**Successful Nonverbal Communication** Michael Eaves, Dale G. Leathers, 2017-10-05 *Successful Nonverbal Communication Principles and Applications* demonstrates how knowledge of nonverbal messages can affect successful communication in the real world. Now with fifteen chapters, the fifth edition draws students in through applications of the latest nonverbal communication research and through current examples of celebrities, sports, and politicians. This extensive revision describes nonverbal cues and their desirable and undesirable functions while offering original tests for measuring and developing nonverbal communication skills. Updates include new attention to Donald Trump, Hillary Clinton, and Barack Obama and discussion of nonverbal communication within same-sex partnerships. [Successful Nonverbal Communication](#)

Successful nonverbal communication relies on the acquisition of rules of using cues from body movement, eye contact, facial expression, tone of voice, and more. As such, this book adds to our understanding of nonverbal behavior by examining state-of-the-art research efforts in the field. The book addresses the classification and training of nonverbal communication with advanced technologies, gives an overview on factors underlying the learning and evaluating of nonverbal communications in educational settings and in digital worlds, and characterizes the latest advancement that uncovers the psychological nature underlying nonverbal communication in conversations. We hope the book will reach a large audience for a variety of purposes, including students and professors in academic institutions for teaching and research activities, as well as researchers in industries for the development of communication-related products benefiting both healthy individuals and special populations. *Elements of Effective Communication* Randal S.
