America Frank Trippett, 2000-08-04 Hymning Hawing About America is a collection of essays by Frank Trippett who has been called one of the really mind blowing talents of his generation as a journalist essayist and story teller The subjects of his essays range from politics and personalities to social conditions and psychological phenomena It is a brilliant look in the rear view mirror at the American scene during the Twentieth Century The book begins with the timeless reverie of A Season For Hymning And Hawing So autumn is a blatantly vital season contrary to the allegations of sorrowful poets who misconstrue the message of dying leaves Yet almost everybody recognizes that the season s character transcends those familiar bracing days crystal nights bigger stars vaulted skies fluted twilights harvest moons frosted pumpkins and that riotous foliage that impels whole traffic jams of leaf freaks up into New England No hymning or hawing in behalf of autumn should neglect to note that the coming season is a self contained climactic cycle It offers every weather at its end days icy enough for any sane person and along the way those indefinite Indian summers that put the real ones to shame The Ordeal Of Fun explores our obsessive quest for fun We are conceived in a moment of profound fun This fact may not fix our destiny but it strongly insinuates our complicity in some cosmic carnival Fun becomes us Born out of fun we are born into it too The infant is hurled into the air He opens grinning gums to the skies and issues an ecstatic gasp as he plummets To be To be is to be in disequilibrium visually physically aurally internally Life comes thus and the infant is in love with it Later when he comes as close as an adult can to recapturing the dizzy totality of it all he will speak of falling in love An axiom emerges For man fun is not only scratching where he itches it is itching where he scratches Fun takes such myriad forms it smacks of illusion This is appropriate Illusion means literally in play You may find fun elsewhere but only the fun you bring with you For that as every child knows is where it is at In Louisiana Jazzman s Last Ride is an elegy to a rich New Orleans tradition Boom A second shot signals the stricken cadence of a dirge The white gloves of the pallbearers flash in the morning sun as they float their burden to the silver gray Cadillac hearse A jazz funeral is beginning in New Orleans Though hardly disrespectful the underlying temper is festive The reason lies in tradition when the funeral is done the streets will explode with jubilant jazz and antic celebration A young woman in frayed jeans curves backward in an affront to gravity all the while clapping her hands rending the air with throaty singing Oh when the saints The Suckers explains the inner world of compulsive gamblers They talked about gambling and deep into the night I listened to voices that scarcely mentioned such things as cards and dice and horses Gambling seemed an abstract rite as they spoke of it severed from apparatus remote from any habitat My gamblers seemed to get their special feeling the compelling thing not at the resolution of a bet not at the winning or losing but while the bet was pending While the gamble was pending resolution they knew those special sensations almost indescribable The feelings vanish when the gamble is resolved but they want them again and so they bet again and again In action he was living lost child alive running ever running behind horses clinging to the tingling reins two wild horses one Yes and one No one Win and one Lose one Love and one Loveless running on running on The Scientist Weekly Record , 1980
