Subject To Ourselves Social Theory Psychoanalysis And Postmodernity:

Subject to Ourselves Anthony Elliott, 2015-12-22 The revised edition of *Subject to Ourselves* a lively and provocative book that was a leader on its topic in England uses psychoanalytic theory as the basis for a fresh reassessment of the nature of modernity and postmodernism Analyzing changing experiences of selfhood desire interpersonal relations culture and globalization the author develops a novel account of postmodernity that supplants current understandings of fragmented selves *Subject to Ourselves* includes a diverse set of case studies including the power of fantasy in military violence and war the debate over sexual seduction in psychoanalysis and the cultural uses of media and new information technologies The book will be essential reading for students and professionals of social and political theory psychoanalytic studies psychology and cultural studies as well as those with an interest in the modernity postmodernity debate Praise for the First Edition This book not only fills an important gap in the literature for it summarises a debate that is scattered across a decade of rather difficult texts but also offers a resolution that is sensible and grounded in the best current thinking It will be widely read by graduate students faculty and professionals in the humanities and social sciences Choice This is an informative and enjoyable book which will be of use to students and academics It is accessibly written and provides useful summaries of the different theories and debates in cultural and psychoanalytic theory Recommended Radical Philosophy *Subject to Ourselves Social Theory, Psychoanalysis and Postmodernity* Anthony Elliott, 2004

Routledge Revivals: Anthony Elliott: Early Works in Social Theory Anthony Elliott, 2021-02-25 The volumes in this set originally published between 1999 and 2003 draw together early works in social theory by leading sociologist Anthony Elliott The collection covers some of his major works in the field of social theory with a particular focus on psychoanalysis and social theorists within the area of sociology The works in this set make accessible previously unavailable works from the early stages of Anthony Elliott's ongoing and prolific career to date

Social Theory Since Freud Anthony Elliott, 2004-06-01 In this compelling book Anthony Elliott traces the rise of psychoanalysis from the Frankfurt School to postmodernism Examining how pathbreaking theorists such as Adorno Marcuse Lacan and Lyotard have deployed psychoanalysis to politicise issues such as desire sexuality repression and identity Elliott assesses the gains and losses arising from this appropriation of psychoanalysis in social theory and cultural studies Moving from the impact of the Culture Wars and recent Freud bashing to contemporary debates in social theory feminism and postmodernism Elliott argues for a new alliance between sociological and psychoanalytic perspectives Self-Literacy Alan Bleakley, 2025-08-22 *Self Literacy Writing Out Personhood* offers fifty perspectives on gaining an understanding of what personhood may mean through various disciplines Literature is a key medium through which selves are mapped as humans are written into being Such literature is intimately tied to health such as within self help literature written accounts of illness or of characters who are defined by their afflictions physical psychological and moral This book adopts an essay approach to aspects of selfhood including disciplines of psychology personality sociology social selves anthropology cultural selfhood

literary the self as portrayed in literature and history notions of self through time Each chapter can be read in isolation and a comprehensive list of works on self is provided as a bibliography This book will appeal to researchers and postgraduates engaged in the fields of Literature and Health Humanities as well as psychology sociology and anthropology academics and students

Critical Keywords in Literary and Cultural Theory Julian Wolfreys, 2017-03-14 This book is an invaluable reference guide for students of literary and cultural studies which introduces over forty of the complex terms motifs and concepts in literary and cultural theory today Critical Keywords in Literary and Cultural Theory Gives students a brief introduction to each concept together with short quotations from the work of key thinkers and critics to stimulate discussion and guide genuine comprehension Supplies helpful glosses and annotations for each term concept or keyword which is discussed Offers reflective practical questions at the end of each entry to direct the student to consider a particular aspect of the quotations and the concept they address Provides explanatory notes and bibliographies to aid further research This essential volume is ideal as both a dip in reference book and a guide to literary theory for practical classroom use

Freud 2000 Anthony Elliott, 1999 Freud 2000 is a bold defense of the relevance and importance of Freud to contemporary culture offering a highly readable and lucid application of Freudian concepts to current theoretical issues in the social sciences and the humanities Issues addressed include the impact of Freud on our understandings of identity and sexuality the relationship between psychoanalysis and feminism problems of epistemology and method the analysis of political violence and international relations the temporal and spatial constitution of social practices the coherence of law and jurisprudence the interpretation of biography and autobiography and the dynamics of modernity and postmodernism

