversies at the time over sixth form and tertiary colleges and the extension of 16 19 education to embrace youth opportunities programmes and other semi vocational courses It shows that the sixth has not only been a significant element in its own right in the adjustment of English society to the challenge of democratic ideals but has also played a key role in the evolution of secondary education from the endowed school of the nineteenth century through the municipal grammar schools set up after the 1902 Education Act to the comprehensive secondary schools of today In fact the fate and future of comprehensive schooling becomes fully understandable only through a study of the sixth form tradition which has shaped the activities of educationists and policy makers over the last hundred years The authors conclude that educational policy making is both facilitated and constrained by the existence of enduring traditions stemming from the past in fact the work of policy making lies precisely in the constructive reinterpretation of that inheritance This book describes and clarifies the nature of the tradition of sixth form education which has been handed down to us and its relation to democratic values and institutions

T. S. Eliot Philip Ray Headings, 1964 *The Literary Criticism of T.S. Eliot*, 2014-01-13 In his time T S Eliot established a new critical orthodoxy by which no major modern critic in England or America remained unaffected but a decade has passed since his death and a generation or more since his extraordinary influence was at its height It has therefore seemed worth attempting a fresh historical revaluation of Eliot s critical achievement and the nine distinguished scholars whom Dr Newton De Molina approached responded readily to his invitation that they undertake such a project Their essays range widely over the various aspects of Eliot s critical activity and place it in the context not only of his endeavours as poet and dramatist but also of his formal training as a philosopher and of his conversion to Christianity They contrast the early and later work not forgetting Eliot s own retrospective comments on the former consider its relation to the English critical and poetic tradition and seek to show in what ways criticism may derive new impetus from the example both of Eliot s strengths and of his limitations **T.S. Eliot** Northrop Frye, 1963 **T. S. Eliot** James E. Miller Jr., 2008-03-17 Late in his life T S Eliot when asked if his poetry belonged in the tradition of American literature replied I d say that my poetry has obviously more in common with my distinguished contemporaries in America than with anything written in my generation in England That I m sure of In its sources in its emotional springs it comes from America In T S Eliot *The Making of an American Poet* James Miller offers the first sustained account of Eliot s early years showing that the emotional springs of his poetry did indeed come from America Miller challenges long held assumptions about Eliot s poetry and his life Eliot himself always

maintained that his poems were not based on personal experience and thus should not be read as personal poems But Miller convincingly combines a reading of the early work with careful analysis of surviving early correspondence accounts from Eliot s friends and acquaintances and new scholarship that delves into Eliot s Harvard years Ultimately Miller demonstrates that Eliot s poetry is filled with reflections of his personal experiences his relationships with family friends and wives his sexuality his intellectual and social development his influences Publication of T S Eliot The Making of an American Poet marks a milestone in Eliot scholarship At last we have a balanced portrait of the poet and the man one that takes seriously his American roots In the process we gain a fuller appreciation for some of the best loved poetry of the twentieth century

A Half-century of Eliot Criticism Mildred Martin,1972 Listing and commenting on almost 2700 items the work provides the only annotated bibliography of a major contemporary author that is virtually complete Includes three indexes

Modern Drama in Theory and Practice: Volume 2, Symbolism, Surrealism and the Absurd J. L. Styan,John L.
