Thank you for your purchase We spent a long time building this book we hope you enjoy it Drawings is a new series from The SECRET Libraries New 1st EDITION for 2018 **Sketchbook** Atelier Du Musee, 2019-06-29 **Sketchbooks** Christian M. Nebehay, Egon Schiele, 1989 Few of Egon Schiele s sketchbooks are known to have survived intact many were dismantled after his death and their pages sold individually Reproduced here for the first time ever in their entirety are all thirteen of the complete books now preserved in public collections in Vienna They date from 1911 to 1918 the last and most important years of the artist s short life To place the sketchbooks in their context in Schiele s oeuvre and to give a comprehensive view of his output more than a hundred of his finished paintings watercolors and gouaches are presented in full color alongside their related studies Accompanying the reproductions are illuminating excerpts from Schiele s correspondence and other contemporary sources which shed penetrating light on the artist s intimate life Dust jacket The Sketchbook Gerd Presler, 2017-06-01 Sketchbooks are an outstanding feature in more than a few exhibitions they have a downright prominent place in showcases above them monitors where all sheets can be seen on touch screens a visual pleasure and an exciting event Unfortunately however many people continue to be rather baffled by sketchbooks What goes on there Most are convinced that the purpose of a sketchbook is to prepare for a work typically a painting Its pages contain impressions of a preliminary nature sketched in a few strokes which are completed at another time and another place But things have changed and this is a development we have to examine at long last in greater depth sketchbooks can accomplish more they plough a field other than that of pre liminarity To date there is no publication that explores their true significance within the creative process Is it not called for to take a close look at the weight artists attach

to the silent companion in their jacket pocket This is the purpose of this book      **Egon Schiele** Narim Bender,2014-12-27

With his signature graphic style embrace of figural distortion and bold defiance of conventional norms of beauty Egon Schiele was one of the leading figures of Austrian Expressionism He was an Austrian painter a protégé of Gustav Klimt and important figurative painter of the early 20th century The twisted body shapes and the expressive line that characterize his paintings and drawings mark the artist as one of the earliest exponent of Expressionism In Schiele's early years he was strongly influenced by Klimt and Kokoschka but soon evolved into his own characteristic style He focused on portraits of others as well as himself In his later years while he still worked often with nudes they were done in a more realist fashion Schiele made many drawings some of which were extremely erotic During his short but highly prolific career which ended with his premature death Schiele created more than three thousand works on paper and approximately 300 paintings      **Egon Schiele** Jane Kallir,2003-04-29 Austrian Expressionist Egon Schiele produced a prolific body of work before his early death at the age of twenty eight in 1918 The oeuvre is comprised of a few hundred oil paintings and thousands of drawings and watercolors Schiele's oils have often been reproduced and are well recognized However limited access to the fragile works on paper and dispersion among several collections have made for an unbalanced representation of his work as a draftsman This book assembles drawings and watercolors from public and private collections and reproduces work from every year of the artist's career beginning with the juvenilia and early academic studies The focus means that work that is rarely reproduced is represented extensively providing a unique opportunity to study the rapid artistic development of Schiele over the course of his brief twelve year career The book is organized chronologically and divided into year by year sections Each section includes a text that discusses the major events in Schiele's life and the interrelation between the artist's drawing and developments in his oil painting Features a previously unpublished Schiele watercolor and several works that have never been reproduced in color      *Egon Schiele* Christian M. Nebel,1989      *Catalog of the Library of the Museum of Modern Art: Rej* Museum of Modern Art (New York, N.Y.). Library,1976      **Egon Schiele, 1890-1918** Reinhard Steiner,Egon Schiele,2000 Schiele had the most long lasting influence on the Vienna art scene after the great era of Klimt came to a close After a short flirtation with the style of his mentor Klimt Schiele soon questioned the aesthetic orientation to the beautiful surface of the Viennese Art Nouveau with his rough and not easily accessible paintings      The Naked Truth Alys X. George,2020-05-15 Uncovers the interplay of the physical and the aesthetic that shaped Viennese modernism and offers a new interpretation of this moment in the history of the West Viennese modernism is often described in terms of a fin de siècle fascination with the psyche But this stereotype of the movement as essentially cerebral overlooks a rich cultural history of the body The Naked Truth an interdisciplinary tour de force addresses this lacuna fundamentally recasting the visual literary and performative cultures of Viennese modernism through an innovative focus on the corporeal Alys X George explores the modernist focus on the flesh by turning our attention to the second Vienna medical school which revolutionized the field of

anatomy in the 1800s As she traces the results of this materialist influence across a broad range of cultural forms exhibitions literature portraiture dance film and more George brings into dialogue a diverse group of historical protagonists from canonical figures such as Egon Schiele Arthur Schnitzler Joseph Roth and Hugo von Hofmannsthal to long overlooked ones including author and doctor Marie Pappenheim journalist Else Feldmann and dancers Grete Wiesenthal Gertrud Bodenwieser and Hilde Holger She deftly blends analyses of popular and high culture laying to rest the notion that Viennese modernism was an exclusively male movement *The Naked Truth* uncovers the complex interplay of the physical and the aesthetic that shaped modernism and offers a striking new interpretation of this fascinating moment in the history of the West **Art Books** Wolfgang M.
