Success! Brad Zupp,1995-05-01 **Reading Programs for Young Adults** Martha Seif Simpson,2015-11-16 School and public libraries often provide programs and activities for children in preschool through the sixth grade but there is little available to young adults For them libraries become a place for work the place to research an assignment or find a book for a report but the thought of the library as a place for enjoyment is lost So how do librarians recapture the interest of teenagers This just might be the answer Here you will find theme based units such as Cartoon Cavalcade Log On at the Library Go in Style Cruising the Mall Space Shots Teens on TV and 44 others that are designed for young adults Each includes a display idea suggestions for local sponsorship of prizes a program game to encourage participation 10 theme related activities curriculum tie in activities sample questions for use in trivia games or scavenger hunts ideas for activity sheets a bibliography of related works and a list of theme related films The units are highly flexible allowing any public or school library to adapt them to their particular needs *Books In Print 2004-2005* Ed Bowker Staff,Staff Bowker, Ed,2004

Musicians Who Quit Maya Iyer,AI,2025-02-24 Musicians Who Quit explores why some musical artists despite fame and success choose to leave the music industry It delves into the multifaceted reasons behind these career transitions highlighting artistic burnout music industry pressures and the pursuit of personal fulfillment beyond the stage The book reveals how constant pressure and creative dissatisfaction can push even successful musicians to seek autonomy and new forms of self expression It showcases that quitting isn't always failure but a deliberate step in an artist's evolution One intriguing aspect is the examination of health concerns both mental and physical which significantly influence these decisions The book adopts a narrative nonfiction style blending biographical storytelling with analytical insights to explore musician life stories It begins by introducing key concepts like burnout and industry pressures then presents biographical accounts of musicians who made this choice These case studies are grouped by themes such as creative dissatisfaction and health concerns The book analyzes common threads in these narratives offering broader insights into artistic fulfillment and the realities of the music business making it valuable for music enthusiasts and those interested in career transitions

Srinivas Rao, 2018-08-07 The creator of the Unmistakable Creative podcast makes a counterintuitive argument By focusing your creative work on pleasing yourself you can increase your productivity happiness and eventually paradoxically the size of your audience Creating for your own pleasure whether you're writing a novel composing songs or painting a landscape can seem pointless It's tempting to focus on pursuing money and fame rather than the process itself But as Srinivas Rao warns creating then turns into a chore that can harm your self-esteem and suck the pleasure out of life rather than being a source of joy Rao host of the podcast The Unmistakable Creative argues that we should counter this thinking by intentionally creating art for ourselves alone an audience of one In this book he shares the fascinating true stories of creatives who took this path along with actionable tips and the research of creativity experts You'll learn for example How Oprah's intentional focus on her own work rather than the opinions of everyone else catapulted her into one of the most popular talk shows of all time How being process-driven can not only help you produce more work but can make you happier outside of your creative time How to put together a creative team of rivals whose feedback can help you hone your craft and filter out useless feedback By playing to an audience of one we can find more happiness increased productivity and a greater sense of community
