Subbing In The City The A To Z Of Substitute Teaching:

Subbing in the City Sally Goddard, Arlene Armstrong, 2004 Substitute teaching is one of the least glamorous areas of the teaching profession Everyone remembers the day their class made the sub cry or refused to do work the sub assigned or worse because the teacher was just a sub This book focuses the reader's attention on the problems faced by a substitute teacher in Canadian classrooms The purpose of this book is threefold First it describes some of the difficulties and frustrations which many substitute teachers face on a daily basis Second I give brief examples describing the problems the frustrations and in some cases the humour as seen by a real substitute teacher And third in a section called In a Perfect World I provide suggestions outlining ways that many of the difficulties described could be alleviated either by the classroom teacher the school administration or by the school board staff
