The Widowing of Mrs. Holroyd D. H. Lawrence, 2019-12-09 D H Lawrence's play *The Widowing of Mrs Holroyd* intricately explores the complexities of human relationships against the backdrop of working class life in early 20th century England With a keen understanding of emotional depth Lawrence's dialogue resonates with naturalism weaving a narrative that delves into the psychological turmoil of its characters The play's raw portrayal of love loss and societal constraints reveals the tension between personal desire and communal expectations making it a poignant examination of existential struggles during a time of industrial upheaval Lawrence a prominent figure in modernist literature drew extensively from his own experiences in a coal mining community which infused his works with authenticity and visceral emotion His deep empathy for the struggles of the working class and rebellious spirit against societal norms reflect his vision of a more liberated human experience This background coupled with his fascination for human sexuality and emotional complexities led him to depict Mrs Holroyd's plight in a way that transcends mere narrative offering insight into the inherent conflicts within the human psyche This compelling play is essential for readers interested in themes of love grief and the human condition Lawrence's evocative prose invites audiences to reflect on their own lives and relationships *The Widowing of Mrs Holroyd* is not only a captivating literary work but also a profound exploration of the struggles that define us making it a must read for scholars and enthusiasts of modern drama

on lived and imagined embodiment and argues for consideration of the skin as a site where bodies take form already written upon but open to endless re inscription Individual chapters consider such issues as the significance of piercing tattooing and tanning the assault of self harm upon the skin the relation between body painting and the land among the indigenous people of Australia and the cultural economy of fur in Canada Pierced mutilated and marked mortified and glorified scarred by disease and stretched and enveloping the skin of another in pregnancy skin is seen here as both a boundary and a point of connection the place where one touches and is touched by others both the most private of experiences and the most public marker of a raced sexed and national history The Concise Cambridge History of English Literature George

Sampson,Reginald Charles Churchill,1970-02-02 Based on The Cambridge history of English literature Satire & The State Matt Fotis,2020-03-31 Satire The State focuses on performance based satire most often seen in sketch comedy from 1960 to the present and explores how sketch comedy has shaped the way Americans view the president and themselves Numerous sketch comedy portrayals of presidents that have seeped into the American consciousness Chevy Chase s Gerald Ford Dana Carvey s George H W Bush and Will Ferrell s George W Bush all worked to shape the actual politician s public persona The book analyzes these sketches and many others illustrating how comedy is at the heart of the health and function of American democracy At its best satire aimed at the presidency can work as a populist check on executive power becoming one of the most important weapons for everyday Americans against tyranny and political corruption At its worst satire can reflect and promote racism misogyny and homophobia in America Written for students of Theatre Performance Political Science and Media Studies courses as well as readers with an interest in political comedy Satire The State offers a deeper understanding of the relationship between comedy and the presidency and the ways in which satire becomes a window into the culture principles and beliefs of a country *Cinema and Social Change in Germany and Austria* Gabriele Mueller,James M.

Skidmore,2012-09-01 During the last decade contemporary German and Austrian cinema has grappled with new social and economic realities The cinema of consensus a term coined to describe the popular and commercially oriented filmmaking of the 1990s has given way to a more heterogeneous and critical cinema culture Making the greatest artistic impact since the 1970s contemporary cinema is responding to questions of globalization and the effects of societal and economic change on the individual This book explores this trend by investigating different thematic and aesthetic strategies and alternative methods of film production and distribution Functioning both as a product and as an agent of globalizing processes this new cinema mediates and influences important political and social debates The contributors illuminate these processes through their analyses of cinema s intervention in discourses on such concepts as national cinema the effects of globalization on social mobility and the emergence of a global culture The essays illustrate the variety and inventiveness of contemporary Austrian and German filmmaking and highlight the complicated interdependencies between global developments and local specificities They confirm a broader trend toward a more complex critical and formally diverse cinematic scene This book

offers insights into the strategies employed by German and Austrian filmmakers to position themselves between the commercial pressures of the film industry and the desire to mediate or even attempt to affect social change It will be of interest to scholars in film studies cultural studies and European studies *Lives of the Illustrious* ,1856
