Style Of A Law Firm Eight Gentlemen From Virginia:

The Style of a Law Firm Anne Hobson Freeman, 1992 **The Style of a Law Firm** Anne Hobson Freeman, 1989 With an introduction by Justice Lewis F Powell Jr An intelligent and readable case for admiring eight Virginia gents and some of the values they advocated Washington Post How College Presidents Succeed Michael Nelson, 2025-04-08 Leadership lessons in higher education and what they can teach us about leadership in all walks of life In an era when college presidents serve for on average fewer than six years leaving out of personal ambition for a next post or being forced to leave under fire there is an inspirational counterexample of leaders dedicated to the long term success of their institutions This book weaves together the stories behind what the Washington Post dubbed Virginia s academic dynasty to determine what makes for sound and effective institutional leadership Here are the lessons of three generations of college presidents from one family the Reveleys who have successfully led major colleges and universities across the commonwealth of Virginia for decades an ongoing legacy unrivaled in modern American higher education All three generations of Reveleys profiled here successfully dealt with the challenges of stewarding varied institutions Hampden Sydney College William Mary and Longwood University in a politically and demographically evolving state embedded within an equally dynamic and complex national economic and cultural environment for higher education Now in the Reveleys own words drawn from more than one hundred hours of oral interviews and thousands of pages of personal papers this book tells their story and offers readers insights into best leadership practices gleaned from their unparalleled cumulative experience **A Murder in Virginia** Suzanne Lebsock, 2004 Recounts the events surrounding the dramatic post Civil War trial of a young African American sawmill hand who was accused of murdering a white woman on her Virginia farmyard and who implicated three other women in the crime **The Dooleys of Richmond** Mary Lynn Bayliss, 2017-05-15 The Dooleys of Richmond is the biography of two generations of a dynamic and philanthropic immigrant family in the urban South While most Irish Catholic immigrants who poured into the region in the nineteenth century were poor and illiterate John and Sarah Dooley were affluent and well educated They brought sophistication and capital to Virginia where John established one of the largest hat manufacturing companies in the United States Noted for their business acumen and community service the Dooleys became leaders in business education culture and politics in Virginia A bellwether of the South during these tumultuous times the Dooleys fortunes would rise and fall and rise again Mary Lynn Bayliss recounts the family s history during their prosperous antebellum years John and his sons service in the Confederate army John s exploits as leader of the Richmond Ambulance Committee and the loss of the entire Dooley retail and manufacturing operations during the final days of the Civil War After the war the Dooleys son James a leading Richmond lawyer and philanthropist devoted half a century to developing railroad networks across the United States and became a key figure in the industrialization of the New South He and his wife Sallie built Maymont the famed Gilded Age estate that remains a major attraction in Richmond The story of the Dooleys is a

fascinating window on southern society and the people who shaped its grand and turbulent history Race, Reason, and Massive Resistance David John Mays, 2008 These private writings by a prominent white southern lawyer offer insight into his state's embrace of massive white resistance following the 1954 Brown v Board of Education ruling David J Mays of Richmond Virginia was a highly regarded attorney a Pulitzer Prize winning biographer and a member of his city's political and social elite He was also a diarist for most of his adult life This volume comprises diary excerpts from the years 1954 to 1959 For much of this time Mays was counsel to the commission chaired by state senator Garland Gray that was charged with formulating Virginia's response to federal mandates concerning the integration of public schools Later Mays was involved in litigation triggered by that response Mays chronicled the state's bitter and divisive shift away from the Gray Commission's proposal that school integration questions be settled at the local level Instead Virginia's arch segregationists led by U S senator Harry F Byrd championed a monolithic defiance of integration at the highest state and federal levels Many leading Virginians of the time appear in Mays's diary along with details of their roles in the battle against desegregation as it was fought in the media courts polls and government back rooms Mays's own racial attitudes were hardly progressive yet his temperament and legal training put a relatively moderate public face on them As James R Sweeney notes Mays's differences with extremists were about means more than ends about not the morality of Jim Crow but the best tactics for defending it

The Case of Odell Waller and Virginia Justice, 1940-1942 Richard B. Sherman, 1992 **A History of American Law** Lawrence Meir Friedman, 2019 Renowned legal historian Lawrence Friedman presents an accessible and authoritative history of American law from the colonial era to the present day This fully revised fourth edition incorporates the latest research to bring this classic work into the twenty first century In addition to looking closely at timely issues like race relations the book covers the changing configurations of commercial law criminal law family law and the law of property Friedman furthermore interrogates the vicissitudes of the legal profession and legal education The underlying theory of this eminently readable book is that the law is the product of society In this way we can view the history of the legal system through a sociological prism as it has evolved over the years *We Face the Dawn* Margaret Edds, 2018-02-06 The decisive victories in the fight for racial equality in America were not easily won much less inevitable they were achieved through carefully conceived strategy and the work of tireless individuals dedicated to this most urgent struggle In *We Face the Dawn* Margaret Edds tells the gripping story of how the South's most significant grassroots legal team challenged the barriers of racial segregation in mid century America Virginians Oliver Hill and Spottswood Robinson initiated and argued one of the five cases that combined into the landmark Brown v Board of Education but their influence extends far beyond that momentous ruling They were part of a small brotherhood headed by social justice pioneer Thurgood Marshall and united largely through the Howard Law School who conceived and executed the NAACP's assault on racial segregation in education transportation housing and voting Hill and Robinson's work served as a model for southern states and an essential

underpinning for Brown When the Virginia General Assembly retaliated with laws designed to disbar the two lawyers and discredit the NAACP they defiantly carried the fight to the United States Supreme Court and won At a time when numerous schools have resegregated and the prospects of many minority children appear bleak Hill and Robinson s remarkably effective campaign against various forms of racial segregation can inspire a new generation to embrace educational opportunity as the birthright of every American child *Craftsmanship and Character* Harold Melvin Hyman,1998 The history of Vinson Elkins both mirrors and contrasts that of many other large American law firms The firm was founded in 1917 by two partners who pooled a handful of clients and ten thousand dollars By the 1990s the firm retained more than five hundred lawyers represented more than eight thousand clients on several continents and posted multi million dollar annual earnings **A History of American Law: Third Edition** Lawrence M. Friedman,2005-06-01 In this brilliant and immensely readable book Lawrence M Friedman tells the whole fascinating story of American law from its beginnings in the colonies to the present day By showing how close the life of the law is to the economic and political life of the country he makes a complex subject understandable and engrossing A History of American Law presents the achievements and failures of the American legal system in the context of America s commercial and working world family practices and attitudes toward property government crime and justice Now completely revised and updated this groundbreaking work incorporates new material regarding slavery criminal justice and twentieth century law For laymen and students alike this remains the only comprehensive authoritative history of American law **Ellen Glasgow** Susan Goodman,1998 With such critically acclaimed and best selling novels as *Barren Ground* *The Sheltered Life* *Vein of Iron* and the Pulitzer Prize winning *In This Our Life* Ellen Glasgow 1873 1945 established herself as one of America s most talented dedicated and influential writers Chronicling the struggles of a fallen South she pioneered a poetic realism that influenced a generation of southern writers Robert Penn Warren Eudora Welty and William Faulkner among them and shaped the course of American letters In *Ellen Glasgow A Biography* Susan Goodman vividly brings to life the famously secretive writer penetrating the myths half truths and lies that have swirled around Glasgow since the publication of her first novel *The Descendent* in 1896 Drawing on previously unpublished papers and personal interviews Goodman uncovers the engrossing details of Glasgow s family history social milieu personal tragedies and literary career **The Yale Biographical Dictionary of American Law** Roger K.