Deconstructing Happiness Jordan McKenzie, 2016-03-10 This book offers an original account of the good life in late modernity through a uniquely sociological lens It considers the various ways that social and cultural factors can encourage or impede genuine efforts to live a good life by deconstructing the concepts of happiness and contentment within cultural narratives of the good life While empirical studies have dominated the discourse on happiness in recent decades the emphasis on finding causal and correlational relationships has led to a field of research that arguably lacks a reliable theoretical foundation Deconstructing Happiness offers a step toward developing that foundation by offering characteristically sociological perspectives on the contemporary fascination with happiness and well being In doing so it seeks to understand the good life as a socially mediated experience rather than a purely personal or individually defined way of living The outcome is a book on happiness contentment and the good life that considers the influence of democracy capitalism and progress while also focusing on the more theoretical challenges of self knowledge reason and interaction

Crime, Criminal Justice and Masculinities Stephen Tomsen, 2017-07-05 This volume features the leading contemporary articles that are part of or related to the new masculinities approach in this sphere These comprise an impressive range of theoretical and empirical work including important cultural and ethnographic analyses They emphasise the relationship between masculinities the causes and

patterns of most criminal offending and victimisation and the broader workings of the wider criminal justice system of policing public and private criminal courts corrections and prisons All of the material has been selected from flagship international journals and was produced by a global mix of male and female researchers with diverse disciplinary backgrounds These scholars share the view that masculinities are plural socially constructed reproduced in the collective social practices of different men and embedded in institutional and occupational settings Furthermore masculinities are intricately linked with social struggles for power that occur between men and women and different men Crime criminal justice and their cultural representation are key terrain for these masculine contests and are always overlain with issues such as social class age race ethnicity and sexuality

The Rise of the Therapeutic Society Katie Wright, 2011 Taking Australia as the focal point Wright traces the ascendancy of therapeutic culture from 19th century concerns about nervousness to the growth of psychology the diffusion of an analytic attitude and the spread of therapy and counseling She argues convincingly for a reappraisal of therapeutic culture

Enhancing Professionalism Through Reflectivity in Social and Health Care Walter Lorenz, Zuzana Havrdová, 2023-09-13 This book discusses complex motivational conditions and strategies on macro meso and micro levels promoting reflectivity in interpersonal professional practice The increasing demands made on practitioners in social and health services as illustrated by the COVID 19 pandemic can lead to great uncertainty over how to find the right response to complex expressions of need and how to account for ethical professional decisions in view of prevailing strategies of risk reduction and managerial accounting Reflectivity has been recognised as being of central importance for guiding practitioners towards situationally differentiated and accountable practice However it is a complex process made up not only of different psychological components and their interplay with educational and organisational contexts but also of multilevel interactions and purely situational conditions that can have positive or negative effects The individual and team reflectivity can be learned and supported through various educational and managerial opportunities sensitively guided personal and professional experiences and specific patterns of interaction which are reviewed in the book Reflective supervision in the workplace plays a pivotal role in enabling individual and team reflective processes However there are also social and organisational factors that can hinder the development of individual and team reflectivity The particular value of this publication is that the authors focus on complex research findings from several consecutive studies and critically review and discuss the conditions for reflectivity from various perspectives and with the background of rich academic literature and research Their research derived empirical and analytical insights were submitted to managers and educators and effective and realistic strategies and methods to enhance different levels of reflectivity in students and practitioners were discussed and are summarised in this volume Among the topics covered The significance of

reflectivity in professional social and health care in relation to changing socio political contexts Gender aspects of reflectivity in the social and healthcare field Operationalisation of reflectivity for research by personal team and organisational scales Cultural and communicational patterns of interaction enabling professional reflective processes Enhancing Professionalism Through Reflectivity in Social and Health Care is pertinent reading for professors of professional academic training programmes for social workers nurses supervisors trainers in non formal learning settings students and managers of social and health services with an interest in enhancing organisational cultures

Postmodernism. What moment? Pelagia Goulimari, 2024-06-04 This collection assembles many of the major theorists of postmodernism across the humanities and the social sciences to reconsider the nature and significance of the postmodern moment as historical phase and as theoretical field The authors look back on their own contributions to the postmodernism debate of the 1980s and 1990s and address the ways in which the contemporary world and their own concerns have developed and the continuing validity or otherwise of postmodern as a master designator of the contemporary Following a substantial introductory survey the 15 compact articles include contributions from Linda Hutcheon Robert Venturi Zygmunt Bauman Douglas Kellner Arthur and Marilouise Kroker Lawrence Grossberg Gianni Vattimo and Ernesto Laclau The collection provides an important testimonial source for researchers interested in contemporary theoretical developments whether in the arts and humanities or the social sciences It will be a useful text for teachers leading classes with a focus on postwar intellectual history and cultural theory
