The Software Dilemma Roger Gutbrod, Christian Wiele, 2012-03-13 The complexity of software is continuously growing as a result of today's interconnected business processes Governance of architecture and technology strategy helps to ensure coherence of software and avoid excessive complexity At the same time software development needs room for creativity and empowerment to provide solutions to business problems of increasing complexity The book looks at this software dilemma from the perspectives of CIOs CTOs software architects and auditors Each of these groups has different interests which need to be considered reconciled and balanced CIOs CTOs are provided with the boundary conditions they have to establish assuring the achievement of strategic objectives Architects and auditors find proven concepts for effectively assessing software projects and architectures as well as for effectively communicating identified issues to responsible persons The book is based on the author's long experience in software engineering governance and auditing

**Success Is Within** Payal Nanjiani, 2019-05-29 Payal has beautifully defined success as to reach where you want from where you are She emphasizes rightful karma or focused execution to keep you on the right path so that you are always walking in a direction that takes you toward your goal Dr Arun Arora CEO EDVANCE This book is full of practical tips on how to become a successful leader and the best part is Payal has narrated it wonderfully with appropriate fables and relevant case studies Her entrepreneurial attitude and impactful wisdom are commendable and evident in the IPL series Swapna Hari Director Cognizant This book by Payal Nanjiani will join the best of business literature for emphasizing attitude as our biggest asset Swami Mukundananda of Jagadguru Kripaluji Yog JKYog Institute Gathering insights from 20 years of the author's executive coaching in the United States and abroad this book presents 21 mindfulness strategies for business leaders corporate heads entrepreneurs and professionals During the author's coaching sessions for business and corporate leaders and her trainings at corporations mid sized businesses small businesses and start up organizations she discovered that there is a wide gap between those who achieve success and those who do not This gap indicates that there is still something significant missing in the business world Success Is Within fills this gap by encouraging business professionals to mind the mind Written in accessible easy to digest language and targeted towards

busy US business professionals who long for thought leadership to boost their success the book argues that success depends on changing one's mindset in key ways Each chapter focuses on one way to transform one's mindset to achieve success The union of these 21 ways provides a uniquely comprehensive program for leadership success in business and corporate careers Drawing from a blend of Eastern and Western wisdom the book blends true life storytelling about the challenges of actual business professionals with insights drawn from traditional parables from classic wisdom books to inspire readers to think through how to transform their mindsets Ultimately the book helps magnify one's inner power the power of one's mind The book calls on business professionals to unleash their inner leader When they recognize the power of their inner leader they will become unstoppable
