Submarine 4 Fire:

Defensively-armed Merchant Ships and Submarine Warfare Alexander Pearce Higgins, 1917 *Enlistment and Reenlistment in Regular Air Force* United States. Department of the Air Force, 1954 **USS Solomons CVE 67** Joseph E. Comeau Jr., 2008-07-31 This book is an Historical Account some may say it is a Museum Exhibit all by itself of the USS SOLOMONS CVE 67 and U860 which was sunk by the USS Solomons CVE 67 It is told by the crewmen and their photos Its in the format of a Family Photo Album by the time you finish reading this book you will know these men Personally This book makes it blatantly clear how important it is that we talk to our Veterans record their stories and make copies of their photos Who would have ever thought that 60 men could have enough stories to fill 547 pages and over 810 photos and documents or that they would be so Happy And willing to share Their Memories Additionally this book shows just how little time we have left to record their memories Since I started this project in February of 2002 until now March 2005 five of the men that contributed to this book have already passed away They will never get to see the book that they helped write They are now Gone Forever BUT They will now be Remembered Forever along with their stories and photos The five men are David R Green S1 c USS Solomons CVE 67 Passed Away 27 April 2002 Age 77 Frank S Rojewski S1 c USS Solomons CVE 67 Passed Away 10 May 2003 Age 76 Joseph Ernest Comeau S1 c USS Solomons CVE 67 My Dad Passed Away 26 June 2003 Age 77 Adolf Lundquist U860 Crewman U860 was sunk by USS Solomons CVE 67 Passed Away December 2003 Age 90 Joseph Montana USS Solomons CVE 67 Passed Away 12 January 2005 Age 78 Read this book Then talk to the Veteran that you know write down His or Her stories and make copies of any photos Put them in a folder give each of His or Her Family members a copy so that the Veteran will NEVER BE FORGOTTEN OUR VETERANS HAVE EARNED THE RIGHT TO BE REMEMBERED THANK YOU center REVIEWScenter Joseph Comeau s book on the history of this can do carrier and her World War II crew reads like a veteran s scrapbook which it is in a way There s no narrative in the traditional sense the book consists of first hand accounts rare personal snapshots and reproductions of contemporary documents such as a Welcome Aboard pamphlet produced for new arrivals aboard the SOLOMONS Comeau s father Joseph E Comeau Sr served aboard the SOLOMONS and the book is a tribute to Comeau Sr and his shipmates The book is a wealth of obscure photos and the small details of life aboard a jeep carrier during the Atlantic War Doug Buchanan Editor of Anchor Watch The Official Journal of the Historic Naval Ships Association July 2005 This is a big book large format over 540 pages and 810 photographs but regardless of its size this book is clearly a labor of love For years Joseph Comeau would ask his father Joseph Comeau Sr about his days in the Navy His father would simply reply that he was on an Escort Carrier and that they were in the Atlantic He sometimes added that he was also rather sad that there had never been a reunion for his fellow shipmates that served with him on the USS Solomons CVE 67 In February 2002 Joseph Jr got an idea Using the far reach of the Internet he began tracking down former Solomons crewmembers quickly finding 35 men in just a few short months Each time he found one he would ask that

individual to write down memories of the ship and to send a copy of any photos he may have Joseph Jr stashed these materials away in a folder which soon grew to over 235 pages This he presented to his dad on Father s Day of that year It was the reunion that his father never had Sadly Joseph Comeau Sr answered the final Call to Muster on 26 June 2003 This book based on the original folder as well as further research is a great piece of history It is not necessarily a start to finish history of the USS Solomons although there is a considerable amount of information on the ship but rather individual stories of people with a common experience centered around the vessel in which they served during a war that all fought This is a chronicle of the past in the most personal sense There is a ton of history here and we highly recommend picking up a copy of this book We would like to thank Joseph Jr for undertaking this project a gift from a son to his dad David G Powers Editor of Logbook Great Aviation History 2nd Quarter 2006

The Struggle for the Dardanelles Erich Prigge, 2015-02-28 This is a detailed eye witness account of the Dardanelles Gallipoli campaign from the perspective of the Turks through the eyes of Major Erich Prigge an adjutant to Marshal Liman von Sanders the German commander in chief of the Ottoman forces in the Dardanelles The focus is overwhelmingly on combat but includes related matters such as reconnaissance and logistics Packed with specific information and technical detail as well as action it should be of great interest to historians and enthusiasts Prigge actually wrote two accounts of the campaign The first published in January 1916 while the fighting continued revealed so much information that the Ottoman government asked the German authorities to suppress it The other published later that year included coverage of the British evacuation Although Prigge had removed many of the sensitive details of unit names casualties etc he had substantially rewritten and augmented many passages with lively descriptive material Philip Rance here presents the first English translations of both versions which together form one of the most complete and valuable accounts of this campaign available from the Turkish perspective [AF Manual](#) United States. Japanese Submarines in World War Two Terry C Treadwell, 2022-06-30 The Imperial Japanese Navy developed the submarine faster than any other country in the world But as a result of rivalries between the two military hierarchies the Army and the Navy they never utilized the submarine to its full extent Nevertheless during the Second World War Japan deployed a number of unique submarines These included the Type B1 which carried a Yokosuka E14Y1 reconnaissance seaplane in a watertight capsule attached to the deck of the submarine One of these aircraft carried out two bomb attacks on a forest in Oregon by dropping six incendiary bombs taking the war to the American mainland The use of aircraft from submarines as scout planes proved not to be as successful as hoped mainly because of the difficulty after launching the aircraft of it finding the submarine again in the vast Pacific and Indian Oceans The Japanese also developed the giant I 400 class submarines that carried three Sieran bombers There were other notable actions involving IJN submarines This included I 17 that attempted to shell unsuccessfully an oil refinery off the coast of Santa Barbara causing a major panic along the West Coast of America Also memorable are the midget submarines that attempted to attack Pearl Harbor and the submarines that carried the one man submarines Kaitens and the human torpedoes The submarine losses suffered by the Japanese Navy as the war progressed when Allied and in particular US destroyers and aircraft hunted them down are all recorded in this comprehensive account of a fascinating element of the war at sea
