Understanding and Negotiating Construction Contracts Kit Werremeyer,2006-09-29 Construction is a complex business Each project has its own unique physical and commercial considerations Since there s no such thing as a standard or typical construction project construction contracts should also not be considered standard The contractor must carefully manage both in order to have a successful outcome and protect the company s interests and assets This book will help you manage all these elements of the contract Scope of work and schedule Terms of payment and cash flow Assurances of performance Insurance bonding indemnity and warranties Changes to the contract Disputes and their resolution Damages Termination and suspension Force majeure International contracting **The Business of Filmmaking** Maria Johnsen ,2023-03-13 The business of filmmaking is a multifaceted and intricate industry that encompasses various aspects such as production distribution and marketing Success in this field requires a combination of talent creativity and business acumen Filmmakers must possess a thorough understanding of the market identifying trends and opportunities to capitalize on Additionally they must adeptly manage budgets negotiate deals and foster relationships with investors distributors and other industry stakeholders Recent years have witnessed significant transformations in the film industry due to advancements in artificial intelligence AI technology and the surge of streaming services While traditional movie theaters retain their importance an increasing number of viewers now prefer online or mobile platforms for film consumption Consequently filmmakers must adapt to these evolving trends and find innovative ways to engage with audiences My goal in writing this book is to raise awareness about film marketing processes and the art of building a business and network within the film industry Unfortunately colleges and universities often neglect these critical aspects with the majority of lectures and programs focusing solely on the technicalities of filmmaking Merely obtaining a master s degree in film production is insufficient for success in this field To thrive in filmmaking like any other business one must cultivate relationships with various stakeholders ranging from cast and crew to sales agents distributors exhibitors lawyers and publicists This book is not another typical guide to filmmaking Instead I delve into the essential elements of building a successful business in the movie industry emphasizing the impact of artificial intelligence on different aspects of the filmmaking process Furthermore I

discuss strategies for increasing the value of one's film such as hiring A list actors for low budget projects and more

The Essentials of Contract Negotiation Stefanie Jung, Peter Krebs, 2019-06-14 This book focuses on the tactics and strategies used in business to business contract negotiations. In addition to outlining general negotiation concepts, techniques and tools, it provides insight into relevant framework conditions, underlying mechanisms and also presents generally occurring terms and problems. Moreover, different negotiating styles are illustrated using an exemplary presentation of negotiation peculiarities in China, the USA and Germany. The presented tactics and strategies combine interdisciplinary psychological and economic knowledge as well as findings from the field of communication science. The application scope of these tactics and strategies covers business to business negotiations as well as company internal negotiations. The fact that this book does not necessarily stipulate any prior knowledge of the subject of negotiations also makes it highly suitable for nonprofessionals with a pronounced interest in negotiations. Nonetheless, it provides proficient negotiators with a deeper understanding for situations experienced in negotiations. This book also helps practitioners to identify underlying mechanisms and on this basis sustainably improve their negotiation skills.
