The State as Parent Joe Hudson,Burt Galaway,2012-12-06 The thirty five chapters in this book are edited versions of papers presented at the Advanced Research Workshop State Intervention on Behalf of Children and Youth which took place in Maratea Italy February 20 24 1989 The Workshop was attended by leading child welfare researchers from most of the Western countries Represented were scholars and practitioners from disciplines as diverse as law social work neurology economics political science education psychology and psychiatry This variety of disciplines considerably enriched the discussions at the Workshop and is reflected in a set of interesting and we believe potentially useful research papers This book is divided into four sections each dealing with dominant themes of state intervention The first section deals with research on organizing for state intervention and related ways of providing accountability The second section deals with research on young persons in conflict with the law the third with research on child abuse and the final section with research on children in care Many of the matters addressed in these papers relate to more than one of the topical theme headings and therefore might well have been located in different sections of the volume Each section is introduced by an introductory statement that provides an overview of the papers and issues addressed and suggests an agenda of research work to be undertaken These introductions are based largely on workshop discussions and do not necessarily represent the views of their identified authors *Effective Child Protection* Eileen Munro,2008-05-19 *Effective Child Protection* is a significant contribution to child welfare practice and policy Munro offers a pathway to achieving better outcomes for children and families who are recipients of child protection services Children and Youth Services Review Praise for the First Edition The book makes the fully justified claim that it will be essential reading for professionals undergoing qualifying and post qualifying training It is to be hoped that it will enjoy an even wider readership Child Abuse Review This new edition is essential reading for anyone concerned with improving child protection practice Building on the strengths of the first edition it provides a deeper understanding of how practice judgements and decisions can be improved in child protection work Updates include an account of how intuition emotion and analytic thinking are combined in practice an analysis of how the nature of the task determines what combination is needed an updated chapter on how we can detect errors new material on how organisations can promote good reasoning skills a simpler way to understand risk assessment instruments Illustrated with detailed case studies throughout it will be invaluable reading for students researchers and practitioners in all areas of child protection including social work education health and policing Eileen Munro is a Reader in Social Policy at the London School of Economics specialising in child protection Other publications include *Child Protection* SAGE 2006 **The**

Emotional Needs of Young Children and Their Families Marion Bower, Judith Trowell, 2002-09-11 The aim of this book is to provide illustrations of ways in which psychoanalytic ideas can be adapted and used in a wide variety of community settings including social services schools and hospitals to help children and families who are emotionally disturbed or who have been physically or sexually abused It is a book for professionals who are interested in using psychoanalytic ideas in their own work settings and assumes no previous knowledge of these ideas on the part of the reader It provides basic principles many practical examples further reading and information about where to get support and consultation

Disabled Children and the Law Janet Read, Luke J. Clements, David Ruebain, 2006 Now in its completely updated second edition this accessible guide provides essential information about how the law can be used to promote good practice and policy development for disabled children and young people The authors take an anti discriminatory and inclusive approach that involves parents and children in decision making and advocacy They summarise recent research on common needs and problems of disabled children young adults and their families and what support services are valued by them Individual chapters cover issues affecting children at different stages in the lifecourse including receiving diagnosis ensuring educational and social inclusion and establishing autonomy and independence in early adulthood The overlapping legal responsibilities of social services health and education are explained and changes arising from the Children Act 2004 are highlighted Disabled Children and the Law is an essential reference for practitioners policy makers students and families

Enhancing the Well-being of Children and Families through Effective Interventions Wendy Rose, Professor Colette McAuley, Peter Pecora, 2006-01-30 Services for families and children are rightfully the focus of intense scrutiny and debate and there is a clear need to establish a knowledge of which services work well This volume provides a comprehensive overview of research evidence from the UK and USA on the effectiveness of selected child welfare interventions

Parents and Children Andrew Bainham, 2017-03-02 This volume brings together some of the best journal articles of the last twenty years which deal with various aspects of the relationship between parents and children Adopting an inter disciplinary and comparative approach the book reproduces articles from a variety of journals in law and the social sciences The book is divided into eight parts dealing respectively with becoming a parent the status and obligations of parenthood issues of upbringing adolescence child support parental separation divorce and children child abuse and state intervention social parenthood and adoption The volume includes a substantial introduction by the editor

Perspectives in Child Care Policy Lorraine Fox Harding, 2014-06-11 Child care law and policy issues generate very strong emotions and some crucial questions concerning the role of the state For instance under what circumstances should the state be able to intervene and use the force of the law to protect children Do children have similar rights to adults Such questions are matters of controversial debate and in the light of well publicised child abuse cases official inquiries and a government review led to the passing of the Children Act in 1989 Perspectives in Child Care Policy presents four different value perspectives on child care policy

laissez faire state paternalism defence of the birth family and children's rights These perspectives differ in their underlying values concepts and assumptions concerning children families the rights and powers of parents and the role of the state

Child Welfare Services Malcolm Hill, Jane Aldgate, 1996-01-01 The contributors to this book provide a comprehensive review of child care policy and practice They present evaluations and critiques of new or impending legislation and policies and describe innovative services for children and young people who are deemed to be in need of protection care or control as a result of abandonment neglect ill treatment offending or other difficulties They also examine changes in adoption law where such issues as placement policies in relation to children from ethnic minorities intercountry adoption and the trend towards greater openness have become prominent and controversial in recent years Promoting Adoption and Other Permanent Placements United States.
