it nicely juxtaposes appear to be good and the introductions to each section help to situate the writers in their historical and intellectual context and to alert students to some of the central issues that arise in the texts This book offers an economical and useful approach to modern political thought

**Habeas Corpus** Paul D. Halliday, 2025-09-01 We call habeas corpus the Great Writ of Liberty But it was actually a writ of power In a work based on an unprecedented study of thousands of cases across more than five hundred years Paul Halliday provides a sweeping revisionist account of the world's most revered legal device In the decades around 1600 English judges used ideas about royal power to empower themselves to protect the king's subjects The key was not the prisoner's right to liberty these are modern idioms but the possible wrongs committed by a jailer or anyone who ordered a prisoner detained This focus on wrongs gave the writ the force necessary to protect ideas about rights as they developed outside of law This judicial power carried the writ across the world from Quebec to Bengal Paradoxically the representative impulse most often expressed through legislative action did more to undermine the writ than anything else And the need to control imperial subjects would increasingly constrain judges The imperial experience is thus crucial for making sense of the broader sweep of the writ's history and of English law Halliday's work informed the 2008 U S Supreme Court ruling in *Boumediene v Bush* on prisoners in the Guantanamo detention camps His eagerly anticipated book is certain to be acclaimed the definitive history of habeas corpus

**Foundations of Civic Engagement** Ralph D. Ellis, Norman J. Fischer II, James B. Sauer, 2006-08-30 Foundations of Civic Engagement is a comprehensive survey and reassessment of the entire field of social and political philosophy Suitable for use as a primary text for courses on political thought this book explores the basic arguments of the most important historical and contemporary figures and offers a thematic critique and integration of these philosophies This dynamic book includes in depth discussions of Ancient Greek modern and contemporary theories of communitarianism social contract feminism classical liberal rights based approaches African American philosophy postmodernism Marxism critical theory and theories of communicative actions e g Habermas Throughout philosophical history there is a tension between social development of the political person as in personalist communitarian feminist postmodern and Continental thought and the abstract contractual principles needed for impartial justice and freedom of conscience This chasm can be bridged to some extent by combining ideal contractualism with the tools of feminist theory discourse ethics and critical theory Foundations of Civic Engagement evaluates these tensions as well as the criticisms and response to criticism for each theory in order to promote open dialogue analysis and a realistic assessment of each philosophy
